

that, by eliminating the current NYSE Regulation Bylaw requirement for a minimum of two fair representation candidates on the NYSE Regulation Board, it will be able to improve administrative efficiency and effectiveness by operating with a smaller number of directors while continuing to fulfill its statutory obligations regarding the fair representation of members of the Exchange. The Exchange believes that the proposed rule change will also further the objectives of Section 6(b)(5) of the Act¹² as it will contribute to perfecting the mechanism of a free and open market and a national market system, in a manner that is consistent with the protection of investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change relates solely to the implementation of a more efficient and effective governance structure for NYSE Regulation and will have no effect on the NYSE's business operations or competitive position.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to extend the pilot program in Commentary .02 of Exchange Rule 1059, Accommodation Transactions, which sets forth specific procedures for engaging in cabinet trades, to allow the Commission adequate time to consider permanently allowing transactions to take place on the Exchange in open outcry at a price of at least \$0 but less than \$1 per option contract.³ Prior to the pilot program, Rule 1059 required that all orders placed in the cabinet were assigned priority based upon the sequence in which such orders were received by the specialist. All closing bids and offers would be submitted to the specialist in writing, and the specialist effected all closing cabinet transactions by matching such orders placed with him. Bids or offers on orders to open for the accounts of customer, firm, specialists and Registered Options Traders ("ROTs") could be made at \$1 per option contract, but such orders could not be placed in and must yield to all orders in the cabinet. Specialists effected all cabinet transactions by matching closing purchase or sale orders which were placed in the cabinet or, provided there was no matching closing purchase or sale order in the cabinet, by matching a closing purchase or sale order in the cabinet with an opening purchase or

³ Cabinet or accommodation trading of option contracts is intended to accommodate persons wishing to effect closing transactions in those series of options dealt in on the Exchange for which there is no auction market.

sale order.⁴ All cabinet transactions were reported to the Exchange following the close of each business day.⁵ Any (i) member, (ii) member organization, or (iii) other person who was a non-member broker or dealer and who directly or indirectly controlled, was controlled by, or was under common control with, a member or member organization (any such other person being referred to as an affiliated person) could effect any transaction as principal in the over-the-counter market in any class of option contracts listed on the Exchange for a premium not in excess of \$1.00 per contract.

On December 30, 2010, the Exchange filed an immediately effective proposal that established the pilot program being extended by this filing. The pilot program allowed transactions to take place in open outcry at a price of at least \$0 but less than \$1 per option contract until June 1, 2011.⁶ These lower priced transactions are traded pursuant to the same procedures applicable to \$1 cabinet trades, except that pursuant to the pilot program (i) bids and offers for opening transactions are only permitted to accommodate closing transactions in order to limit use of the procedure to liquidations of existing positions, and (ii) the procedures are also made available for trading in options participating in the Penny Pilot Program.⁷ On May 31, 2011, the Exchange filed an immediately effective proposal that extended the pilot program until December 1, 2011 to consider whether to seek permanent approval of the temporary procedure.⁸ On November 30, 2011, the Exchange filed an immediately effective proposal that extended the pilot program until

⁴ Specialists and ROTs are not subject to the requirements of Rule 1014 in respect of orders placed pursuant to this Rule. Also, the provisions of Rule 1033(b) and (c), Rule 1034 and Rule 1038 do not apply to orders placed in the cabinet. Cabinet transactions are not reported on the ticker.

⁵ See Exchange Rule 1059.

⁶ Phlx Rule 1059, Commentary .02; See Securities Exchange Act Release No. 63626 (December 30, 2010), 76 FR 812 (January 6, 2011) (SR-Phlx-2010-185).

⁷ Prior to the pilot, the \$1 cabinet trading procedures were limited to options classes traded in \$0.05 or \$0.10 standard increments. The \$1 cabinet trading procedures were not available in Penny Pilot Program classes because in those classes, an option series could trade in a standard increment as low as \$0.01 per share (or \$1.00 per option contract with a 100 share multiplier). The pilot allows trading below \$0.01 per share (or \$1.00 per option contract with a 100 share multiplier) in all classes, including those classes participating in the Penny Pilot Program.

⁸ See Securities Exchange Act Release No. 64571 (May 31, 2011), 76 FR 32385 (June 6, 2011) (SR-Phlx-2011-72).

June 1, 2012.⁹ On May 29, 2012, the Exchange filed an immediately effective proposal that extended the pilot program until December 1, 2012.¹⁰ On November 1, 2012, the Exchange filed an immediately effective proposal that extended the pilot program until June 1, 2013.¹¹ The Exchange now proposes an extension of the pilot program to allow additional time to consider its effects while the pilot program continues uninterrupted.

The Exchange believes that allowing a price of at least \$0 but less than \$1 will continue to better accommodate the closing of options positions in series that are worthless or not actively traded, particularly due to recent market conditions which have resulted in a significant number of series being out-of-the-money. For example, a market participant might have a long position in a call series with a strike price of \$100 and the underlying stock might now be trading at \$30. In such an instance, there might not otherwise be a market for that person to close-out its position even at the \$1 cabinet price (e.g., the series might be quoted no bid).

The Exchange hereby seeks to extend the pilot period for such \$1 cabinet trading until January 5, 2014. The Exchange seeks this extension to allow the procedures to continue without interruption.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,¹² in general, and with Section 6(b)(5) of the Act,¹³ in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Specifically, the Exchange believes that allowing for liquidations at a price less than \$1 per option contract pursuant to

the pilot program will better facilitate the closing of options positions that are worthwhile or not actively trading, especially in Penny Pilot issues where cabinet trades are not otherwise permitted. The Exchange believes the extension is of sufficient length to allow the Commission to assess the impact of the Exchange's authority to allow transactions to take place in open outcry at a price of at least \$0 but less than \$1 per option in accordance with its attendant obligations and conditions.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. The proposal does not raise any issues of intra-market competition because it applies to all options participants in the same manner.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹⁴ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁵

A proposed rule change filed under Rule 19b-4(f)(6)¹⁶ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁷ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the operative delay so that the pilot program

can continue without interruption. The Commission notes that the proposed rule change does not present any new, unique or substantive issues, but rather is merely extending an existing pilot program and that waiver of the 30-day operative delay will prevent confusion about whether the pilot program continues to be available. Therefore, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest and designates the proposed rule change as operative effective June 1, 2013.¹⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-Phlx-2013-53 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-Phlx-2013-53. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements

with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-Phlx-2013-53 and should be submitted on or before June 12, 2013.
