1. Text of Proposed Rule Change

(a) Pursuant to the provisions of Section 19(b)(1) under the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² The NASDAQ Stock Market LLC (“NASDAQ” or “Exchange”) is filing with the Securities and Exchange Commission (“Commission”) a proposed rule change to reduce the fees assessed under NASDAQ Rule 7034 for certain co-location services.

A notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1 and a copy of the applicable portion Rule 7034 is attached hereto as Exhibit 5.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of NASDAQ pursuant to authority delegated by the Board of Directors of the Exchange on July 10, 2012. NASDAQ staff will advise the Board of Directors of the Exchange of any action taken pursuant to delegated authority. No other action by NASDAQ is necessary for the filing of the rule change.

The proposed fee reductions are effective upon filing, and they shall become operative on July 1, 2013. Questions regarding this rule filing may be directed to Jeffrey S. Davis, Vice President and Deputy General Counsel, The NASDAQ OMX Group, Inc. at (301) 978-8484.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The Exchange proposes to repeat a temporary fee reduction program to attract new customers to its co-location facility in Carteret, New Jersey.³ Specifically, the Exchange proposes to amend Rule 7034 to reduce the monthly recurring cabinet ("MRC") fees assessed for the installation of certain new co-location cabinets. The reduced MRC fees will apply to new cabinets ordered by users using the Co-Lo Console⁴ on or after July 1, 2013 through August 31, 2013. The reduced fee shall apply to any cabinet that increases the number of dedicated cabinets beyond the total number dedicated to that user as of May 31, 2013 ("Baseline Number"), for so long as the total number of dedicated cabinets exceeds that user's Baseline Number. The reduced MRC fees will apply for a period of 24 months from the date the new cabinet becomes fully operational under NASDAQ rules, provided that the user's total number of cabinets continues to exceed the Baseline Number.

The Exchange proposes to reduce the applicable fees as follows:

Cabinet Type	Current Ongoing Monthly Fee	Reduced Ongoing Monthly Fee
Low Density	\$4,000	\$2,000
Medium Density	\$5,000	\$2,500

³ See Exchange Act Release No. 68624 (Jan. 1, 2013), 78 FR 3945 (Jan. 17, 2013) (notice of publication of SR-NASDAQ-2013-002, a two-month reduction in co-location cabinet fees).

⁴ The "Co-Lo Console" is NASDAQ's web-based ordering tool, and it is the exclusive means for ordering co-location services.

Medium-High Density	\$6,000	\$3,500
High Density	\$7,000	\$4,500
Super High Density	\$13,000	\$8,000

New cabinets shall be assessed standard installation fees.

NASDAQ proposes to reduce co-location cabinet fees by different amounts to maintain a sliding scale of lower fees for higher density cabinets on a per kilowatt basis.

The chart below reflects this scale:

<u>Cabinet Type</u>	<u>Max KW</u>	<u>New Fee</u>	<u>Discount</u>	<u>Fee per KW</u>
Super High Density	17	\$8,000	38.46%	\$470.59
High Density	10	\$4,500	35.71%	\$450.00
Medium High	7	\$3,500	41.67%	\$500.00
Medium Density	5	\$2,500	50.00%	\$500.00
Low Density	2.88	\$2,000	50.00%	\$694.44

b. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁵ in general, and with Section 6(b)(4) of the Act,⁶ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which the Exchange operates or controls. The proposed reduced fee will be assessed equally on all customers that place an order for a new cabinet after the designated period. The proposed amendments will provide an incentive for customers to avail themselves of the designated co-location services.

⁵ 15 U.S.C. 78f.

⁶ 15 U.S.C. 78f(b)(4).

NASDAQ's proposal to reduce fees by differing amounts is fair and equitable because it reflects the economic efficiency of higher density co-location cabinets. First, the underlying costs for co-location cabinets consists of certain fixed costs for the data center facility (space, amortization, etc.) and certain variable costs (electrical power utilized and cooling required). The variable costs are in total higher for the higher power density cabinets, as reflected in their higher current prices. Second, the higher density cabinets were introduced later than the lower density cabinets (the High Density cabinet was introduced in 2009 and the Super High Density cabinet was introduced in 2011). Due to the competitive pressures that existed in 2011, Super High Density cabinets were introduced at lower fees per kilowatt. As a result of these already-reduced rates on higher density cabinets, NASDAQ has greater flexibility to discount fees for lower density cabinets, on a per kilowatt basis.

NASDAQ operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, NASDAQ must continually adjust its fees to remain competitive with other exchanges and with alternative trading systems that have been exempted from compliance with the statutory standards applicable to exchanges.

NASDAQ believes that the proposed rule change reflects this competitive environment because it is designed to ensure that the charges for use of the NASDAQ co-location facility remain competitive.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. To the contrary, the Exchange's voluntary fee reduction is a

response to increased competition for co-location services by other exchanges and trading venues. As more venues offer co-location services, competition drives costs lower. The Exchange, in order to retain existing orders and to attract new orders, is forced to offer a lower effective rate for aggregate cabinet demand. This competition benefits users, members and investors by lowering the average aggregate cost of trading on the Exchange.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

Pursuant to Section 19(b)(3)(A)(ii) of the Act⁷, the Exchange has designated this proposal as establishing or changing a due, fee, or other charge imposed by the self-regulatory organization on any person, whether or not the person is a member of the self-regulatory organization, which renders the proposed rule change effective upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION
(Release No. _____ ; File No. SR-NASDAQ-2013-088)

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Reduce the Fees Assessed Under NASDAQ Rule 7034 for Certain Co-location Services

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹, and Rule 19b-4² thereunder, notice is hereby given that on June 21, 2013, The NASDAQ Stock Market LLC ("NASDAQ" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by NASDAQ. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

NASDAQ is proposing changes to reduce the fees assessed under NASDAQ Rule 7034 for certain co-location services.

The text of the proposed rule change is available on the Exchange's Website at <http://nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change. The text of these statements may

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to repeat a temporary fee reduction program to attract new customers to its co-location facility in Carteret, New Jersey.³ Specifically, the Exchange proposes to amend Rule 7034 to reduce the monthly recurring cabinet (“MRC”) fees assessed for the installation of certain new co-location cabinets. The reduced MRC fees will apply to new cabinets ordered by users using the Co-Lo Console⁴ on or after July 1, 2013 through August 31, 2013. The reduced fee shall apply to any cabinet that increases the number of dedicated cabinets beyond the total number dedicated to that user as of May 31, 2013 (“Baseline Number”), for so long as the total number of dedicated cabinets exceeds that user’s Baseline Number. The reduced MRC fees will apply for a period of 24 months from the date the new cabinet becomes fully operational under NASDAQ rules, provided that the user’s total number of cabinets continues to exceed the Baseline Number.

The Exchange proposes to reduce the applicable fees as follows:

Cabinet Type	Current Ongoing Monthly Fee	Reduced Ongoing Monthly Fee
---------------------	------------------------------------	------------------------------------

³ See Exchange Act Release No. 68624 (Jan. 1, 2013), 78 FR 3945 (Jan. 17, 2013) (notice of publication of SR-NASDAQ-2013-002, a two-month reduction in co-location cabinet fees).

⁴ The “Co-Lo Console” is NASDAQ’s web-based ordering tool, and it is the exclusive means for ordering co-location services.

Low Density	\$4,000	\$2,000
Medium Density	\$5,000	\$2,500
Medium-High Density	\$6,000	\$3,500
High Density	\$7,000	\$4,500
Super High Density	\$13,000	\$8,000

New cabinets shall be assessed standard installation fees.

NASDAQ proposes to reduce co-location cabinet fees by different amounts to maintain a sliding scale of lower fees for higher density cabinets on a per kilowatt basis.

The chart below reflects this scale:

<u>Cabinet Type</u>	<u>Max KW</u>	<u>New Fee</u>	<u>Discount</u>	<u>Fee per KW</u>
Super High Density	17	\$8,000	38.46%	\$470.59
High Density	10	\$4,500	35.71%	\$450.00
Medium High	7	\$3,500	41.67%	\$500.00
Medium Density	5	\$2,500	50.00%	\$500.00
Low Density	2.88	\$2,000	50.00%	\$694.44

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁵ in general, and with Section 6(b)(4) of the Act,⁶ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which the Exchange operates or controls. The proposed reduced fee will be assessed equally on all customers that place an order for a new cabinet after the designated period.

⁵ 15 U.S.C. 78f.

⁶ 15 U.S.C. 78f(b)(4).

The proposed amendments will provide an incentive for customers to avail themselves of the designated co-location services.

NASDAQ's proposal to reduce fees by differing amounts is fair and equitable because it reflects the economic efficiency of higher density co-location cabinets. First, the underlying costs for co-location cabinets consists of certain fixed costs for the data center facility (space, amortization, etc.) and certain variable costs (electrical power utilized and cooling required). The variable costs are in total higher for the higher power density cabinets, as reflected in their higher current prices. Second, the higher density cabinets were introduced later than the lower density cabinets (the High Density cabinet was introduced in 2009 and the Super High Density cabinet was introduced in 2011). Due to the competitive pressures that existed in 2011, Super High Density cabinets were introduced at lower fees per kilowatt. As a result of these already-reduced rates on higher density cabinets, NASDAQ has greater flexibility to discount fees for lower density cabinets, on a per kilowatt basis.

NASDAQ operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, NASDAQ must continually adjust its fees to remain competitive with other exchanges and with alternative trading systems that have been exempted from compliance with the statutory standards applicable to exchanges. NASDAQ believes that the proposed rule change reflects this competitive environment because it is designed to ensure that the charges for use of the NASDAQ co-location facility remain competitive.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. To the contrary, the Exchange's voluntary fee reduction is a response to increased competition for co-location services by other exchanges and trading venues. As more venues offer co-location services, competition drives costs lower. The Exchange, in order to retain existing orders and to attract new orders, is forced to offer a lower effective rate for aggregate cabinet demand. This competition benefits users, members and investors by lowering the average aggregate cost of trading on the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and paragraph (f) of Rule 19b-4 thereunder.⁸ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

⁷ 15 U.S.C. 78s(b)(3)(A).

⁸ 17 CFR 240.19b-4(f).

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
