SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-84633; File No. SR-NASDAQ-2018-091]

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend The Nasdaq Options Market LLC (“NOM”) Fees

November 20, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 9, 2018, The Nasdaq Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend The Nasdaq Options Market LLC (“NOM”) fees within Chapter XV, Section 3, titled “Nasdaq Options Market—Ports and Other Services.”

The text of the proposed rule change is available on the Exchange’s website at <http://nasdaq.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of

the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to define “account number” and utilize that term within Chapter XV, Sections 3 and 9. Each change will be described in more detail below.

New Defined Term “Account”

The Exchange proposes to adopt a new definition within Chapter XV, Section 3 and apply this definition within Chapter XV, Sections 3 and 9. The purpose of this defined new term “account number” is to conform the Exchange’s use of certain terms within NOM Rules. This term would be utilized in Chapter XV to describe the manner in which pricing is calculated. Recently, the Nasdaq affiliated exchanges filed rule changes to conform the usage of various terms across its 6 affiliated options markets within the various rulebooks.³ The Exchange believes that utilizing the same defined terms, where possible, across its 6 affiliated options markets will avoid confusion for certain rules and pricing purposes. The term “account number” can be defined identically across Nasdaq’s 6 affiliated options markets for purposes of pricing ports. The Exchange is not amending the manner in which pricing will be applied with respect to this particular change. The Exchange proposes to utilize the defined term “account number” in place of the term “mnemonic,” which was not defined in the pricing rules. The insertion of the new defined term is intended to add more specificity and clarity to the current pricing.

³ NOM has filed to define the terms “account number,” “badge” and “mnemonic” at Chapter I, Section 1(a)(69), (70) and (71) respectively. See SR-NASDAQ-2018-085 (not yet published) [published on November 16, 2018]. Nasdaq Phlx LLC has filed to define the terms “account number,” “badge” and “mnemonic” at Rule 1000(b)(51), (52) and (53) respectively. See SR-Phlx-2018-69 (not yet published). Nasdaq BX, Inc. has filed to define the terms “account number,” “badge” and “mnemonic” at Chapter I, Section 1(a)(70), (71) and (72) respectively. See Securities Exchange Act Release No. 84520 (November 1, 2018) (SR-BX-2018-050) (not yet published) [published on November 7, 2018]. See also ISE Rule 100(a)(1), (5) and (34) which defines the terms “account number,” “badge” and “mnemonic,” respectively. See also GEMX Rule 100(a)(1), (5) and (35) which defines the terms “account number,” “badge” and “mnemonic,” respectively. See also MRX Rule 100(a)(1), (5) and (36) which defines the terms “account number,” “badge” and “mnemonic,” respectively.

At this time, the Exchange proposes to define an “account number” within Chapter XV, Section 3 to mean a number assigned to a Participant. Participants may have more than one account number. The term “mnemonic” has been used frequently throughout Chapter XV without being defined. The Exchange proposes to remove the term “mnemonic” from Chapter XV, Section 3 and replace the term with the defined term “account number” for FIX and the OTTO protocols. The Exchange notes that the terms mnemonic and account number were being used interchangeably. The Exchange recently defined both terms in its rules.⁴ The term account number is appropriate to describe these fees. The Exchange is not amending the manner in which it assesses those port fees, rather the Exchange simply proposes to utilize the new term to better describe its current pricing.

Also, the Exchange proposes to remove the term “mnemonic” from the CTI Port Fee, FIX DROP Port Fee, OTTO DROP Fee, ITTO Port Fee and Bono Port Fee. Today, these ports are assessed only one fee per port, per month and therefore adding the term “per account number” would be redundant and unnecessary. These ports are associated with one account number. The Exchange is not proposing to amend the manner in which these ports are assessed, rather the Exchange proposes to eliminate the “per mnemonic” description. The Exchange believes that the billing is clearly defined as “per port, per month.”

Account number is also being defined in Section 9, “Account Fee—Options.” The Exchange is not amending the manner in which this fee is billed, rather the Exchange is defining the term account number within Section 9. The defined term account number will be utilized consistently throughout the NOM pricing, where applicable.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,⁶ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges

⁴ A “mnemonic” is defined as an acronym comprised of letters and/or numbers assigned to Participants. A Participant account may be associated with multiple mnemonics. See SR-NASDAQ-2018-085 (not yet published) [published on November 16, 2018]. Mnemonics are issued to Participants to identify associated persons of Participants.

among members and issuers and other persons using any facility, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

New Defined Term “Account”

The Exchange’s proposal to define the term “account number” within Chapter XV, Sections 3 and 9 and apply that term within Chapter XV, Section 3, in place of the term “mnemonic” as to the manner in which FIX and OTTO Port Fees are priced is reasonable because the term is defined and will be utilized consistently throughout Chapter XV, where applicable. The usage of the defined term “account number” will bring uniformity to the term and its usage across the 6 affiliated options markets. The proposed change to utilize the defined term will not amend the manner in which the ports are billed, rather it will also bring greater clarity to pricing in Chapter XV, Sections 3 and 9.

The Exchange’s proposal to define the term “account number” within Chapter XV, Sections 3 and 9 and apply that term within Chapter XV, Section 3, in place of the term “mnemonic” for the FIX and OTTO Port Fees is equitable and not unfairly discriminatory because the Exchange proposes to apply that term uniformly in billing Participants utilizing those ports and for purposes of the Account Fee.

The Exchange’s proposal to remove the term “mnemonic” for the pricing of the CTI Port Fee, FIX DROP Port Fee, OTTO DROP Fee, ITTO Port Fee and Bono Port Fee is reasonable because, today, these ports are assessed only one fee per port, per month and this change will bring greater clarity to the manner in which these services are billed. The term “mnemonic” was undefined until the Exchange filed SR–NASDAQ–2018–085.⁷ The manner in which the term “mnemonic” was defined for purposes of NOM’s Rules is not the manner that was intended for pricing these ports. To that end, the Exchange proposes to remove the term “mnemonic” and replace that term with “account number,” where applicable, to convey the intended manner in which the Exchange prices ports. Today, these ports are assessed only one fee per port, per month and therefore adding the term “per account number” would be redundant and unnecessary. These ports are associated with one account number. This proposal will conform the defined term across NOM Rules.⁸ The

Exchange is not proposing to amend the manner in which these ports are assessed, rather the Exchange proposes to eliminate the “per mnemonic” description and more clearly define the manner in which these services are billed as “per port, per month.”

The Exchange’s proposal to remove the term “mnemonic” for the pricing of the CTI Port Fee, FIX DROP Port Fee, OTTO DROP Fee, ITTO Port Fee and Bono Port Fee is equitable and not unfairly discriminatory because the Exchange will continue to uniformly assess all market participants these services in a uniform manner. The proposed change does not amend the manner in which these services are billed.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. In terms of inter-market competition, the Exchange notes that this proposal does not amend actual fees, rather the Exchange proposes to define a new term to be used more accurately to describe the manner in which certain services within Chapter XV, Sections 3 and 9 are billed.

New Defined Term “Account”

The Exchange’s proposal to define the term “account number” within Chapter XV, Sections 3 and 9 and apply that term within Chapter XV, Section 3, in place of the term “mnemonic” with respect to the manner in which FIX and OTTO protocols are priced does not impose an undue burden on intra-market competition because the Exchange proposes to apply that term uniformly in billing Participants utilizing those ports and for purposes of the Account Fee. No changes are being made to the manner in which the Exchange bills these ports.

The Exchange’s proposal to remove the term “mnemonic” for the pricing of the CTI Port Fee, FIX DROP Port Fee, OTTO DROP Fee, ITTO Port Fee and Bono Port Fee does not impose an undue burden on intra-market competition because the Exchange will continue to uniformly assess all market participants these services in a uniform manner. The proposed change does not amend the manner in which these services are billed.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-84623; File No. SR-CboeEDGA-2018-018]

Self-Regulatory Organizations; Cboe EDGA Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Modify Its Fee Schedule

November 19, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 6, 2018, Cboe EDGA Exchange, Inc. ("Exchange" or "EDGA") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGA Exchange, Inc. (the "Exchange" or "EDGA") is filing with the Securities and Exchange

Commission ("Commission") a proposed rule change to modify its fee schedule.

The text of the proposed rule change is also available on the Exchange's website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fee Schedule to correct an inadvertent oversight to update an amended transaction fee in a footnote. Specifically, on March 14, 2018, the Exchange filed a rule filing, SR-CboeEDGA-2018-004, which proposed, among other things, to implement a fee for its expansion of the Cboe Connect service to provide routing to single-dealer platforms through a connectivity option to be labeled C-LNK.³ Specifically, the Exchange proposed to charge a fee of \$0.0002 for each share executed by a single dealer platform for orders routed via Cboe Connect. The Exchange notes that although it reflected the rate increase in the Cboe Connect portion of the Fee Schedule, it did not add such rate to the Fee Codes and Associated Fees table or adopt a fee code for C-LNK executions. To assist Users that refer to fee codes in connection with their reconciliation of fees imposed by the Exchange, the Exchange proposes to adopt a fee code, fee code LK, and to charge a fee of \$0.0002 for each share executed by a single dealer platform for orders routed via Cboe Connect's C-LNK connectivity option. No substantive changes are

being made by the proposed rule change.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁴ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁵ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Exchange believes the proposed rule change to update the Fee Codes and Associated Fees section of the Fee Schedule, will alleviate potential confusion, thereby removing impediments to and perfecting the mechanism of a free and open market and a national market system and protecting investors and the public interest. As noted above, the proposed filing does not substantively change any transaction fees, but merely adds a fee code for a fee previously adopted by the Exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change does not address competitive issues, but rather, as discussed above, is merely intended to add a fee code for a fee previously adopted by the Exchange, which will alleviate potential confusion.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.
