3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

Nasdaq is filing this proposal to extend the implementation date of its Post-Trade Risk Management tool to Q2 2023.

Nasdaq proposed to enhance its connectivity, surveillance and risk management services by launching three re-platformed products: (i) WorkX, (ii) Real-Time Stats and (iii) Post-Trade Risk Management. These changes were filed by Nasdaq on April 20, 2021 and published in the Federal Register on May 7, 2021.³

Nasdaq initially proposed that WorkX and Real-Time Stats would launch on April 12, 2021 and Post-Trade Risk Management would launch no later than Q3 2021.⁴ Due to re-prioritization in the Nasdaq product pipeline, on September 14, 2021, Nasdaq proposed to delay the implementation date of Post-Trade Risk Management until Q1 2022.⁵ On March 31, 2022, Nasdaq proposed to delay the implementation date from Q1 2022 to Q2 2022.⁶ On June 30, 2022, Nasdaq proposed an additional delay until Q4

³ See Securities Exchange Act Release No. 91744 (May 3, 2021), 86 FR 24685 (May 7, 2021) (NASDAQ-2021-025) (“Proposal”).

⁴ See Proposal supra n. 3 at 24685.

⁵ See Securities Exchange Act Release No. 93125 (September 24, 2021), 86 FR 54255 (September 30, 2021).

⁶ See Securities Exchange Act Release No. 94704 (April 12, 2022), 87 FR 22958 (April 18, 2022) (SR-NASDAQ-2022-029).

2022.⁷ Due to continued re-prioritization, Nasdaq is further delaying the implementation of Post-Trade Risk Management until Q2 2023.⁸ The Exchange will announce the new implementation date in an Equity Trader Alert at least ten days in advance of implementing the Post-Trade Risk Management product.

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁹ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹⁰ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest.

The purpose of this proposal is to modify the timing of the planned implementation for the Post-Trade Risk Management product and to inform the SEC and market participants of that change. The introduction of the Post-Trade Risk Management product was proposed in a rule filing that was submitted to the SEC, and the Exchange is not proposing with this filing, any changes other than to modify the implementation date for the Post-Trade Risk Management product. Nasdaq is delaying the implementation date in order to complete testing in line with Nasdaq's re-prioritized product pipeline.

⁷ See Securities Exchange Act Release No. 95216 (July 7, 2022), 87 FR 41774 (July 13, 2022) (SR-NASDAQ-2022-038).

⁸ As a result of the delay, the Exchange is designating Equity 7, Section 116-A, the Post-Trade Risk Management Rule, to be operative in Q2 2023.

⁹ 15 U.S.C. 78f(b).

¹⁰ 15 U.S.C. 78f(b)(5).

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. As explained above, the purpose of this proposal is to modify the timing of the planned implementation for the Post-Trade Risk Management product and to inform the SEC and market participants of that change. The existing Nasdaq Risk Management product will continue to be available, and the implementation delay will impact all market participants equally. The Exchange does not expect the date change to place any burden on competition and clearing brokers will continue to have use of Nasdaq Risk Management service to monitor correspondent activity against limit settings and manage credit risk exposure.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(iii)¹¹ of the Act and Rule 19b-4(f)(6) thereunder¹² in that it effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not

¹¹ 15 U.S.C. 78s(b)(3)(A)(iii).

¹² 17 CFR 240.19b-4(f)(6).

become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

Nasdaq does not believe that this proposal significantly affects the protection of investors or the public interest, or imposes any significant burden on competition. As explained above, the purpose of this proposal is to modify the timing of the planned implementation for the Post-Trade Risk Management product and to inform the SEC and market participants of that change. This functionality had previously been proposed in an immediately effective rule filing that was submitted to the SEC, and this proposal does not change the substance of that filing. However, Nasdaq is delaying the implementation date in order to complete testing in line with Nasdaq's re-prioritized product pipeline. Clearing brokers will continue to have use of Nasdaq Risk Management service to monitor correspondent activity against limit settings and manage credit risk exposure.

Furthermore, Rule 19b-4(f)(6)(iii)¹³ requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that subsection at least five business days prior to the date of filing, or such shorter time as designated by the Commission. The Exchange has provided such notice.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the

¹³ 17 CFR 240.19b-4(f)(6)(iii).

Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing. Rule 19b-4(f)(6)(iii), however, permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requests that the Commission waive the 30-day operative delay contained in Rule 19b-4(f)(6)(iii) so that the Exchange can immediately delay the implementation date for Post-Trade Risk Management in order to complete testing in line with Nasdaq's re-prioritized product pipeline. Market participants will have the opportunity to engage in testing prior to implementation. As noted previously, Post-Trade Risk Management was previously proposed in a rule filing that was submitted to the SEC, and this proposal does not change the substance of that filing.

² 17 CFR 240.19b-4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq is filing this proposal to extend the implementation date of its Post-Trade Risk Management tool to Q2 2023.

Nasdaq proposed to enhance its connectivity, surveillance and risk management services by launching three re-platformed products: (i) WorkX, (ii) Real-Time Stats and (iii) Post-Trade Risk Management. These changes were filed by Nasdaq on April 20, 2021 and published in the Federal Register on May 7, 2021.³

Nasdaq initially proposed that WorkX and Real-Time Stats would launch on April 12, 2021 and Post-Trade Risk Management would launch no later than Q3 2021.⁴ Due to re-prioritization in the Nasdaq product pipeline, on September 14, 2021, Nasdaq proposed to delay the implementation date of Post-Trade Risk Management until Q1

³ See Securities Exchange Act Release No. 91744 (May 3, 2021), 86 FR 24685 (May 7, 2021) (NASDAQ-2021-025) (“Proposal”).

⁴ See Proposal supra n. 3 at 24685.

2022.⁵ On March 31, 2022, Nasdaq proposed to delay the implementation date from Q1 2022 to Q2 2022.⁶ On June 30, 2022, Nasdaq proposed an additional delay until Q4 2022.⁷ Due to continued re-prioritization, Nasdaq is further delaying the implementation of Post-Trade Risk Management until Q2 2023.⁸ The Exchange will announce the new implementation date in an Equity Trader Alert at least ten days in advance of implementing the Post-Trade Risk Management product.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁹ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹⁰ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest.

The purpose of this proposal is to modify the timing of the planned implementation for the Post-Trade Risk Management product and to inform the SEC and market participants of that change. The introduction of the Post-Trade Risk Management

⁷ See Securities Exchange Act Release No. 95216 (July 7, 2022), 87 FR 41774 (July 13, 2022) (SR-NASDAQ-2022-038).

product was proposed in a rule filing that was submitted to the SEC, and the Exchange is not proposing with this filing, any changes other than to modify the implementation date for the Post-Trade Risk Management product. Nasdaq is delaying the implementation date in order to complete testing in line with Nasdaq's re-prioritized product pipeline.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. As explained above, the purpose of this proposal is to modify the timing of the planned implementation for the Post-Trade Risk Management product and to inform the SEC and market participants of that change. The existing Nasdaq Risk Management product will continue to be available, and the implementation delay will impact all market participants equally. The Exchange does not expect the date change to place any burden on competition and clearing brokers will continue to have use of Nasdaq Risk Management service to monitor correspondent activity against limit settings and manage credit risk exposure.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant

to Section 19(b)(3)(A)(iii) of the Act¹¹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

The Exchange has satisfied this requirement.
