3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The purpose of the proposal is to extend the rollout of the Exchange's enhancements to the Options Floor Broker Management System ("FBMS"). Today, FBMS enables Floor Brokers and/or their employees to enter, route, and report transactions stemming from options orders received on the Exchange. FBMS also establishes an electronic audit trail for options orders represented by Floor Brokers on the Exchange. Floor Brokers can use FBMS to submit orders to Phlx XL, rather than executing the orders in the trading crowd.

With the new FBMS, all options transactions on the Exchange involving at least one Floor Broker would be required to be executed through FBMS. In connection with order execution, the Exchange will allow FBMS to execute two-sided orders entered by Floor Brokers, including multi-leg orders up to 15 legs, after the Floor Broker has represented the orders in the trading crowd. FBMS will also provide Floor Brokers with an enhanced functionality called the complex calculator that will calculate and display a suggested price of each individual component of a multi-leg order, up to 15 legs, submitted on a net debit or credit basis.

The Exchange received approval to implement the FBMS enhancements as of June 1, 2013,³ and delayed implementation until July 2013,⁴ until September 2013,⁵ until December 2013,⁶ and again until March 2014.⁷ The Exchange made a number of improvements intended to improve the performance of the new system.

Implementation began on March 7, 2014. In its most recent filing delaying implementation,⁸ the Exchange stated that the implementation period would be up to eight weeks, which would be May 2, 2014, during which the new FBMS enhancements and related rules would operate along with the existing FBMS and rules.⁹ At this time, the Exchange needs additional time to complete the implementation because of technology issues with the new system. The new FBMS is available to all users (Floor Brokers) and in all options. Nevertheless, the Exchange believes that the Floor Brokers need additional time to familiarize themselves with the new features of FBMS, based on that ongoing experience, offer input regarding system performance, and provide the

Exchange with the opportunity to address performance improvements. Given some technology issues that the Exchange has encountered during the implementation period, the delay is needed to allow Floor Brokers additional time to adapt to the new system as the Exchange works to improve the performance of the new system. As the performance issues are resolved, the delay will allow the Floor Brokers to migrate their business in a prudent manner. The delay is not as a result of major technology changes from the original proposal and no rule changes are being made; rather, the Exchange continues to work to, generally, make the system more user-friendly and provide more useful interfaces for the ultimate user, the Floor Broker.

Accordingly, the Exchange seeks an additional four month period (until September 1, 2014) to be able to continue the implementation rollout; the Exchange will announce the specific date on which the trial period will end and the old FBMS will no longer be available in advance through an Options Trader Alert. During the additional time period, the Exchange will continue to encourage Floor Brokers to use the new FBMS in order to help them become more familiar with the new features of FBMS.

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act¹⁰ in general, and furthers the objectives of Section 6(b)(5) of the Act¹¹ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest, by enhancing

FBMS to make the Exchange's markets more efficient, to the benefit of the investing public. Although the Exchange needs additional time to finalize the implementation rollout, this time period is expected to be limited, depending on user input, and will involve advance notice to the Exchange membership.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange continues to believe, as it stated when proposing these enhancements, that these enhancements to FBMS should result in the Exchange's trading floor operating in a more efficient way, which should help it compete with other floor-based exchanges and help the Exchange's Floor Brokers compete with floor brokers on other options exchanges.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)¹² of the Act and Rule 19b-4(f)(6) thereunder¹³ in that it effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose

¹² 15 U.S.C. 78s(b)(3)(A).

¹³ 17 CFR 240.19b-4(f)(6).

any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

Furthermore, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that subsection at least five business days prior to the date of filing, or such shorter time as designated by the Commission. The Exchange has provided such notice.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing. Rule 19b-4(f)(6)(iii), however, permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requests that the Commission waive the 30-day pre-operative waiting period contained in Rule 19b-4(f)(6)(iii) so that the Exchange can delay the full implementation of the enhancements until Floor Brokers are more comfortable with the new features and the system is functioning in a way that enables their business to be conducted efficiently. The Exchange believes that this is consistent with the protection of investors and the public interest, because the smooth functioning of Floor Brokers on the Exchange's options trading floor is important to the

operation of its options market.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹, and Rule 19b-4 thereunder,² notice is hereby given that on May 7, 2014, NASDAQ OMX PHLX LLC (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The text of the proposed rule change is available on the Exchange’s Website at <http://nasdaqomxphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it

received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposal is to extend the rollout of the Exchange's enhancements to the Options Floor Broker Management System ("FBMS"). Today, FBMS enables Floor Brokers and/or their employees to enter, route, and report transactions stemming from options orders received on the Exchange. FBMS also establishes an electronic audit trail for options orders represented by Floor Brokers on the Exchange. Floor Brokers can use FBMS to submit orders to Phlx XL, rather than executing the orders in the trading crowd.

With the new FBMS, all options transactions on the Exchange involving at least one Floor Broker would be required to be executed through FBMS. In connection with order execution, the Exchange will allow FBMS to execute two-sided orders entered by Floor Brokers, including multi-leg orders up to 15 legs, after the Floor Broker has represented the orders in the trading crowd. FBMS will also provide Floor Brokers with an enhanced functionality called the complex calculator that will calculate and display a suggested price of each individual component of a multi-leg order, up to 15 legs, submitted on a net debit or credit basis.

The Exchange received approval to implement the FBMS enhancements as of June 1, 2013,³ and delayed implementation until July 2013,⁴ until September 2013,⁵ until December 2013,⁶ and again until March 2014.⁷ The Exchange made a number of improvements intended to improve the performance of the new system.

Exchange with the opportunity to address performance improvements. Given some technology issues that the Exchange has encountered during the implementation period, the delay is needed to allow Floor Brokers additional time to adapt to the new system as the Exchange works to improve the performance of the new system. As the performance issues are resolved, the delay will allow the Floor Brokers to migrate their business in a prudent manner. The delay is not as a result of major technology changes from the original proposal and no rule changes are being made; rather, the Exchange continues to work to, generally, make the system more user-friendly and provide more useful interfaces for the ultimate user, the Floor Broker.

Accordingly, the Exchange seeks an additional four month period (until September 1, 2014) to be able to continue the implementation rollout; the Exchange will announce the specific date on which the trial period will end and the old FBMS will no longer be available in advance through an Options Trader Alert. During the additional time period, the Exchange will continue to encourage Floor Brokers to use the new FBMS in order to help them become more familiar with the new features of FBMS.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act¹⁰ in general, and furthers the objectives of Section 6(b)(5) of the Act¹¹ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest, by enhancing

FBMS to make the Exchange's markets more efficient, to the benefit of the investing public. Although the Exchange needs additional time to finalize the implementation rollout, this time period is expected to be limited, depending on user input, and will involve advance notice to the Exchange membership.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange continues to believe, as it stated when proposing these enhancements, that these enhancements to FBMS should result in the Exchange's trading floor operating in a more efficient way, which should help it compete with other floor-based exchanges and help the Exchange's Floor Brokers compete with floor brokers on other options exchanges.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant

to Section 19(b)(3)(A)(ii) of the Act¹² and subparagraph (f)(6) of Rule 19b-4 thereunder.¹³

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.
