SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68502; File No. SR-NASDAQ-2012-139]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Port Fees and a Participant Fee

December 20, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4² thereunder, notice is hereby given that on December 12, 2012, The NASDAQ Stock Market LLC ("NASDAQ" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the NASDAQ. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

NASDAQ proposes to modify Chapter XV, entitled "Options Pricing," governing pricing for NASDAQ members using the NASDAQ Options Market ("NOM"), NASDAQ's facility for executing and routing standardized equity and index options. Specifically, NOM proposes to amend Section 3 entitled "NASDAQ Options Market—Access Services" to increase all port fees. The Exchange also proposes to adopt a Participant Fee.

While the changes proposed herein are effective upon filing, the Exchange has designated that the amendments related to fee increases will be operative on January 2, 2013.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries,

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NASDAQ proposes to modify Chapter XV, entitled "Options Pricing," at Section 3 entitled "NASDAQ Options Market—Access Services" to increase all port fees. The Exchange believes that these increases are necessary to keep pace with escalating technology costs. The Exchange also proposes adopting a Participant Fee to recoup costs associated with the administration of the Exchange's members.

Port Fees

The Exchange currently assesses certain port fees in Section 3(b) of Chapter XV. Specifically, the Exchange assesses a \$500 per port, per month fee on Order Entry Ports,³ CTI Ports,⁴ OTTO Ports,⁵ ITTO Ports,⁶ BONO Ports,⁷ Order

³ The Order Entry Port Fee is a connectivity fee in connection with routing orders to the Exchange via an external order entry port. NOM Participants access the Exchange's network through order entry ports. A NOM Participant may have more than one order entry port.

⁴ CTI offers real-time clearing trade updates. A real-time clearing trade update is a message that is sent to a member after an execution has occurred and contains trade details. The message containing the trade details is also simultaneously sent to The Options Clearing Corporation. The trade messages are routed to a member's connection containing certain information. The administrative and market event messages include, but are not limited to: System event messages to communicate operational-related events; options directory messages to relay basic option symbol and contract information for options traded on the Exchange; complex strategy messages to relay information for those strategies traded on the Exchange; trading action messages to inform market participants when a specific option or strategy is halted or released for trading on the Exchange; and an indicator which distinguishes electronic and non-electronically delivered orders.

⁵ OTTO provides a method for subscribers to send orders and receive status updates on those orders. OTTO accepts limit orders from system subscribers, and if there is a matching order, the orders will execute. Non-matching orders are added to the limit order book, a database of available limit orders, where they are matched in price-time priority.

⁶ ITTO is a data feed that provides quotation information for individual orders on the NOM book, last sale information for trades executed on NOM, and Order Imbalance Information as set forth in NOM Rules Chapter VI, Section 8. ITTO is the options equivalent of the NASDAQ TotalView/ITCH data feed that NASDAQ offers under NASDAQ Rule 7023 with respect to equities traded on NASDAQ. As with TotalView, members use ITTO to "build" their view of the NOM book by adding individual orders that appear on the feed, and subtracting individual orders that are executed. See Chapter VI, Section 1 at subsection (a)(3)(A).

⁷ BONOSM is a data feed that provides the NOM Best Bid and Offer ("NOM NBBO") and last sale

Entry DROP Ports⁸ and OTTO Drop Ports.⁹ The Exchange assesses a \$250 per port, per month fee for SQF Ports.¹⁰ The Exchange is proposing to increase the Order Entry Port, CTI Port, OTTO Port, ITTO Port, BONO Port, Order Entry DROP Port and OTTO Drop Port fees from \$500 to \$550 per port, per month. The Exchange also proposes to increase the SQF Port Fee from \$250 to \$550 per port, per month. The Exchange believes that these increases are necessary to keep pace with escalating technology costs.

Participant Fee

The Exchange is proposing to adopt a Participant Fee of \$500 per month, per participant applicable to NOM Participants. The Exchange is proposing to create a new Sec. 10 in Chapter XV entitled "Participant Fee—Options." The Exchange believes that the Participant Fee would recoup costs associated with the administration of the Exchange's members.

2. Statutory Basis

NASDAQ believes that the proposed rule changes are consistent with the provisions of Section 6 of the Act,¹¹ in general, and with Section 6(b)(4) of the Act,¹² in particular, in that they provide for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls.

The Exchange believes that the adoption of a Participant Fee for NOM Participants of \$500 per month is reasonable because the Exchange is seeking to recoup costs related to

information for trades executed on NOM. The NOM NBBO and last sale information are identical to the information that NOM sends the Options Price Regulatory Authority ("OPRA") and which OPRA disseminates via the consolidated data feed for options. BONO is the options equivalent of the NASDAQ Basic data feed offered for equities under NASDAQ Rule 7047. See Chapter VI, Section 1 at subsection (a)(3)(B).

⁸ The DROP interface provides real time information regarding orders sent to NOM and executions that occurred on NOM. The DROP interface is not a trading interface and does not accept order messages.

⁹ The OTTO DROP data feed will provide real-time information regarding orders entered through OTTO and the execution of those orders. The OTTO DROP data feed is not a trading interface and does not accept order messages.

¹⁰ SQF ports are ports that receive inbound quotes at any time within that month. The SQF Port allows a NOM Participant to access information such as execution reports and other relevant data through a single feed. For example, this data would show which symbols are trading on NOM and the current state of an options symbol (*i.e.*, open for trading, trading, halted or closed). Auction notifications and execution reports are also available.

membership administration. The proposed fee is less than similar fees at other options exchanges.¹³ In addition, the Exchange believes that the adoption of a Participant Fee is equitable and not unfairly discriminatory because the Participant Fee will be the same for every NOM Participant.

The Exchange believes that the increase to the Port Fees is reasonable because it would allow the Exchange to keep pace with increasing technology costs. The Exchange believes that the increase to the Order Entry Port, CTI Port, OTTO Port, ITTO Port, BONO Port, Order Entry DROP Port and OTTO Drop Port fees from \$500 to \$550 per port, per month is equitable and not unfairly discriminatory because the Exchange is seeking to assess the same fees for all of its ports, including the SQF Port Fee. The SQF Port Fee will increase from \$250 to \$550, which is the greatest increase. The Exchange believes that this increase is equitable and not unfairly discriminatory, as mentioned, because the Exchange would assess the same rate for all ports to all NOM Participants.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASDAQ does not believe that the proposed rule changes will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. The Exchange believes that its fees are competitive with fees at other options exchanges.

¹³ See the Chicago Board Options Exchange, Incorporated's Fees Schedule. Per month a Market Maker Trading Permit is \$5,500, a SPX Tier Appointment is \$3,000, a VIX Tier Appointment is \$2,000, a Floor Broker Trading Permit is \$9,000, an Electronic Access Permit is \$1,600 and there is no access fee for a CBSX Trading Permit. See also the International Securities Exchange LLC's Schedule of Fees. Per month an Electronic Access Member is assessed \$500.00 for membership and a market maker is assessed from \$2,000 to \$4,000 per membership depending on the type of market maker. See also C2 Options Exchange, Incorporated's Fees Schedule. Per month, a market-maker is assessed a \$5,000 permit fee, an Electronic Access Permit is assessed a \$1,000 permit fee and a SPXM Tier appointment is assessed a \$4,000 fee after March 31, 2013. See also NYSE Arca, Inc.'s Fee Schedule. Per month, a Floor Broker, Office and Clearing Firm is assessed a \$1,000 per month fee for the first Options Trading Permit ("OTP") and \$250 thereafter, and a market maker is assessed a \$4,000 per month fee for one to four OTPs and \$2,000 thereafter. As of January 2, 2012, NASDAQ OMX PHLX LLC ("Phlx") will assess members transacting business on Phlx a \$2,100 fee per month and members not transacting business on Phlx a \$7,500 fee per month. See Phlx's Pricing Schedule and SR-Phlx-2012-140 (not yet published).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.¹⁴ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
