1. <u>Text of the Proposed Rule Change</u>

(a) Nasdaq BX, Inc. ("BX" or "Exchange"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² is filing with the Securities and Exchange Commission ("SEC" or "Commission") a proposal to amend the Exchange's schedule of fees at Equity 7, Section 118, as described further below.

A notice of the proposed rule change for publication in the <u>Federal Register</u> is attached as <u>Exhibit 1</u>. The text of the proposed rule change is attached as <u>Exhibit 5</u>.

- (b) Not applicable.
- (c) Not applicable.

2. <u>Procedures of the Self-Regulatory Organization</u>

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors (the "Board"). Exchange staff will advise the Board of any action taken pursuant to delegated authority. No other action is necessary for the filing of the rule change.

Questions and comments on the proposed rule change may be directed to:

Brett Kitt AVP, Principal Associate General Counsel Nasdaq, Inc. 301-232-8132

3. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis</u> for, the Proposed Rule Change

a. <u>Purpose</u>

On December 13, 2023, BX experienced a technical issue with its RASH order handling system. The issue involved a duplication of an internal order identification

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

Page 4 of 14

numbers, which impacted a subset of orders for some members, including unacknowledged orders, an inability to cancel open orders, intermittent port disconnects, missing execution reports, and mismatched execution reports.

Because BX's fee and rebate schedule in Equity 7, Section 118 provide that members may achieve better pricing if they achieve certain specified volumes of activity during a given month (as measured by Consolidated Volume (defined below) and Average Daily Volume ("ADV")), the RASH issue may have impacted the ability of affected members to reach the required volumes. By way of illustration, a member with shares of liquidity provided in all securities through one of its market participant identifiers ("MPIDs") that represent more than 0.50% of the total consolidated volume reported to all consolidated transaction reporting plans by all exchanges and trade reporting facilities in equity securities of at least one round lot ("Consolidated Volume") during a month is charged a fee of \$0.0020 per share executed with respect to liquidity that it provides during the month through displayed orders. By contrast, members providing lower volumes of liquidity pay a higher fee of \$0.0030 per share executed. If a member had provided liquidity that represented slightly in excess of 0.50% of Consolidated Volume on each day of December 2023 other than December 13, but was prevented from reaching comparable levels on that date due to the RASH issue, it is possible that the rebate it would ultimately earn for the entire month would be lower than would otherwise have been the case. Similarly, a member may be entitled to receive an enhanced rebate under BX's Qualified Market Maker Program or its Retail Price Improvement Program, based on its achievement of certain Consolidated Volume or

ADV criteria specified in the rule. The ability of a member to achieve these criteria may have also been affected by the RASH issue.

Accordingly, in order to ensure that fees and rebates are not adversely impacted by the RASH issue, BX proposes to exclude December 13, 2023 from calculations of Consolidated Volume and ADV made under Equity 7, Section 118 if doing so would allow a member to achieve more favorable pricing than would be the case if the day were included. Thus, members that are unaffected by the RASH issue would not have the day arbitrarily excluded from their calculations. BX will perform all calculations needed to implement the change.

b. <u>Statutory Basis</u>

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,³ in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,⁴ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

BX believes that the proposed change is reasonable because it will allow members to receive December 2023 pricing that is based on either the exclusion, or the inclusion, of December 13, whichever is more favorable to the member. The proposed change is equitable and not unfairly discriminatory, because it will ensure that the fees and rebates applicable to members that were subject to the RASH issue are not adversely affected by the issue.

³ 15 U.S.C. 78f(b).

⁴ 15 U.S.C. 78f(b)(4) and (5).

4. <u>Self-Regulatory Organization's Statement on Burden on Competition</u>

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The change will help to ensure that members that were affected by the RASH issue are not required to pay higher fees, or receive lower rebates, during December 2023 than would otherwise be the case. Accordingly, BX believes that the proposed changes will protect members from incurring unanticipated charges.

5. <u>Self-Regulatory Organization's Statement on Comments on the Proposed Rule</u> <u>Change Received from Members, Participants, or Others</u>

No written comments were either solicited or received.

- <u>Extension of Time Period for Commission Action</u> Not applicable.
- 7. <u>Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated</u> Effectiveness Pursuant to Section 19(b)(2)

Pursuant to Section 19(b)(3)(A)(ii) of the Act,⁵ the Exchange has designated this proposal as establishing or changing a due, fee, or other charge imposed by the selfregulatory organization on any person, whether or not the person is a member of the selfregulatory organization, which renders the proposed rule change effective upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If

⁵ 15 U.S.C. 78s(b)(3)(A)(ii).

the Commission takes such action, the Commission shall institute proceedings to

determine whether the proposed rule should be approved or disapproved.

Inc. ("BX" or "Exchange") filed with the Securities and Exchange Commission ("SEC"

or "Commission") the proposed rule change as described in Items I, II, and III, below,

notice to solicit comments on the proposed rule change from interested persons.

II. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis</u> for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning

the purpose of and basis for the proposed rule change and discussed any comments it

² 17 CFR 240.19b-4.

received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory</u> <u>Basis for, the Proposed Rule Change</u>

1. <u>Purpose</u>

On December 13, 2023, BX experienced a technical issue with its RASH order handling system. The issue involved a duplication of an internal order identification numbers, which impacted a subset of orders for some members, including unacknowledged orders, an inability to cancel open orders, intermittent port disconnects, missing execution reports, and mismatched execution reports.

Because BX's fee and rebate schedule in Equity 7, Section 118 provide that members may achieve better pricing if they achieve certain specified volumes of activity during a given month (as measured by Consolidated Volume (defined below) and Average Daily Volume ("ADV")), the RASH issue may have impacted the ability of affected members to reach the required volumes. By way of illustration, a member with shares of liquidity provided in all securities through one of its market participant identifiers ("MPIDs") that represent more than 0.50% of the total consolidated volume reported to all consolidated transaction reporting plans by all exchanges and trade reporting facilities in equity securities of at least one round lot ("Consolidated Volume") during a month is charged a fee of \$0.0020 per share executed with respect to liquidity that it provides during the month through displayed orders. By contrast, members providing lower volumes of liquidity pay a higher fee of \$0.0030 per share executed. If a member had provided liquidity that represented slightly in excess of 0.50% of Consolidated Volume on each day of December 2023 other than December 13, but was prevented from reaching comparable levels on that date due to the RASH issue, it is possible that the rebate it would ultimately earn for the entire month would be lower than would otherwise have been the case. Similarly, a member may be entitled to receive an enhanced rebate under BX's Qualified Market Maker Program or its Retail Price Improvement Program, based on its achievement of certain Consolidated Volume or ADV criteria specified in the rule. The ability of a member to achieve these criteria may have also been affected by the RASH issue.

Accordingly, in order to ensure that fees and rebates are not adversely impacted by the RASH issue, BX proposes to exclude December 13, 2023 from calculations of Consolidated Volume and ADV made under Equity 7, Section 118 if doing so would allow a member to achieve more favorable pricing than would be the case if the day were included. Thus, members that are unaffected by the RASH issue would not have the day arbitrarily excluded from their calculations. BX will perform all calculations needed to implement the change.

2. <u>Statutory Basis</u>

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,³ in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,⁴ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

³ 15 U.S.C. 78f(b).

⁴ 15 U.S.C. 78f(b)(4) and (5).

BX believes that the proposed change is reasonable because it will allow members to receive December 2023 pricing that is based on either the exclusion, or the inclusion, of December 13, whichever is more favorable to the member. The proposed change is equitable and not unfairly discriminatory, because it will ensure that the fees and rebates applicable to members that were subject to the RASH issue are not adversely affected by the issue.

B. <u>Self-Regulatory Organization's Statement on Burden on Competition</u>

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The change will help to ensure that members that were affected by the RASH issue are not required to pay higher fees, or receive lower rebates, during December 2023 than would otherwise be the case. Accordingly, BX believes that the proposed changes will protect members from incurring unanticipated charges.

C. <u>Self-Regulatory Organization's Statement on Comments on the Proposed</u> <u>Rule Change Received from Members, Participants, or Others</u>

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section

19(b)(3)(A)(ii) of the Act.⁵

At any time within 60 days of the filing of the proposed rule change, the

Commission summarily may temporarily suspend such rule change if it appears to the

Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for

the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If

⁵ 15 U.S.C. 78s(b)(3)(A)(ii).

the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
