

currently approved burden of Form N-PX for portfolios holding equity securities is 7.2 hours per response, the current burden estimate for funds holding no equity securities is 0.17 hours (10 minutes) per response, and the current burden estimate for fund of funds is 1 hour per response. Therefore, the number of aggregate burden hours, when calculated using the current number of portfolios, is approximately 47,984 hours.<sup>2</sup> We continue to believe that these estimates for Form N-PX's current burden are appropriate. Based on the Commission's estimate of 47,984 burden hours and an estimated wage rate of approximately \$368 per hour,<sup>3</sup> the total cost to reporting persons of the hour burden for filing Form N-PX is approximately \$17.66 million.<sup>4</sup>

The estimated cost burden of Form N-PX is \$1,000 in external costs per portfolio holding equity securities that is paid to third-party service providers. External costs for portfolios holding no equity securities have previously been estimated to be zero because portfolios holding no equity securities generally have no proxy votes to report and therefore do not require third-party service providers to assist with proxy voting and preparing reports on Form N-PX. The estimated cost burden of Form N-PX for fund of funds is estimated to be \$100 per portfolio because fund of funds generally either have no proxy votes to report; or if proxy votes are reported, they are generally limited in the number of securities and the number of voting matters relative to portfolios holding equity securities. Therefore, the aggregate cost burden, when calculated using the current number of portfolios, is approximately \$6.54 million in external costs.<sup>5</sup> We continue to believe that these estimates for Form N-PX's current cost burden are appropriate.

Estimates of average burden hours and costs are made solely for the

purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even representative survey or study of the costs of Commission rules and forms. Compliance with the collection of information requirements of Form N-PX is mandatory. Responses to the collection of information will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-91575; File No. SR-BX-2021-016]

### Self-Regulatory Organizations; Nasdaq BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Current Pilot Program Related to BX Equity 11, Rule 11890 to the Close of Business on October 20, 2021

April 15, 2021.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on April 14, 2021, Nasdaq BX, Inc. ("BX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit

comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the current pilot program related to BX Equity 11, Rule 11890 (Clearly Erroneous Transactions) to the close of business on October 20, 2021.<sup>3</sup>

The text of the proposed rule change is available on the Exchange's website at <https://listingcenter.nasdaq.com/rulebook/bx/rules>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The purpose of the proposed rule change is to extend the current pilot program related to Equity 11, Rule 11890, Clearly Erroneous Transactions, to the close of business on October 20, 2021. The pilot program is currently due to expire on April 20, 2021.

On September 10, 2010, the Commission approved, on a pilot basis, changes to Equity 11, Rule 11890 that, among other things: (i) Provided for uniform treatment of clearly erroneous execution reviews in multi-stock events involving twenty or more securities; and (ii) reduced the ability of the Exchange to deviate from the objective standards set forth in the rule.<sup>4</sup> In 2013, the Exchange adopted a provision designed to address the

<sup>3</sup> The Exchange recently filed a proposed rule change to relocate the Rule 11000 Series, including Rule 11890, into Equity 11. See SR-BX-2021-012 (not yet published). This filing reflects the rule relocation changes in SR-BX-2021-012.

<sup>4</sup> See Securities Exchange Act Release No. 62886 (September 10, 2010), 75 FR 56613 (September 16, 2010) (SR-BX-2010-040).

Company Institute, Closed-End Fund Assets and Net Issuance (Fourth Quarter 2019); Investment Company Institute, ETF Assets and Net Issuance (February 2020).

<sup>2</sup> (6,392 portfolios that hold equity securities × 7.2 hours per year) + (2,857 portfolios holding no equity securities × 0.17 hours per year) + (1,476 portfolios holding fund securities × 1 hour per year) = 47,984 hours.

<sup>3</sup> The hourly wage figure for a compliance attorney is from the Securities Industry and Financial Markets Association's Management & Professional Salaries in the Securities Industry 2013, modified by Commission staff to account for an 1800-hour work-year and inflation and multiplied by 5.35 to account for bonuses, firm size, employee benefits and overhead.

<sup>4</sup> 47,984 hours × \$368 per hour = \$17,658,112.

<sup>5</sup> (6,392 portfolios holding equity securities × \$1,000 per year) + (2,857 portfolios holding no equity securities × \$0 per year) + (1,476 fund of funds × \$100) = \$6,539,600

operation of the Plan.<sup>5</sup> Finally, in 2014, the Exchange adopted two additional provisions providing that: (i) A series of transactions in a particular security on one or more trading days may be viewed as one event if all such transactions were effected based on the same fundamentally incorrect or grossly misinterpreted issuance information resulting in a severe valuation error for all such transactions; and (ii) in the event of any disruption or malfunction in the operation of the electronic communications and trading facilities of an Exchange, another SRO, or responsible single plan processor in connection with the transmittal or receipt of a trading halt, an Officer, acting on his or her own motion, shall nullify any transaction that occurs after a trading halt has been declared by the primary listing market for a security and before such trading halt has officially ended according to the primary listing market.<sup>6</sup>

These changes were originally scheduled to operate for a pilot period to coincide with the pilot period for the Plan to Address Extraordinary Market Volatility (the “Limit Up-Limit Down Plan” or “LULD Plan”).<sup>7</sup> In April 2019, the Commission approved an amendment to the LULD Plan for it to operate on a permanent, rather than pilot, basis.<sup>8</sup> In light of that change, the Exchange amended Equity 11, Rule 11890 to untie the pilot program’s effectiveness from that of the LULD Plan and to extend the pilot’s effectiveness to the close of business on October 18, 2019.<sup>9</sup> Subsequently, the Exchange amended Rule 11890 to extend the pilot’s effectiveness to the close of business on April 20, 2021.<sup>10</sup>

The Exchange now proposes to amend Equity 11, Rule 11890 to extend the pilot’s effectiveness for a further six months until the close of business on October 20, 2021. If the pilot period is not either extended, replaced or approved as permanent, the prior versions of paragraphs (a)(2)(C), (c)(1), (b)(i), and (b)(ii) shall be in effect, and

the provisions of paragraphs (g) through (i) shall be null and void.<sup>11</sup> In such an event, the remaining sections of Rule 11890 would continue to apply to all transactions executed on the Exchange. The Exchange understands that the other national securities exchanges and Financial Industry Regulatory Authority (“FINRA”) will also file similar proposals to extend their respective clearly erroneous execution pilot programs, the substance of which are identical to Rule 11890.

The Exchange does not propose any additional changes to Equity 11, Rule 11890. Extending the effectiveness of Rule 11890 for an additional six months will provide the Exchange and other self-regulatory organizations additional time to consider whether further amendments to the clearly erroneous execution rules are appropriate.

## 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the requirements of Section 6(b) of the Act,<sup>12</sup> in general, and Section 6(b)(5) of the Act,<sup>13</sup> in particular, in that it is designed to remove impediments to and perfect the mechanism of a free and open market and a national market system, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest and not to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes that the proposed rule change promotes just and equitable principles of trade in that it promotes transparency and uniformity across markets concerning review of transactions as clearly erroneous. The Exchange believes that extending the clearly erroneous execution pilot under Equity 11, Rule 11890 for an additional six months would help assure that the determination of whether a clearly erroneous trade has occurred will be based on clear and objective criteria, and that the resolution of the incident will occur promptly through a transparent process. The proposed rule change would also help assure consistent results in handling erroneous trades across the U.S. equities markets, thus furthering fair and orderly markets, the protection of investors and the public interest. Based on the foregoing, the Exchange believes the amended clearly erroneous executions rule should continue to be in effect on a pilot

basis while the Exchange and other self-regulatory organizations consider whether further amendments to these rules are appropriate.

## B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposal would ensure the continued, uninterrupted operation of harmonized clearly erroneous execution rules across the U.S. equities markets while the Exchange and other self-regulatory organizations consider whether further amendments to these rules are appropriate. The Exchange understands that the other national securities exchanges and FINRA will also file similar proposals to extend their respective clearly erroneous execution pilot programs. Thus, the proposed rule change will help to ensure consistency across market centers without implicating any competitive issues.

## C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>14</sup> and Rule 19b-4(f)(6) thereunder.<sup>15</sup>

A proposed rule change filed under Rule 19b-4(f)(6)<sup>16</sup> normally does not become operative prior to 30 days after the date of the filing. However, Rule 19b-4(f)(6)(iii)<sup>17</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public

<sup>14</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>15</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as it will allow the current clearly erroneous execution pilot program to continue uninterrupted, without any changes, while the Exchange and the other national securities exchanges consider a permanent proposal for clearly erroneous execution reviews. For this reason, the Commission hereby waives the 30-day operative delay and designates the proposed rule change as operative upon filing.<sup>18</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

#### IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
