The Exchange requests that the Commission waive the 30-day operative delay period contained in Exchange Act Rule 19b-4(f)(6)(iii).<sup>3</sup>

A notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1.

The text of the proposed rule change is attached as Exhibit 5.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The Exchange proposes to amend Options 3, Section 7, "Types of Orders," to add other existing order types to the list of order types. The Exchange proposes to add to Options 3, Section 7, at proposed (u)-(x), references to various existing order types that may be entered into various auction mechanisms on GEMX. Specifically, the Exchange proposes to add a reference to orders entered into the Block Order Mechanism, Facilitation Mechanism, Solicited Order Mechanism, and Price Improvement Mechanism. These order types exist today within the GEMX Rules, however, unlike other order types, they are not mentioned within Options 3, Sections 7, which list the order types available for trading on GEMX. The Exchange proposes to add the following rule text into Options 3, Section 7:

(u) Block Order. A Block Order is an order entered into the Block Order Mechanism as described in Options 3, Section 11(a).

(v) Facilitation Order. A Facilitation Order is an order entered into the Facilitation Mechanism as described in Options 3, Section 11(b).

(w) SOM Order. A SOM Order is an order entered into the Solicited Order Mechanism as described in Options 3, Section 11(d).

(x) A PIM Order. A PIM Order is an order entered into the Price Improvement Mechanism as described in Options 3, Section 13(a).

The Exchange believes the addition of this rule text will make clear that these order types are available on GEMX. Today, ISE and MRX similarly list these order types within ISE and MRX Options 3, Section 7, respectively.

b. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,<sup>4</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act,<sup>5</sup> in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. Adding references to all existing order types that may be entered into auctions into Options 3, Sections 7 is consistent with the Act. The Exchange believes the addition of the Block Order type, Facilitation Order type, SOM Order type and PIM Order types into Options 3, Section 7 will make clear to market participants the various types of order types that may be transacted on GEMX. The descriptions of these order types merely point at the existing mechanisms.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposal to add the Block Order type, Facilitation Order type, SOM Order type and PIM Order types into Options 3, Section 7 does not impose an undue burden on competition. The addition of these order types would complete the list of order types, which are available to all market participants, and are merely being referenced within the order type rule for greater transparency.

<sup>5</sup> 15 U.S.C. 78f(b)(5).

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

6. Extension of Time Period for Commission Action

The Exchange does not consent to an extension of the time period for Commission action.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act and Rule 19b-4(f)(6) thereunder in that it effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

The proposed rule change does not significantly affect the protection of investors because referencing all order types makes clear which order types are available to all market participants. The proposal does not impose any significant burden on competition because these order types are available to all market participants.

Furthermore, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that subsection at least five business days prior to the date of filing, or such shorter time as designated by the Commission. The Exchange has provided such notice.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the

Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing. Rule 19b-4(f)(6)(iii), however, permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requests that the Commission waive the 30-day operative delay contained in Rule 19b-4(f)(6)(iii) so that the Exchange may immediately include the auction mechanism order types within the list of order types available on GEMX. Including these order types provides investors and the general public with a complete list of the order types that are available on GEMX.

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

ISE and MRX have similar auction mechanism order types listed within Options 3, Section 7.

9. Security-Based Swap Submissions Filed Pursuant to Section 3C of the Act

Not applicable.

10. Advance Notices Filed Pursuant to Section 806(e) of the Payment, Clearing and Settlement Supervision Act

Not applicable.

received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Options 3, Section 7, "Types of Orders," to add other existing order types to the list of order types. The Exchange proposes to add to Options 3, Section 7, at proposed (u)-(x), references to various existing order types that may be entered into various auction mechanisms on GEMX. Specifically, the Exchange proposes to add a reference to orders entered into the Block Order Mechanism, Facilitation Mechanism, Solicited Order Mechanism, and Price Improvement Mechanism. These order types exist today within the GEMX Rules, however, unlike other order types, they are not mentioned within Options 3, Sections 7, which list the order types available for trading on GEMX. The Exchange proposes to add the following rule text into Options 3, Section 7:

(u) Block Order. A Block Order is an order entered into the Block Order Mechanism as described in Options 3, Section 11(a).

(v) Facilitation Order. A Facilitation Order is an order entered into the Facilitation Mechanism as described in Options 3, Section 11(b).

(w) SOM Order. A SOM Order is an order entered into the Solicited Order Mechanism as described in Options 3, Section 11(d).

(x) A PIM Order. A PIM Order is an order entered into the Price Improvement Mechanism as described in Options 3, Section 13(a).

The Exchange believes the addition of this rule text will make clear that these order types are available on GEMX. Today, ISE and MRX similarly list these order types within ISE and MRX Options 3, Section 7, respectively.

## 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,<sup>3</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act,<sup>4</sup> in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. Adding references to all existing order types that may be entered into auctions into Options 3, Sections 7 is consistent with the Act. The Exchange believes the addition of the Block Order type, Facilitation Order type, SOM Order type and PIM Order types into Options 3, Section 7 will make clear to market participants the various types of order types that may be transacted on GEMX. The descriptions of these order types merely point at the existing mechanisms.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposal to add the Block Order type, Facilitation Order type, SOM Order type and PIM Order types into Options 3, Section 7 does not impose an undue burden on competition. The addition of these order types would complete the list of order types, which are available to all market participants, and are merely being referenced within the order type rule for greater transparency.

<sup>4</sup> 15 U.S.C. 78f(b)(5).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>5</sup> and subparagraph (f)(6) of Rule 19b-4 thereunder.<sup>6</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments
