3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

Overview

The Exchange has adopted registration requirements to ensure that associated persons of member organizations attain and maintain specified levels of competence and knowledge pertinent to their function. In general, the current rules require that persons engaged in a member organization's investment banking or securities business who are to function as representatives or principals register with the Exchange in the category of registration appropriate to their functions by passing one or more qualification examinations³ and exempt specified associated persons from the registration requirements.⁴ They also prescribe ongoing continuing education requirements for registered persons.⁵ The Exchange now proposes to amend, reorganize and enhance its rules regarding registration, qualification examinations and continuing education, as described below.⁶

Recently, the Commission approved a Financial Industry Regulatory Authority ("FINRA") proposed rule change adopting rules relating to qualification and registration

³ See Phlx Rules 611, Principal Registration Requirements, and 613, Representative Registration.

⁴ See Phlx Rule 614, Persons Exempt from Registration.

⁵ See Phlx Rule 640, Continuing Education for Registered Persons.

⁶ The Exchange's rules governing these matters were extensively updated and amended in 2012. See Securities Exchange Act Release No. 66840 (April 20, 2012), 77 FR 25003 (April 26, 2012) (SR-Phlx-2012-23).

requirements in the Consolidated FINRA Rulebook,⁷ restructuring the FINRA representative-level qualification examinations, creating a general knowledge examination and specialized knowledge examinations, allowing permissive registration, establishing an exam waiver process for persons working for a financial services affiliate of a member, and amending certain Continuing Education (“CE”) requirements (collectively, the “FINRA Rule Changes”).⁸ The FINRA Rule Changes will become effective on October 1, 2018.

The Exchange now proposes to amend, reorganize and enhance its own membership, registration and qualification rules in part in response to the FINRA Rule Changes, and also in order to conform the Exchange’s rules more closely to those of its affiliated exchanges in the interest of uniformity and to facilitate compliance with

⁷ The current FINRA rulebook consists of: (1) FINRA rules; (2) NASD rules; and (3) rules incorporated from the New York Stock Exchange (“NYSE”) (the “Incorporated NYSE rules”). While the NASD rules generally apply to all FINRA members, the Incorporated NYSE rules apply only to those members of FINRA that are also members of the NYSE.

⁸ See Securities Exchange Act Release No. 81098 (July 7, 2017), 82 FR 32419 (July 13, 2017) (Order Approving File No. SR-FINRA-2017-007). See also FINRA Regulatory Notice 17-30 (SEC Approves Consolidated FINRA Registration Rules, Restructured Representative-Level Qualification Examinations and Changes to Continuing Education Requirements) (October 2017). FINRA articulated its belief that the proposed rule change would streamline, and bring consistency and uniformity to, its registration rules, which would, in turn, assist FINRA members and their associated persons in complying with the rules and improve regulatory efficiency. FINRA also determined to enhance the overall efficiency of its representative-level examinations program by eliminating redundancy of subject matter content across examinations, retiring several outdated representative-level registrations, and introducing a general knowledge examination that could be taken by all potential representative-level registrants and the general public. FINRA amended certain aspects of its continuing education rule, including by codifying existing guidance regarding the effect of failing to complete the Regulatory Element on a registered person’s activities and compensation.

membership, registration and qualification regulatory requirements by members of multiple Nasdaq-affiliated exchanges including Phlx. Last, the Exchange proposes to enhance its registration rules by adding a new registration requirement applicable to developers of algorithmic trading systems similar to a requirement adopted by FINRA pursuant to a 2016 FINRA proposed rule change.⁹

As part of this proposed rule change, current Rules 53, Liability for Dues Until Transfer or Military Service; 611, Principal Registration Requirements; 612, Categories of Principal Registration; 613, Representative Registration; 614, Persons Exempt from Registration; 615, Waiver of Requirements; 616, Electronic Filing Requirements for Uniform Forms; 623, Fingerprinting; and 640, Continuing Education for Registered Persons, are proposed to be deleted. Rule 620, Trading Floor Registration, is proposed to be renumbered and amended.¹⁰

⁹ See Securities Exchange Act Release No. 77551 (April 7, 2016), 81 FR 21914 (April 13, 2016) (Order Approving File No. SR-FINRA-2016-007). In its proposed rule change FINRA addressed the increasing significance of algorithmic trading strategies by amending its rules to require registration, as Securities Traders, of associated persons primarily responsible for the design, development or significant modification of algorithmic trading strategies, or who are responsible for the day-to-day supervision or direction of such activities.

¹⁰ The Exchange also proposes conforming amendments to Rules 1, Definitions; 1024, Conduct of Accounts for Options Trading; 1090, Clerks; 3202, Application of Other Rules of the Exchange; 9630, Appeal; Equity Floor Procedure Advice A-7, Failure to Timely Submit Amendments to Form U4, Form U5 and Form BD; Options Floor Procedure Advice F-34, Failure to Timely Submit Amendments to Form U4, Form U5 and Form BD; and Section VII.C., FINRA Fees, of the Exchange's Pricing Schedule, and the addition of new Rule 2040, Nonregistered Foreign Finders. The Exchange is also proposing to amend the two Floor Procedure Advices to delete references to the "Department of Market Regulation," which refer to FINRA's former Department of Market Regulation. FINRA amended its rules recently to reflect an internal reorganization of its Enforcement Operations. See Securities Exchange Act Release No. 83781 (August 6, 2018), 83 FR 39802 (August 10, 2018). In July 2017, FINRA announced its plan to consolidate its existing enforcement functions into a unified

In place of the deleted rules and rule sections the Exchange proposes to adopt a new 1200 Series of rules captioned Registration, Qualification and Continuing Education generally conforming to and based upon FINRA's new 1200 Series of rules resulting from the FINRA Rule Changes, but with a number of Exchange-specific variations.¹¹ The proposed new 1200 Series is also being proposed for adoption by Phlx's affiliated exchanges in order to facilitate compliance with membership, registration and qualification requirements by members of two or more of those affiliated exchanges.¹² In

Department of Enforcement. FINRA's recent rule change makes technical and other non-substantive changes to FINRA Rules 9000 Series Code of Procedure to reflect the single Department of Enforcement, which the Exchange is mirroring in the two Floor Procedure Advices which will now refer only to FINRA's Department of Enforcement.

¹¹ The proposed Phlx 1200 Series of Rules would consist of Rule 1210, Registration Requirements; Rule 1220, Registration Categories; Rule 1230, Associated Persons Exempt from Registration; Rule 1240, Continuing Education Requirements; Rule 1250, Electronic Filing Requirements for Uniform Forms; and Rule 1260, Trading Floor Registration.

¹² The Exchange's five affiliated exchanges, The Nasdaq Stock Market LLC ("Nasdaq"), Nasdaq BX, Inc. ("BX"); Nasdaq ISE, LLC ("ISE"); Nasdaq GEMX, LLC ("GEMX"); and Nasdaq MRX, LLC ("MRX") (together with Phlx, the "Nasdaq Affiliated Exchanges") are also submitting proposed rule changes to adopt the 1200 Series of rules. See SR-NASDAQ-2018-078, SR-BX-2018-047, SR-ISE-2018-82, SR-GEMX-2018-33 and SR-MRX-2018-31. The Exchange recently added a shell structure to its rulebook with the purpose of improving efficiency and readability and to align its rules closer to those of the other Nasdaq Affiliated Exchanges. See Securities Exchange Act Release No. 82169 (November 29, 2017), 82 FR 57508 (December 5, 2017) (SR-Phlx-2017-97). Ultimately, the Exchange intends to submit another proposed rule change to transfer the Exchange's 1200 Series of rules into the new shell structure. The Phlx 1200 Series of rules would differ slightly from the 1200 Series of the other Nasdaq Affiliated Exchanges given Phlx's trading floor and its unique membership structure which features the concept of a "member organization." The Phlx 1200 Series would therefore include a Rule 1260, Trading Floor Registration. Additionally, each of the new Phlx 1200 Series of rules (except Rule 1260) would contain a statement that references to a "member" in that rule shall be deemed to be references to a "member organization."

the new 1200 Series of rules the Exchange would, among other things, recognize additional associated person registration categories, recognize a new general knowledge examination, permit the maintenance of permissive registrations, and require Securities Trader registration of developers of algorithmic trading strategies consistent with a comparable, existing FINRA registration requirement.¹³

The proposed rule change would become effective October 1, 2018 with the exception of the new registration requirement for developers of algorithmic trading strategies which would become effective 180 days following the date of approval of this proposed rule change.

Proposed Rules

A. Registration Requirements (Proposed Rule 1210)

Exchange Rules 613(a) and 611(a) currently require that persons engaged, or to be engaged, in the investment banking or securities business of a member who are to function as representatives or principals register with the Exchange in the category of registration appropriate to their functions as specified in Exchange Rules 613 and 612.¹⁴

The Exchange is proposing to consolidate and streamline provisions of Exchange Rules

¹³ See Securities Exchange Act Release No. 77551 (April 7, 2016), 81 FR 21914 (April 13, 2016) (order approving SR-FINRA-2016-007). In its proposed rule change to adopt this registration requirement, FINRA addressed the increasing significance of algorithmic trading strategies by proposing to require registration, as Securities Traders, of associated persons primarily responsible for the design, development or significant modification of algorithmic trading strategies, or who are responsible for the day-to-day supervision or direction of such activities.

¹⁴ Section (a) of Rule 613 includes an exception for members whose activities are limited to the Exchange's options trading floor and who are registered pursuant to Rule 620(a), as well as for associated persons whose activities are limited to the Exchange's options trading floor and are registered pursuant to Rule 620(b). As discussed below, the Exchange proposes to preserve this exception as new section (c) of proposed Rule 1260.

613(a) and 611(a) and to adopt them as Exchange Rule 1210, subject to several changes.¹⁵

Proposed Rule 1210 provides that each person engaged in the securities business of a member must register with the Exchange as a representative or principal in each category of registration appropriate to his or her functions and responsibilities as specified in proposed Rule 1220, unless exempt from registration pursuant to proposed Rule 1230. Unlike current Rules 613(a) and 611(a), proposed Rule 1210 would not require persons engaged in the investment banking business of a member to register with the Exchange since a member's investment banking business is not the primary concern of the Exchange or the focus of its operations.¹⁶ Proposed Rule 1210 also provides that

¹⁵ In general the 1200 Series would conform the Exchange's rules to FINRA's rules as revised in the FINRA Rule Changes, with modifications tailored to the business of the Exchange and of the other Nasdaq Affiliated Exchanges. However, the Exchange also proposes to adopt Rule 1210, Supplementary Material .12, which is not based upon a FINRA rule but instead on current Nasdaq Rule 1031(c), (d) and (e), which Nasdaq is proposing in SR-Nasdaq-2018-078 to relocate to Rule 1210, Supplementary Material .12 in the Nasdaq rulebook. These provisions govern the process for applying for registration and amending the registration application, as well as for notifying the Exchange of termination of the member's association with a person registered with the Exchange. The Exchange proposes to adopt Rule 1210, Supplemental Material .12, in order to have uniform processes and requirements in this area across the Nasdaq Affiliated Exchanges.

¹⁶ Miami International Securities Exchange LLC ("MIAX") Rule 203(a) and current ISE Rule 313(a)(1) likewise require registration of associated persons of members engaged in the member's securities business, but do not require registration with the exchanges of associated persons of members who engage in the member's investment banking business. Because the Exchange's proposed registration rules focus solely on securities trading activity, the proposed rules differ from the FINRA Rule Changes by omitting references to investment banking in proposed Rules 1210, 1210.03, 1210.10, 1220(a)(1), 1220(a)(2)(B), 1220(b), and 1240(b)(1), and also by omitting as unnecessary from Rule 1220(a)(10) a limitation on the qualification of a General Securities Sales Supervisor to supervise the origination and structuring of an underwriting.

such person is not qualified to function in any registered capacity other than that for which the person is registered, unless otherwise stated in the rules.

B. Minimum Number of Registered Principals (Proposed Rule 1210.01)

Existing Rule 611(e), Requirement of Two Registered Principals, at section (i) requires members other than sole proprietorships to have at least two officers or partners who are registered as principals with respect to each aspect of the member organization's investment banking and securities business pursuant to the applicable provisions of Rule 611; provided, however, that a proprietary trading firm with 25 or fewer registered representatives is only required to have one officer or partner who is registered as a principal.¹⁷ Under Rule 611(e)(ii) the Exchange may waive the provisions of paragraph (e)(i) in situations that indicate conclusively that only one person should be required to register as a principal. Additionally, Rule 611(e)(iii) requires an applicant for membership to have at least one person qualified for registration as a Limited Principal – Financial and Operations, pursuant to Rule 612(b)(i).¹⁸

The Exchange is proposing to delete these requirements and in their place to adopt new Rule 1210.01. The new rule would provide firms that limit the scope of their

¹⁷ Rule 611(e)(i)(A)-(D) defines the term “proprietary trading firm”. Because the Exchange is proposing to delete Rule 611 in its entirety, Rule 611(e)(i) (A) – (D) would be reworded and relocated to Rule 1, Definitions, Section (kk) as a defined term.

¹⁸ The Exchange's rules currently refer to various categories of limited principal registration as “Limited Principal –” followed by the name of the registration category. In this proposed rule change, the Exchange will no longer employ the term “Limited Principal –” in discussing various principal registration categories. No substantive change is intended; shortening the names of the various principals simply improves readability of the rules.

business with flexibility in satisfying the two-principal requirement. In particular, proposed Rule 1210.01 requires that a member have a minimum of two General Securities Principals, provided that a member that is limited in the scope of its activities may instead have two officers or partners who are registered in a principal category that corresponds to the scope of the member's activities.¹⁹ For instance, if a firm's business is limited to securities trading, the firm may have two Securities Trader Principals, instead of two General Securities Principals. Additionally, Exchange Rule 1210.01 provides that any member with only one associated person is excluded from the two principal requirement. Proposed Rule 1210.01 would provide that existing members as well as new applicants may request a waiver of the two-principal requirement, consistent with current Exchange Rule 611(e)(ii). Finally, the Exchange is proposing to retain the existing rule's provision permitting a proprietary trading firm with 25 or fewer registered representatives to have just one registered principal. The FINRA Rule Changes do not include this provision.²⁰ The Financial and Operations Principal requirement of current

¹⁹ The principal registration categories are described in greater detail below.

²⁰ The Exchange is not proposing provisions conforming to the new FINRA Rule 1210.01 requirements that all FINRA members are required to have a Principal Financial Officer and a Principal Operations Officer, because it believes that its proposed Rule 1220(a)(4), Financial and Operations Principal, which requires member firms operating pursuant to certain provisions of SEC rules to designate at least one Financial and Operations Principal, is sufficient. Further, the Exchange is not adopting the FINRA Rule 1210.01 requirements that (1) a member engaged in investment banking activities have an Investment Banking Principal, (2) a member engaged in research activities have a Research Principal, or (3) a member engaged in options activities with the public have a Registered Options Principal. The Exchange does not recognize the Investment Banking Principal or the Research Principal registration categories, and the Registered Options Principal registration requirement is set forth in Rule 1210.08 and its inclusion is therefore unnecessary in Rule 1210.01.

Rules 611(e)(i) and 612(b)(i), which it references, would be revised and relocated to proposed Rule 1220(a)(4)(A).

C. Permissive Registrations (Proposed Rule 1210.02)

Current Rule 611(a) prohibits member organizations from maintaining a principal registration with the Exchange for any person (A) who is no longer active in the member organization's investment banking or securities business, (B) who is no longer functioning as a principal, or (C) where the sole purpose is to avoid the examination requirement of the rule. A member organization may not make application for the registration of any person as principal where there is no intent to employ such person in the member organization's investment banking or securities business. However, a member organization may maintain or make application for the registration as a principal of a person who performs legal, compliance, internal audit, back-office operations, or similar duties for the member organization or a person engaged in the investment banking or securities business of a foreign securities affiliate or subsidiary of the member organization. Exchange Rule 613(b) is a parallel provision applicable to representatives.

The Exchange is proposing to replace these provisions with new Rule 1210.02. The Exchange is also proposing to expand the scope of permissive registrations and to clarify a member's obligations regarding individuals who are maintaining such registrations.

Specifically, proposed Rule 1210.02 allows any associated person to obtain and maintain any registration permitted by the member. For instance, an associated person of a member working solely in a clerical or ministerial capacity, such as in an administrative capacity, would be able to obtain and maintain a General Securities Representative

registration with the member. As another example, an associated person of a member who is registered, and functioning solely, as a General Securities Representative would be able to obtain and maintain a General Securities Principal registration with the member. Further, proposed Rule 1210.02 allows an individual engaged in the securities business of a foreign securities affiliate or subsidiary of a member to obtain and maintain any registration permitted by the member.

The Exchange is proposing to permit the registration of such individuals for several reasons. First, a member may foresee a need to move a former representative or principal who has not been registered for two or more years back into a position that would require such person to be registered. Currently, such persons are required to requalify (or obtain a waiver of the applicable qualification examinations) and reapply for registration. Second, the proposed rule change would allow members to develop a depth of associated persons with registrations in the event of unanticipated personnel changes. Third, allowing registration in additional categories encourages greater regulatory understanding. Finally, the proposed rule change would eliminate an inconsistency in the current rules, which permit some associated persons of a member to obtain permissive registrations, but not others who equally are engaged in the member's business.

Individuals maintaining a permissive registration under the proposed rule change would be considered registered persons and subject to all Exchange rules, to the extent relevant to their activities. For instance, an individual working solely in an administrative capacity would be able to maintain a General Securities Representative registration and would be considered a registered person for purposes of rules relating to

borrowing from or lending to customers, but the rule would have no practical application to his or her conduct because he or she would not have any customers.

Consistent with the Exchange's supervision rules, members would be required to have adequate supervisory systems and procedures reasonably designed to ensure that individuals with permissive registrations do not act outside the scope of their assigned functions.²¹ With respect to an individual who solely maintains a permissive registration, such as an individual working exclusively in an administrative capacity, the individual's day-to-day supervisor may be a nonregistered person. Members would be required to assign a registered supervisor to this person who would be responsible for periodically contacting such individual's day-to-day supervisor to verify that the individual is not acting outside the scope of his or her assigned functions. If such individual is permissively registered as a representative, the registered supervisor must be registered as a representative or principal. If the individual is permissively registered as a principal, the registered supervisor must be registered as a principal.²²

D. Qualification Examinations and Waivers of Examinations (Proposed Rule 1210.03)

Current Rule 611(a) provides that before a registration can become effective, persons who are to function as principals must pass a qualification examination for

²¹ The FINRA Proposed Rules at Rule 1210.02 cite FINRA's own supervision rule, by number. Because the 1200 Series of rules is intended to apply to the Exchange as well as to its affiliates which have different supervision rules, proposed Rule 1210.02 refers generally to the supervision rules rather than identifying them by number.

²² In either case, the registered supervisor of an individual who solely maintains a permissive registration would not be required to be registered in the same representative or principal registration category as the permissively-registered individual.

principals appropriate to the category of registration as specified in the rule. Rule 613(d) provides that no member organization shall permit any member or person associated with it to engage in the investment banking or securities business unless the member organization determines that such person satisfies the qualification requirements established by the Board and is not subject to statutory disqualification as defined in Section 3(a)(39)²³ of the Act. The Exchange is proposing to replace these provisions with new Rule 1210.03.

In addition, as part of the FINRA Rule Changes FINRA has adopted a restructured representative-level qualification examination program whereby representative-level registrants would be required to take a general knowledge examination (the Securities Industry Essentials Exam or “SIE”) and a specialized knowledge examination appropriate to their job functions at the firm with which they are associating. Therefore, proposed Rule 1210.03 provides that before the registration of a person as a representative can become effective under proposed Rule 1210, such person must pass the SIE and an appropriate representative-level qualification examination as specified in proposed Rule 1220. Proposed Rule 1210.03 also provides that before the registration of a person as a principal can become effective under proposed Rule 1210, such person must pass an appropriate principal-level qualification examination as specified in proposed Rule 1220.

Further, proposed 1210.03 provides that if the job functions of a registered representative other than an individual registered as an Order Processing Assistant Representative, change and he or she needs to become registered in another

²³ 15 U.S.C. 78c(a)(39).

representative-level category, he or she would not need to pass the SIE again. Rather, the registered person would need to pass only the appropriate representative-level qualification examination.²⁴ Thus under the proposed rule change, individuals seeking registration in two or more representative-level categories would experience a net decrease in the total number of exam questions they would be required to answer because the SIE content would be tested only once.

The proposed rule change solely impacts the representative-level qualification requirements. The proposed rule change does not change the scope of the activities permitted under the existing representative categories. For instance, after the effective date of the proposed rule change, a previously unregistered individual registering as a Securities Trader for the first time would be required to pass the SIE and an appropriate

²⁴ The exception for Order Processing Assistant Representatives and Foreign Associates was adopted by FINRA in FINRA Rule 1210.03, and is included in proposed Exchange Rule 1210.03 without the reference to Foreign Associates which is a registration category the Nasdaq Affiliated Exchanges do not recognize. FINRA has stated that the SIE would assess basic product knowledge; the structure and function of the securities industry markets, regulatory agencies and their functions; and regulated and prohibited practices. Proposed Rule 1210.03 provides that all associated persons, such as associated persons whose functions are solely and exclusively clerical or ministerial, are eligible to take the SIE. Proposed Rule 1210.03 also provides that individuals who are not associated persons of firms, such as members of the general public, are eligible to take the SIE. FINRA has stated its belief that expanding the pool of individuals who are eligible to take the SIE would enable prospective securities industry professionals to demonstrate to prospective employers a basic level of knowledge prior to submitting a job application. Further, this approach would allow for more flexibility and career mobility within the securities industry. While all associated persons of firms as well as individuals who are not associated persons would be eligible to take the SIE pursuant to proposed Rule 1210.03, passing the SIE alone would not qualify them for registration with the Exchange. Rather, to be eligible for registration with the Exchange, an individual would be required to pass an applicable representative or principal qualification examination and complete the other requirements of the registration process.

specialized knowledge examination. However, such individual may engage only in those activities in which a current Securities Trader may engage under current Exchange Rules.

Individuals who are registered on the effective date of the proposed rule change would be eligible to maintain those registrations without being subject to any additional requirements. Individuals who had been registered within the past two years prior to the effective date of the proposed rule change would also be eligible to maintain those registrations without being subject to any additional requirements, provided that they reregister with the Exchange within two years from the date of their last registration.

Further, registered representatives other than an individual registered as an Order Processing Assistant Representative, would be considered to have passed the SIE in the CRD system, and thus if they wish to register in any other representative category after the effective date of the proposed rule change, they could do so by taking only the appropriate specialized knowledge examination.²⁵ However, with respect to an individual who is not registered on the effective date of the proposed rule change but was registered within the past two years prior to the effective date of the proposed rule change, the individual's SIE status in the CRD system would be administratively

²⁵ Under the proposed rule change, only individuals who have passed an appropriate representative-level examination would be considered to have passed the SIE. Registered principals who do not hold an appropriate representative-level registration would not be considered to have passed the SIE. For example, an individual who is registered solely as a Financial and Operations Principal (Series 27) today would have to take the Series 7 to become registered as a General Securities Representative. Under the proposed rule change, in the future, this individual would have to pass the SIE and the specialized Series 7 examination to obtain registration as a General Securities Representative.

terminated if such individual does not register within four years from the date of the individual's last registration.²⁶

In addition, individuals, with the exception of Order Processing Assistant Representatives, who had been registered as representatives two or more years, but less than four years, prior to the effective date of the proposed rule change would also be considered to have passed the SIE and designated as such in the CRD system. Moreover, if such individuals re-register with a firm after the effective date of the proposed rule change and within four years of having been previously registered, they would only need to pass the specialized knowledge examination associated with that registration position. However, if they do not register within four years from the date of their last registration, their SIE status in the CRD system would be administratively terminated. Similar to the current process for registration, firms would continue to use the CRD system to request registrations for representatives. An individual would be able to schedule both the SIE and specialized knowledge examinations for the same day, provided the individual is able to reserve space at one of FINRA's designated testing centers.

Finally, under current Rule 615, the Exchange may, in exceptional cases and where good cause is shown, waive the applicable qualification examination and accept other standards as evidence of an applicant's qualifications for registration. The Exchange is proposing to replace Rule 615 with proposed Rule 1210.03 with changes that track FINRA Rule 1210.03. The proposed rule provides that the Exchange will only consider examination waiver requests submitted by a firm for individuals associated with the firm who are seeking registration in a representative- or principal-level registration

²⁶ As discussed below, the Exchange is proposing a four-year expiration period for the SIE.

category. Moreover, proposed Rule 1210.03 states that the Exchange will consider waivers of the SIE alone or the SIE and the representative- and principal-level examination(s) for such individuals.

E. Requirements for Registered Persons Functioning as Principals for a Limited Period (Proposed Rule 1210.04)

Current Rule 611(d) provides that any person associated with a member organization as a registered representative whose duties are changed by the member organization so as to require registration in any principal classification is allowed a period of 90 calendar days following the change in his or her duties during which to pass the appropriate qualification examination for principals. It further provides that any person not presently associated with a member organization as registered representative seeking registration as a principal shall submit the appropriate application for registration and any required registration and examination fees. Such person shall be allowed a period of 90 days after all applicable prerequisites are fulfilled to pass the appropriate qualification examination for principals. A person who has never been registered does not qualify for this exception. This provision specifically applies to a person associated with a member organization of another registered national securities exchange or association who is required to register in a principal classification under Exchange rules but who is not required to be so registered under the rules of the other exchange or association, as well as to a person associated with a member organization who was not required to register with the Exchange as a principal prior to the adoption of Exchange Rule 611.

The Exchange is proposing to adopt these requirements of Rule 611(d) as new Rule 1210.04, subject to certain changes. Proposed Rule 1210.04 states that a member

may designate any person currently registered, or who becomes registered, with the member as a representative to function as a principal for a limited period, provided that such person has at least 18 months of experience functioning as a registered representative within the five-year period immediately preceding the designation and has fulfilled all prerequisite registration, fee and examination requirements prior to designation as principal. These requirements apply to any principal category, including those categories that are not subject to a prerequisite representative-level registration requirement, such as the Financial and Operations Principal registration category.²⁷ This change is intended to ensure that representatives designated to function as principals for the limited period under the proposed rule have an appropriate level of registered representative experience. The proposed rule clarifies that the requirements of the rule apply to any principal category, including those categories that are not subject to a prerequisite representative-level registration requirement, such as the Financial and Operations Principal registration category. Similarly, the rule would permit a member to designate any person currently registered, or who becomes registered, with the member as a principal to function in another principal category for a period of 120 calendar days prior to passing an appropriate qualification examination as specified under Rule 1220. Proposed Rule 1210.04 would increase the existing rule's 90 day period to 120 days, to provide additional flexibility for representatives functioning as principals for a limited period of time.

²⁷ In this regard, the Exchange notes that qualifying as a registered representative is currently a prerequisite to qualifying as a principal on the Exchange except with respect to the Financial and Operations Principal registration category.

The Exchange is not conserving in new Rule 1210.04 the language in existing Rule 611 that the provisions apply to a person associated with a member organization of another registered national securities exchange or association who is required to register in a principal classification under Exchange rules but who is not required to be so registered under the rules of the other exchange or association, as well as to a person associated with a member organization who was not required to register with the Exchange as a Principal prior to the adoption of Exchange Rule 611. The Exchange believes this language to be superfluous as the applicability to various individuals of proposed Rule 1210.04 speaks for itself and requires no elaboration.²⁸

F. Rules of Conduct for Taking Examinations and Confidentiality of Examinations (Proposed Rule 1210.05)

Before taking an examination, FINRA currently requires each candidate to agree to the Rules of Conduct for taking a qualification examination. Among other things, the examination Rules of Conduct require each candidate to attest that he or she is in fact the person who is taking the examination. These Rules of Conduct also require that each candidate agree that the examination content is the intellectual property of FINRA and that the content cannot be copied or redistributed by any means. If FINRA discovers that a candidate has violated the Rules of Conduct for taking a qualification examination, the candidate may forfeit the results of the examination and may be subject to disciplinary action by FINRA. For instance, for cheating on a qualification examination, FINRA's Sanction Guidelines recommend a bar.²⁹

²⁸ Proposed Rule 1210.04 omits FINRA Rule 1210.04's reference to Foreign Associates, which is a registration category not recognized by the Nasdaq Affiliated Exchanges, but otherwise tracks the language of FINRA Rule 1210.04.

²⁹ See SR-FINRA-2017-007, pp. 26 – 27.

Effective October 1, 2018, FINRA has codified the requirements relating to the Rules of Conduct for examinations under FINRA Rule 1210.05. FINRA also adopted Rules of Conduct for taking the SIE for associated persons and non-associated persons who take the SIE.

The Exchange proposes to adopt its own version of Rule 1210.05, which would provide that associated persons taking the SIE are subject to the SIE Rules of Conduct, and that associated persons taking any representative or principal examination are subject to the Rules of Conduct for representative and principal examinations. Under the proposed rule, a violation of the SIE Rules of Conduct or the Rules of Conduct for representative and principal examinations by an associated person would be deemed to be a violation of Exchange rules requiring observance of high standards of commercial honor or just and equitable principles of trade, such as Exchange Rule 707.³⁰ Further, if the Exchange determines that an associated person has violated the SIE Rules of Conduct or the Rules of Conduct for representative and principal examinations, the associated person may forfeit the results of the examination and may be subject to disciplinary action by the Exchange.

Proposed Rule 1210.05 also states that the Exchange considers all of the qualification examinations' content to be highly confidential. The removal of examination content from an examination center, reproduction, disclosure, receipt from or passing to any person, or use for study purposes of any portion of such qualification examination or any other use that would compromise the effectiveness of the

³⁰ Exchange Rule 707 prohibits members, member organizations or persons associated with or employed by a member or member organization from engaging in acts or practices inconsistent with just and equitable principles of trade. FINRA Rule 1210.05 cites FINRA Rule 2010, which is a comparable rule.

examinations and the use in any manner and at any time of the questions or answers to the examinations would be prohibited and would be deemed to be a violation of Exchange rules requiring observance of high standards of commercial honor or just and equitable principles of trade. Finally, proposed Rule 1210.05 would prohibit an applicant from receiving assistance while taking the examination, and require the applicant to certify that no assistance was given to or received by him or her during the examination.³¹

G. Waiting Periods for Retaking a Failed Examination (Proposed Rule 1210.06)

The Exchange proposes to adopt new Rule 1210.06, which provides that a person who fails an examination may retake that examination after 30 calendar days from the date of the person's last attempt to pass that examination.³² Proposed Rule 1210.06 further provides that if a person fails an examination three or more times in succession within a two-year period, the person is prohibited from retaking that examination until 180 calendar days from the date of the person's last attempt to pass it. These waiting periods would apply to the SIE and the representative- and principal-level examinations.³³

³¹ The Exchange is not adopting portions of FINRA's Rule 1210.05 which apply to non-associated persons, over whom the Exchange would in any event have no jurisdiction.

³² Proposed Rule 1210.06 has no counterpart in existing Exchange rules.

³³ FINRA Rule 1210.06 requires individuals taking the SIE who are not associated persons to agree to be subject to the same waiting periods for retaking the SIE. The Exchange is not including this language in proposed Rule 1210.06, as the Exchange will not apply the 1200 Series of rules in any event to individuals who are not associated persons of members.

H. CE Requirements (Proposed Rule 1210.07)

Pursuant to current Exchange Rule 640, no member organization shall permit any registered person to continue to, and no registered person shall continue to, perform duties as a registered person, unless such person has complied with the continuing education requirements of paragraph (a) of Rule 640. Under the rule the CE requirements applicable to registered persons consist of a Regulatory Element³⁴ and a Firm Element.³⁵ The Regulatory Element applies to registered persons and must be completed within prescribed time frames.³⁶ For purposes of the Regulatory Element, a “registered person” is defined in current Rule 640 as any member, registered representative or other person registered or required to be registered under Exchange Rules, but does not include such person whose activities are limited solely to the transaction of business on the Exchange’s trading floor, with members or registered broker-dealers.³⁷ The Firm Element consists of annual, member-developed and administered training programs designed to keep covered registered persons current regarding securities products, services and strategies offered by the member. For purposes of the Firm Element, the term “covered registered persons” is defined as any registered person who has direct contact with customers in the conduct of the member

³⁴ See Rule 640(a).

³⁵ See Rule 640(b).

³⁶ Pursuant to Rule 640(a), each registered person is required to complete the Regulatory Element on the occurrence of their second registration anniversary date(s), and every three years thereafter or as otherwise prescribed by the Exchange. On each occasion, the Regulatory Element must be completed within 120 days after the person’s registration anniversary date.

³⁷ See Rule 640, Commentary .01.

organization's securities sales, trading or investment banking activities, and to the immediate supervisors of such persons.³⁸

The Exchange proposes to delete current Rule 640. The CE requirements set forth in Rule 640 are proposed to be reorganized and renumbered, and to be adopted as new Rule 1240. The Exchange believes that all persons registered pursuant to Rule 1210, regardless of their activities, should be subject to the Regulatory Element of the CE requirements so that they can keep their knowledge of the securities industry current.³⁹ Therefore, the Exchange is proposing Rule 1210.07, to clarify that all "covered persons" as defined in Rule 1240(a)(5), including those who solely maintain a permissive registration, are required to satisfy the Regulatory Element, as specified in proposed new Rule 1240, discussed below.⁴⁰ Individuals who have passed the SIE but not a representative or principal-level examination and do not hold a registered position would not be subject to any CE requirements. Consistent with current practice, proposed Rule

³⁸ See Rule 640(b)(1).

³⁹ The Exchange notes that Rule 625 also may require individuals who are not required to register pursuant to Rule 1210 to complete mandatory training. The rule provides that all members and persons employed by or associated with such member or a member organization shall successfully complete mandatory training, as required by the Exchange. Training topics include, but are not limited to, training related to that person's function at the Exchange, changes in existing automated systems or any new technology that is utilized by the Exchange, compliance with Exchange Rules and federal securities laws, and issues related to conduct, health and safety on the trading floor. In addition, floor members shall complete mandatory training programs, on at least a semi-annual basis, that address compliance with the federal securities laws and the Exchange's Rules in place to prevent and deter unlawful trading by floor members.

⁴⁰ Current Rule 640 would be deleted, replaced by proposed Rule 1240. Rule 1240(a)(5) would define the term "covered person" as any person registered with the Exchange pursuant to Rule 1210, including any person who is permissively registered pursuant to Rule 1210.02, and any person who is designated as eligible for a waiver pursuant to Rule 1210.09.

1210.07 would also provide that a registered person of a member who becomes CE inactive would not be permitted to be registered in another registration category with that member or be registered in any registration category with another member, until the person has satisfied the Regulatory Element.

Individuals whose activities are limited solely to the transaction of business on the Exchange's trading floor, with members or registered broker-dealers, would continue to be excluded from the CE requirement.⁴¹ Pursuant to proposed Rule 1260, Section (c), members whose activities are limited to the Exchange's options trading floor and who are registered pursuant to proposed Rule 1260(a) as well as associated persons whose activities are limited to the Exchange's options trading floor and who are registered pursuant to proposed Rule 1260(b) would be exempt from the representative registration requirements of proposed Rules 1210 and 1220. The CE requirements of proposed Rule 1240 would apply only to "covered persons," defined in turn in proposed Rule 1240 as persons registered pursuant to Rule 1210.

I. Lapse of Registration and Expiration of SIE (Proposed Rule 1210.08)

Existing Rule 611(c) states that any person whose registration has been revoked by the Exchange as a disciplinary sanction or whose most recent registration as principal has been terminated for two or more years immediately preceding the date of receipt by the Exchange of a new application is required to pass a qualification examination for Principals appropriate to the category of registration as specified in Rule 611.

The two year period is calculated from the termination date to the date the Exchange receives a new application for registration. A comparable provision applicable to

⁴¹ See existing Rule 640, Commentary .01, which excludes such individuals from the term "registered person" as it is used in Rule 640.

representatives is found in Rule 613(c). The Exchange is proposing to delete existing Rules 611(c) and 613(c), and to replace them with Rule 1210.08, Lapse of Registration and Expiration of SIE.

Proposed Rule 1210.08 contains language comparable to that of existing Rules 611(c) and 613(c) but also clarifies that, for purposes of the proposed rule, an application would not be considered to have been received by the Exchange if that application does not result in a registration. Proposed Rule 1210.08 also sets forth the expiration period of the SIE. Based on the content covered on the SIE, the Exchange is proposing that a passing result on the SIE be valid for four years. Therefore, under the proposed rule change, an individual who passes the SIE and is an associated person of a firm at the time would have up to four years from the date he or she passes the SIE to pass a representative-level examination to register as a representative with that firm, or a subsequent firm, without having to retake the SIE. In addition, an individual who passes the SIE and is not an associated person at the time would have up to four years from the date he or she passes the SIE to become an associated person of a firm, pass a representative-level examination and register as a representative without having to retake the SIE.

Moreover, an individual holding a representative-level registration who leaves the industry after the effective date of the proposed rule change would have up to four years to re-associate with a firm and register as a representative without having to retake the SIE. However, the four-year expiration period in the proposed rule change extends only to the SIE, and not the representative- and principal-level registrations. The

representative- and principal-level registrations would continue to be subject to a two year expiration period as is the case today.

J. Waiver of Examinations for Individuals Working for a Financial Services Industry Affiliate of a Member (Proposed Rule 1210.09)

The Exchange is proposing Rule 1210.09 to provide a new process whereby individuals who would be working for a financial services industry affiliate of a member⁴² would terminate their registrations with the member and would be granted a waiver of their requalification requirements upon re-registering with a member, provided the firm that is requesting the waiver and the individual satisfy the criteria for a Financial Services Affiliate (“FSA”) waiver.⁴³ The purpose of the FSA waiver is to provide a firm greater flexibility to move personnel, including senior and middle management, between the firm and its financial services affiliate(s) so that they may gain organizational skills and better knowledge of products developed by the affiliate(s) without the individuals having to requalify by examination each time they returned to the firm.

Under the proposed waiver process, the first time a registered person is designated as eligible for a waiver based on the FSA criteria, the member with which the individual is registered would notify the Exchange of the FSA designation. The member

⁴² Proposed Rule 1210.09 defines a “financial services industry affiliate of a member” as a legal entity that controls, is controlled by or is under common control with a member and is regulated by the SEC, Commodity Futures Trading Commission (“CFTC”), state securities authorities, federal or state banking authorities, state insurance authorities, or substantially equivalent foreign regulatory authorities.

⁴³ There is no counterpart to proposed Rule 1210.09 in the Exchange’s existing rules. FINRA Rule 1210.09 was recently adopted as a new waiver process for FINRA registrants, as part of the FINRA Rule Changes.

would concurrently file a full Form U5 terminating the individual's registration with the firm, which would also terminate the individual's other SRO and state registrations.

To be eligible for initial designation as an FSA-eligible person by a member, an individual must have been registered for a total of five years within the most recent 10-year period prior to the designation, including for the most recent year with that member.⁴⁴ An individual would have to satisfy these preconditions only for purposes of his or her initial designation as an FSA-eligible person, and not for any subsequent FSA designation(s). Thereafter, the individual would be eligible for a waiver for up to seven years from the date of initial designation⁴⁵ provided that the other conditions of the waiver, as described below, have been satisfied. Consequently, a member other than the member that initially designated an individual as an FSA-eligible person may request a waiver for the individual and more than one member may request a waiver for the individual during the seven-year period.⁴⁶

⁴⁴ For purposes of this requirement, a five year period of registration with the Exchange, with FINRA or with another self-regulatory organization would be sufficient.

⁴⁵ Individuals would be eligible for a single, fixed seven-year period from the date of initial designation, and the period would not be tolled or renewed.

⁴⁶ The following examples illustrate this point:

Example 1. Firm A designates an individual as an FSA-eligible person by notifying the Exchange and files a Form U5. The individual joins Firm A's financial services affiliate. Firm A does not submit a waiver request for the individual. After working for Firm A's financial services affiliate for three years, the individual directly joins Firm B's financial services affiliate for three years. Firm B then submits a waiver request to register the individual.

Example 2. Same as Example 1, but the individual directly joins Firm B after working for Firm A's financial services affiliate, and Firm B submits a waiver request to register the individual at that point in time.

An individual designated as an FSA-eligible person would be subject to the Regulatory Element of CE while working for a financial services industry affiliate of a member. The individual would be subject to a Regulatory Element program that correlates to his or her most recent registration category, and CE would be based on the same cycle had the individual remained registered. If the individual fails to complete the prescribed Regulatory Element during the 120-day window for taking the session, he or she would lose FSA eligibility (*i.e.*, the individual would have the standard two-year period after termination to re-register without having to retake an examination). The Exchange is making corresponding changes to Rule 640, Continuing Education (proposed to be renumbered as Rule 1240).

Upon registering an FSA-eligible person, a firm would file a Form U4 and request the appropriate registration(s) for the individual. The firm would also submit an examination waiver request to the Exchange,⁴⁷ similar to the process used today for waiver requests, and it would represent that the individual is eligible for an FSA waiver

Example 3. Firm A designates an individual as an FSA-eligible person by notifying the Exchange and files a Form U5. The individual joins Firm A's financial services affiliate for three years. Firm A then submits a waiver request to reregister the individual. After working for Firm A in a registered capacity for six months, Firm A re-designates the individual as an FSA-eligible person by notifying FINRA and files a Form U5. The individual rejoins Firm A's financial services affiliate for two years, after which the individual directly joins Firm B's financial services affiliate for one year. Firm B then submits a waiver request to register the individual.

Example 4. Same as Example 3, but the individual directly joins Firm B after the second period of working for Firm A's financial services affiliate, and Firm B submits a waiver request to register the individual at that point in time.

⁴⁷ The Exchange would consider a waiver of the representative-level qualification examination(s), the principal-level qualification examination(s) and the SIE, as applicable.

based on the conditions set forth below. The Exchange would review the waiver request and make a determination of whether to grant the request within 30 calendar days of receiving the request. The Exchange would summarily grant the request if the following conditions are met:

(1) Prior to the individual's initial designation as an FSA-eligible person, the individual was registered for a total of five years within the most recent 10-year period, including for the most recent year with the member that initially designated the individual as an FSA-eligible person;

(2) The waiver request is made within seven years of the individual's initial designation as an FSA-eligible person by a member;

(3) The initial designation and any subsequent designation(s) were made concurrently with the filing of the individual's related Form U5;

(4) The individual continuously worked for the financial services affiliate(s) of a member since the last Form U5 filing;

(5) The individual has complied with the Regulatory Element of CE; and

(6) The individual does not have any pending or adverse regulatory matters, or terminations, that are reportable on the Form U4, and has not otherwise been subject to a statutory disqualification while the individual was designated as an FSA-eligible person with a member.

Following the Form U5 filing, an individual could move between the financial services affiliates of a member so long as the individual is continuously working for an affiliate. Further, a member could submit multiple waiver requests for the individual,

provided that the waiver requests are made during the course of the seven-year period.⁴⁸

An individual who has been designated as an FSA-eligible person by a member would not be able to take additional examinations to gain additional registrations while working for a financial services affiliate of a member.

K. Status of Persons Serving in the Armed Forces of the United States (Proposed Rule 1210.10)

Current Rule 53, Inactive Status of Currently Registered Persons, provides specific relief to registered persons serving in the Armed Forces of the United States. Among other things, the rule permits a registered person of a member or member organization who volunteers for or is called into active duty in the Armed Forces of the United States to be placed, after proper notification to the Exchange, upon inactive status and remain eligible to receive ongoing transaction-related compensation. The rule also includes specific provisions regarding the deferment of the lapse of registration requirements in Rules 611, 613 and 3228 for formerly registered person serving in the Armed Forces of the United States.

The Exchange is proposing to adopt Rule 53 as Rule 1210.10 with certain changes. To enhance the efficiency of the current notification process for registered persons serving in the Armed Forces, proposed Rule 1210.10 requires that the member with which such person is registered promptly notify the Exchange of such person's return to employment with the member. A sole proprietor must similarly notify the

⁴⁸ For example, if a member submits a waiver request for an FSA-eligible person who has been working for a financial services affiliate of the member for three years and re-registers the individual, the member could subsequently file a Form U5 and re-designate the individual as an FSA-eligible person. Moreover, if the individual works with a financial services affiliate of the member for another three years, the member could submit a second waiver request and re-register the individual upon returning to the member.

Exchange of his or her return to participation in the securities business. Further, proposed Rule 1210.10 provides that the Exchange would also defer the lapse of the SIE for formerly registered persons serving in the Armed Forces of the United States.⁴⁹

L. Impermissible Registrations (Proposed Rule 1210.11)

Existing Rule 611(a) and 613(a) prohibit a member organization from maintaining a principal or representative registration with the Exchange for any person who is no longer active in the member organization's investment banking or securities business, who is no longer functioning in the registered capacity, or where the sole purpose is to avoid an examination requirement. The rules also prohibit a member organization from applying for the registration of a person as representative or principal where the member organization does not intend to employ the person in its investment banking or securities business. These prohibitions do not apply to the current permissive registration categories identified in Rules 611(a) and 613(a).⁵⁰

⁴⁹ Proposed Rule 1210.10 tracks FINRA Rule 1210.10 except for the statement that inactive registered persons are not to be included within the definition of "Personnel" for purposes of dues or assessments as provided in Article VI of the FINRA By-Laws. Instead, proposed Rule 1210.10 incorporates language from existing Nasdaq and BX IM-1002-2, stating that inactive persons under the rule are not included within the scope of fees, if any, charged by the Exchange with respect to registered persons.

⁵⁰ Rules 611(a) allows for permissive principal registration of individuals who perform legal, compliance, internal audit, back-office operations, or similar duties for the member organization or a person engaged in the investment banking or securities business of a foreign securities affiliate or subsidiary of the member organization. Rule 613(a) permits permissive registration as a representative of an individual who performs legal, compliance, internal audit, back-office operations, or similar responsibilities for the member organization, or a person who performs administrative support functions for registered personnel, or a person engaged in the investment banking or securities business of a foreign securities affiliate or subsidiary of the member organization.

In light of proposed Rule 1210.02, Permissive Registrations, discussed above the Exchange is proposing to delete these provisions of Rule 611(a) and 613(a) and instead adopt Rule 1210.11 prohibiting a member from registering or maintaining the registration of a person unless the registration is consistent with the requirements of proposed Rule 1210.⁵¹

M. Registration Categories (Proposed Rule 1220)

The Exchange is proposing to adopt new and revised registration category rules and related definitions in proposed Rule 1220, Registration Categories.⁵²

1. Definition of Principal (Proposed Rule 1220(a)(1))

Current Rule 611(b) defines “principal” to include sole proprietors, officers, partners, managers of offices of supervisory jurisdiction and directors who are actively engaged in the management of the member organization’s investment banking or securities business, such as supervision, solicitation, conduct of business or the training of persons associated with a member organization for any of these functions. The Exchange is proposing to streamline and adopt Rule 611(b) as Rule 1220(a)(1).

For the reason discussed above in connection with proposed Rule 1210, proposed Rule 1220(a)(1) would not apply to individuals who are not engaged in the management of the member’s securities business even if they are engaged in the management of the

⁵¹ As discussed above, the Exchange is also proposing Rule 1210, Supplementary Material .12, Application for Registration and Jurisdiction, which is not included in FINRA Rule 1210. Proposed Exchange Rule 1210, Supplementary Material .12, is based upon portions of existing Nasdaq Rule 1031.

⁵² For ease of reference, the Exchange proposes to adopt as Rule 1220, Supplementary Material .07, in chart form, a Summary of Qualification Requirements in chart form for each of the Exchange’s permitted registration categories discussed below.

member's investment banking business. Proposed Rule 1220(a)(1) clarifies that a member's chief executive officer ("CEO") and chief financial officer ("CFO") (or equivalent officers) are considered principals based solely on their status. The proposed rule further clarifies that the term "principal" includes any other associated person who is performing functions or carrying out responsibilities that are required to be performed or carried out by a principal under Exchange rules. In addition, the proposed rule provides that the phrase "actively engaged in the management of the member's securities business" includes the management of, and the implementation of corporate policies related to, such business as well as managerial decision-making authority with respect to the member's securities business and management-level responsibilities for supervising any aspect of such business, such as serving as a voting member of the member's executive, management or operations committees.

2. General Securities Principal (Proposed Rule 1220(a)(2))

Current Rule 612(a) currently requires that an associated person who meets the definition of "principal" under Rule 611 and each person designated as Chief Compliance Officer ("CCO") on Schedule A of the member's Form BD (Uniform Application for Broker-Dealer Registration) register as a General Securities Principal. A person registering as a General Securities Principal must pass the General Securities Principal examination. The rule, however, provides that such person is not required to register as a General Securities Principal if the person's activities are so limited as to qualify such person for one or more of the limited principal categories specified in Rules 611(b) - (e). Further, the rule does not preclude individuals registered in a limited principal category

from registering as General Securities Principals. Rule 612(a) also includes transitioning and grandfathering provisions for CCO's.

Rule 612(a) requires individuals seeking to register and qualify as a General Securities Principal, prior to or concurrent with such registration, to become registered as a General Securities Representative. It also includes a grandfathering provision for persons who were registered as principals before the adoption of the General Securities Principal registration category. Finally, it provides that an associated person registered solely as a General Securities Principal is not qualified to function as a Limited Principal - Financial and Operations, Limited Principal - General Securities Sales Supervisor or Securities Trader Principal.

The Exchange is proposing to more clearly set forth the obligation to register as a General Securities Principal. Specifically, proposed Rule 1220(a)(2)(A) states that each principal as defined in proposed Rule 1220(a)(1) is required to register with the Exchange as a General Securities Principal, except that if a principal's activities are limited to the functions of a Compliance Official, a Financial and Operations Principal, a Securities Trader Principal, a Securities Trader Compliance Officer, or a Registered Options Principal, then the principal shall appropriately register in one or more of these categories.⁵³ Proposed Rule 1220(a)(2)(A) further provides that if a principal's activities are limited solely to the functions of a General Securities Sales Supervisor, then the principal may appropriately register in that category in lieu of registering as a General Securities Principal, provided that if the principal is engaged in options sales activities he

⁵³ The Exchange is proposing to recognize the Compliance Official and Securities Trader Compliance Officer registration categories for the first time as a result of this proposed rule change.

or she would be required to register as a General Securities Sales Supervisor or as a Registered Options Principal.⁵⁴

Proposed Rule 1220(a)(2)(B) requires that an individual registering as a General Securities Principal satisfy the General Securities Representative prerequisite registration and pass the General Securities Principal qualification examination.

In conjunction with the elimination of the Corporate Securities Representative registration category by FINRA, the Exchange is proposing that Rule 1220(a)(2)(B) provide that, subject to the lapse of registration provisions in proposed Rule 1210.08, General Securities Principals who obtained the Corporate Securities Representative prerequisite registration on the Exchange in lieu of the General Securities Representative prerequisite registration and individuals who had been registered as such within the past two years prior to the effective date of the proposed rule change, may continue to supervise corporate securities activities as currently permitted.⁵⁵ Proposed Rule 1220(a)(2)(B) requires all other individuals registering as General Securities Principals after October 1, 2018, to first become registered as a General Securities Representative pursuant to Rule 1220(b)(2).⁵⁶

⁵⁴ The Exchange's proposed Rule 1220(a)(2)(A) deviates somewhat from the counterpart FINRA rule in that it does not offer various limited registration categories provided for in FINRA's new Rule 1220(a)(2)(A). It therefore proposes to reserve Rules 1220(a)(2)(A)(ii) and (iv).

⁵⁵ The Exchange itself does not recognize the Corporate Securities Representative registration category, but understands that FINRA and Nasdaq currently accept Corporate Securities Representative registration as a prerequisite to General Securities Principal registration.

⁵⁶ The Exchange is not adopting the FINRA Rule 1220(a)(2)(B) language permitting an individual registering as a General Securities Principal after October 1, 2018 to register as a General Securities Sales Supervisor and to pass the General Securities Principal Sales Supervisor Module qualification examination. The

The Exchange is also proposing to eliminate the grandfathering provision for individuals who were registered as principals prior to the adoption of the General Securities Principal registration category because it no longer has any practical application. Finally, the Exchange is proposing to delete the provision that persons eligible for registration in other principal categories are not precluded from registering as General Securities Principals because it is superfluous.⁵⁷

3. Compliance Official (Proposed Rule 1220(a)(3))

Current Rule 612(a) provides that each person designated as a Chief Compliance Officer on Schedule A of Form BD of a member organization to which Rule 611 applies, be required to register with the Exchange as a General Securities Principal and shall pass the Series 24 examination before such registration may become effective, unless such person's activities are so limited as to qualify such person for one or more of the limited

Exchange believes that individuals registering as General Securities Principals should be required to demonstrate their competence for that role by passing the General Securities Principal qualification examination.

⁵⁷ Proposed Rule 1220(a)(2) generally tracks FINRA Rule 1220(a)(2), except that it omits references to a number of registration categories which FINRA recognizes but that the Exchange does not, and it includes a reference to the Securities Trader Compliance Officer category which the Exchange proposes to recognize, but which FINRA does not. Additionally, proposed Rule 1220(a)(2)(A)(i) extends that provision's exception to the General Securities Principal registration requirement to certain principals whose activities are "limited to" (rather than "include") the functions of a more limited principal. The Exchange believes that activities "limited to" expresses the intent of that exception more accurately than activities that "include." Finally, proposed Rule 1220(a)(2)(B) specifies that registration as a Corporate Securities Representative must be with the Exchange in order to fulfill the Corporate Securities Representative registration prerequisite for General Securities Principal registration pursuant to that rule.

categories of principal registration specified Rule 612(b) - (e).⁵⁸ The Exchange proposes to delete this provision.

In its place, the Exchange proposes to adopt Rule 1220(a)(3) providing that each person designated as a Chief Compliance Officer on Schedule A of Form BD shall be required to register with the Exchange as a General Securities Principal, provided that such person may instead register as a Compliance Official if his or her duties do not include supervision of trading. All individuals registering as Compliance Official would be required, prior to or concurrent with such registration, to pass the Compliance Official qualification examination. An individual designated as a Chief Compliance Officer on Schedule A of Form BD of a member that is engaged in limited securities business could also be registered in a principal category under Rule 1220(a) that corresponds to the limited scope of the member's business.

Additionally, Rule 1220(a)(3) would provide that an individual designated as a Chief Compliance Officer on Schedule A of Form BD may register and qualify as a Securities Trader Compliance Officer if, with respect to transactions in equity, preferred or convertible debt securities, or options such person is engaged in proprietary trading, the execution of transactions on an agency basis, or the direct supervision of such activities other than a person associated with a member whose trading activities are conducted principally on behalf of an investment company that is registered with the SEC pursuant to the Investment Company Act and that controls, is controlled by, or is under common control with a member. All individuals registering as Securities Trader

⁵⁸ The limited registration categories identified in Rule 612(b) – (e) are Limited Principal—Financial and Operations, Limited Principal—General Securities Sales Supervisor, Limited Principal—Registered Options Principal, and Securities Trader Principal.

Compliance Officers would be required to first become registered pursuant to paragraph (b)(4) as a Securities Trader, and to pass the Compliance Official qualification exam.⁵⁹

4. Financial and Operations Principal (Proposed Rule 1220(a)(4))

Existing Rule 612(b) provides that every member organization to which Rule 611 applies and that is operating pursuant to the provisions of SEC Rule 15c3-1(a)(1)(ii), (a)(2)(i) or (a)(8) shall designate as Limited Principal—Financial and Operations those persons associated with it, at least one of whom shall be its chief financial officer, who perform the duties described in Rule 612(b)(ii).⁶⁰ It requires each person associated with a member organization who performs such duties to be registered as a Limited Principal—Financial and Operations with the Exchange and to pass the Series 27 examination before such registration may become effective.

⁵⁹ Proposed Rule 1220(a)(3) differs from FINRA Rule 1220(a)(3), Compliance Officer. The Exchange does not recognize the Compliance Officer registration category. Similarly, FINRA does not recognize the Compliance Official or the Securities Trader Compliance Officer registration categories which the Exchange proposes to recognize. However, FINRA Rule 1220(a)(3), like proposed Rule 1220(a)(3), offers an exception pursuant to which a Chief Compliance Officer designated on Schedule A of Form BD may register in a principal category that corresponds to the limited scope of the member's business.

⁶⁰ Those duties include (A) final approval and responsibility for the accuracy of financial reports submitted to any duly established securities industry regulatory body; (B) final preparation of such reports; (C) supervision of individuals who assist in the preparation of such reports; (D) supervision of and responsibility for individuals who are involved in the actual maintenance of the member organization's books and records from which such reports are derived; (E) supervision and/or performance of the member organization's responsibilities under all financial responsibility rules promulgated pursuant to the provisions of the Act; (F) overall supervision of and responsibility for the individuals who are involved in the administration and maintenance of the member organization's back office operations; or (G) any other matter involving the financial and operational management of the member organization. A person registered solely as a Limited Principal—Financial and Operations shall not be qualified to function in a Principal capacity with responsibility over any other area of business activity.

The Exchange is proposing to delete Rule 612(b) and to adopt in its place Rule 1220(a)(4), substituting the word “and” for the current word “or” found in Rule 612(b)(ii)(F) in order to conform to FINRA Rule 1220(a)(4)(A) in describing the duties of a Financial and Operations Principal.⁶¹

5. Investment Banking Principal (Proposed Rule 1220(a)(5))

The Exchange does not recognize the Investment Banking Principal registration category and is reserving Rule 1220(a)(5), retaining the caption solely to facilitate comparison with FINRA’s rules.

6. Research Principal (Proposed Rule 1220(a)(6))

The Exchange does not recognize the Research Principal registration category and is reserving Rule 1220(a)(6), retaining the caption solely to facilitate comparison with FINRA’s rules.

7. Securities Trader Principal (Proposed Rule 1220(a)(7))

Existing Rule 612(e) provides that each person associated with a member who is included within the definition of principal in Rule 611(b) and who will have supervisory responsibility over the securities trading activities described in Rule 613(f) shall become qualified and registered as a Securities Trader Principal. To qualify for registration as a Securities Trader Principal, such person must become qualified and registered as a

⁶¹ FINRA Rule 1220(a)(4) differs from proposed Rule 1220(a)(4) in that it includes an Introducing Broker-Dealer Financial and Operations Principal registration requirement. Additionally, proposed Rule 1220(a)(4) contains a requirement, which the FINRA rule does not, that each person associated with a member who performs the duties of a Financial and Operations Principal must register as such with the Exchange. Further, as discussed above, the Exchange is not adopting a Principal Financial Officer or Principal Operations Officer requirement like FINRA Rule 1220(a)(4)(B), as it believes the Financial and Operations Principal requirement is sufficient. Finally, proposed Rule 1220(a)(4)(B)(v) and (vi) contain minor wording variations from the FINRA rule.

Securities Trader under Rule 613(f) and pass the General Securities Principal qualification examination. A person who is qualified and registered as a Securities Trader Principal under this provision may only have supervisory responsibility over the Securities Trader activities specified in Rule 613(f), unless such person is separately qualified and registered in another appropriate principal registration category, such as the General Securities Principal registration category. Conversely, a person who is registered as a General Securities Principal is not qualified to supervise the trading activities described in Rule 613(f), unless such person has also become qualified and registered as a Securities Trader under Rule 613(f) by passing the Securities Trader qualification examination and become registered as a Securities Trader Principal.

The Exchange is proposing to delete Rule 612(e) and to adopt in its place Rule 1220(a)(7), Securities Trader Principal. Proposed Rule 1220(a)(7) requires that a principal responsible for supervising the securities trading activities specified in proposed Rule 1220(b)(4)⁶² register as a Securities Trader Principal. The proposed rule requires individuals registering as Securities Trader Principals to be registered as Securities Traders and to pass the General Securities Principal qualification examination.

8. Registered Options Principal (Proposed Rules 1220(a)(8))

Rule 612(d) provides that each person associated with a member organization to which Rule 611 applies and who is included in the definition of principal in Rule 611 may register with the Exchange as a Limited Principal—Registered Options Principal if:

(A) his or her supervisory responsibilities in the investment banking and securities business are limited exclusively to the options activities of a member organization, (B) he

⁶² Proposed Rule 1220(b)(4), discussed below, provides for registration in the representative-level “Securities Trader” category.

or she is registered pursuant to Exchange rules as a General Securities Representative, and (C) he or she is qualified to be so registered by passing the Series 4 examination. It also provides that a person registered in this category solely on the basis of having passed the Series 4 examination for Limited Principal—Registered Options Principal shall not be qualified to function in a principal capacity with responsibility over any area of business activity not described in paragraph (d)(i)(A).

The Exchange is proposing to delete Rule 612(d) and to adopt Rule 1220(a)(8)(A), Registered Options Principal, which would require under its section (a)(8)(A) that each member that is engaged in transactions in options with the public to have at least one Registered Options Principal.⁶³

In addition, each principal as defined in paragraph (a)(1) of the rule who is responsible for supervising a member's options sales practices with the public would be required to register with the Exchange as a Registered Options Principal, subject to the following exception. If a principal's options activities are limited solely to those activities that may be supervised by a General Securities Sales Supervisor, then such person may register as a General Securities Sales Supervisor pursuant to paragraph (a)(10) of the Rule in lieu of registering as a Registered Options Principal.⁶⁴

⁶³ Proposed Rule 1220(a)(8) differs from FINRA Rule 1220(a)(8) in that it omits certain references to other specific FINRA rules.

⁶⁴ Current Exchange Rule 1024, Conduct of Accounts for Options Trading, provides that members, member organizations and individuals associated with member organizations shall not be approved to transact options business with the public until such persons, who are designated as Options Principals, have been approved by and registered with the Exchange. Further, persons engaged in the supervision of options sales practice or a person to whom the designated general partner or executive officer (pursuant to Rule 1025) or another Registered Options Principal delegates the authority to supervise options sales practices shall be designated as options principals. Rule 1024, Commentary .06 provides that individuals engaged

Pursuant to proposed Rule 1220(a)(8)(B), subject to the lapse of registration provisions in Rule 1210.08, each person registered as a Registered Options Principal on October 1, 2018 and each person who was registered as a Registered Options Principal within two years prior to October 1, 2018 would be qualified to register as a Registered Options Principal without passing any additional qualification examinations. All other individuals registering as Registered Options Principals after October 1, 2018 would, prior to or concurrent with such registration, be required to become registered pursuant to paragraph Rule 1220(b)(2) of the Rule as a General Securities Representative and pass the Registered Options Principal qualification examination.⁶⁵

in the supervision of options sales practices and designated as Options Principals are required to qualify as an Options Principal by passing the Registered Options Principal Qualification Examination (Series 4) or the Sales Supervisor Qualification Examination (Series 9/10), and is proposed to be deleted in view of new Rule 1220(a)(8)(a). Under Rule 1024.07, individuals who are delegated responsibility pursuant to Rule 1025 for the acceptance of discretionary accounts, for approving exceptions to a member's criteria or standards for uncovered options accounts, and for approval of communications, shall be designated as Options Principals and are required to qualify as an Options Principal by passing the Registered Options Principal Qualification Examination (Series 4). Further, Exchange Rule 1024.08 states that a person accepting orders from non-member customers (unless such customer is a broker-dealer registered with the Securities and Exchange Commission) is required to register with the Exchange and to be qualified by passing the General Securities Registered Representative Examination (Series 7). Except for Rule 1024, Commentary .06, the foregoing provisions of Rule 1024 are specific to conducting an options business with the public and are not proposed to be amended in this proposed rule change. However, Rule 1024(a) also contains provisions regarding submission of Forms U4 and U5 to WebCRD that are duplicative of the proposed 1200 Series of rules, in particular proposed Rules 1210.12, Application for Registration and Jurisdiction, and 1250, Electronic Filing Requirements for Electronic Forms, and are therefore proposed to be deleted.

⁶⁵ The Exchange is also proposing to adopt Rule 1220, Supplementary Material .02, which provides that each person who is registered with the Exchange as a Registered Options Principal (or as a General Securities Representative, Options Representative, or General Securities Sales Supervisor) shall be eligible to engage in security futures activities as a principal provided that such individual completes

9. Government Securities Principal. (Rule 1220(a)(9))

The Exchange does not recognize the Government Securities Principal registration category and is reserving Rule 1220(a)(9), retaining the caption solely to facilitate comparison with FINRA's rules.

10. General Securities Sales Supervisor (Proposed Rules 1220(a)(10) and 1220.04)

Current Rule 612(c) provides that each person associated with a member organization to which Rule 611 applies and who is included in the definition of Principal in Rule 611 may register with the Exchange as a Limited Principal—General Securities Sales Supervisor if: (A) his or her supervisory responsibilities in the investment banking and securities business are limited to the securities sales activities of a member organization, including the training of sales and sales supervisory personnel and the maintenance of records of original entry and/or ledger accounts of the member organization required to be maintained in branch offices by SEC record keeping rules; (B) he or she is registered pursuant to Exchange Rules as a General Securities Representative; and (C) he or she is qualified to be so registered by passing the Series 9 or Series 10 examination. Under the rule a person registered in this category solely on the basis of having passed the Series 9 or Series 10 examination for Limited Principal—

a Firm Element program as set forth in proposed Rule 1240 that addresses security futures products before such person engages in security futures activities. Unlike FINRA Rule 1220.02, proposed Exchange Rule 1220.02 omits references to United Kingdom Securities Representatives and Canada Securities Representatives, which are registration categories the Exchange does not recognize. In any event, the Exchange does not currently offer security futures products for trading. In addition, the Exchange is also proposing to adopt Rule 1220, Supplementary Material .03 which requires notification to the Exchange in the event such person is terminated, resigns, becomes incapacitated or is otherwise unable to perform the duties of a Registered Options Principal, and imposes certain restrictions on the member's options business in that event.

General Securities Sales Supervisor is not qualified to: (A) function in a Principal capacity with responsibility over any area of business activity not described in paragraph (c)(i)(A); (B) be included for purposes of the Principal numerical requirements of Rule 611(e); or (C) perform for a member organization any or all of the following activities: (1) supervision of the origination and structuring of underwritings; (2) supervision of market making commitments; (3) final approval of advertisements as these are defined in Rule 605; (4) supervision of the custody of firm or customer funds and/or securities for purposes of SEC Rule 15c3-3; or (5) supervision of overall compliance with financial responsibility rules for broker/dealers promulgated pursuant to the provisions of the Act. Rule 612(c)(iii) explains the purpose of the General Securities Sales Supervisor registration category.

The Exchange is proposing to adopt Rule 612(c)(i) and (ii) and Rule 612(c)(iii), with changes, as Rules 1220(a)(10) and 1220.04, respectively.⁶⁶ Rule 1220(a)(10), however, omits the current Rule 1022(g) prohibition against supervision of the origination and structuring of underwritings, as that activity does not fall within the new, more limited scope of “securities trading” covered by the new 1200 Series of rules.

⁶⁶ The Exchange is not proposing to carry over into proposed Rule 1220(a)(10) the current Rule 612(c)(ii)(C)(3) prohibition against final approval of advertisements by General Securities Sales Supervisors. The Exchange notes that FINRA removed this prohibition several years ago from NASD Rule 1022(g) (Limited Principal— General Securities Sales Supervisor) and NASD IM-1022-2 (Limited Principal— General Securities Sales Supervisor). See Securities Exchange Act Release No. 68918 (February 13, 2013), 78 FR 11925 (February 20, 2013) (SR-FINRA-2013-014). Also, unlike FINRA Rule 1220.04, proposed Exchange Rule 1220.04 refers to “multiple exchanges” rather than listing the various exchanges where a sales principal might be required to qualify in the absence of the General Securities Sales Supervisor registration category. It also omits FINRA internal cross-references.

Each person seeking to register as a General Securities Sales Supervisor would be required, prior to or concurrent with such registration, to become registered pursuant to Rule 1220(b)(2) of the rule as a General Securities Representative and pass the General Securities Sales Supervisor qualification examinations.

11. Investment Company and Variable Contracts Products Principal and Direct Participation Programs Principal (Rules 1220(a)(11) and (a)(12))

The Exchange does not recognize the Investment Company and Variable Contracts Products Principal and the Direct Participation Programs Principal registration categories and is reserving Rule 1220(a)(11) and (a)(12), retaining the captions solely to facilitate comparison with FINRA's rules.

12. Private Securities Offerings Principal (Rule 1220(a)(13))

The Exchange does not recognize the Private Securities Offerings Principal registration category and is reserving Rule 1220(a)(13), retaining the caption solely to facilitate comparison with FINRA's rules.

13. Supervisory Analyst (Rule 1220(a)(14))

The Exchange does not recognize the Supervisory Analyst registration category and is reserving Rule 1220(a)(14), retaining the caption solely to facilitate comparison with FINRA's rules.

14. Definition of Representative (Proposed Rule 1220(b)(1))

Current Rule 1(a)(ee) defines "Representative" as a member or an associated person of a registered broker or dealer, including assistant officers other than principals, who is engaged in the investment banking or securities business for the member organization including the functions of supervision, solicitation or conduct of business in

securities or who is engaged in the training of persons associated with a broker or dealer for any of these functions.

The Exchange now proposes to amend Exchange Rule 1(a)(ee) to incorporate by reference a new definition of “representative” in proposed Rule 1220(b)(1). Proposed 1220(b)(1) would define the term representative as any person associated with a member, including assistant officers other than principals, who is engaged in the member’s securities business, such as supervision, solicitation, conduct of business in securities or the training of persons associated with a member for any of these functions.

15. General Securities Representative (Proposed Rule 1220(b)(2))

Under Rule 613(a), except for members whose activities are limited to the Exchange’s options trading floor and who are registered pursuant to Rule 620(a) as well as associated persons whose activities are limited to the Exchange’s options trading floor and who are registered pursuant to Rule 620(b), all persons engaged or to be engaged in the investment banking or securities business of a member organization who are to function as representatives shall be registered as such with the Exchange through WebCRD under PHLX in the category of registration appropriate to the function to be performed as specified in paragraph (e),⁶⁷ Categories of Representative Registration – General Securities Representative or (f), Securities Trader.

The Exchange proposes to delete those provisions of Rule 613(a) and to adopt new Rule 1220(b)(2), General Securities Representative. Proposed Rule 1220(b)(2)(A) states that each representative as defined in proposed Rule 1220(b)(1) is required to

⁶⁷ Rule 613(e) provides that individuals required to register with the Exchange as a General Securities Representative under the rule must pass the Series 7 examination before such registration may become effective.

register with the Exchange as a General Securities Representative, subject to the exception that if a representative's activities include the functions of a Securities Trader, as specified in Rule 1220(b)(2), then such person shall appropriately register as a Securities Trader.

Further, consistent with the proposed restructuring of the representative-level examinations, proposed Rule 1220(b)(2)(B) would require that individuals registering as General Securities Representatives pass the SIE and the General Securities Representative examination except that individuals registered as a General Securities Representatives within two years prior to October 1, 2018 would be qualified to register as General Securities Representatives without passing any additional qualification examinations.⁶⁸

In addition, the Exchange is proposing to adopt Rule 1220.01 to provide individuals who are associated persons of firms and who hold foreign registrations an alternative, more flexible, process to obtain an Exchange representative-level registration. The Exchange believes that there is sufficient overlap between the SIE and these foreign qualification requirements to permit them to act as exemptions to the SIE. Under proposed Rule 1220.01, individuals who are in good standing as representatives with the Financial Conduct Authority in the United Kingdom or with a Canadian stock exchange or securities regulator would be exempt from the requirement to pass the SIE, and thus would be required only to pass a specialized knowledge examination to register with the Exchange as a representative. The proposed approach would provide individuals with a

United Kingdom or Canadian qualification more flexibility to obtain an Exchange representative-level registration.

16. Operations Professional, Securities Trader, Investment Banking Representative, Research Analyst, Investment Company and Variable Contracts Products Representative, Direct Participation Programs Representative and Private Securities Offerings Representative (Rules 1220(b)(3), 1220(b)(4), 1220(b)(5), 1220(b)(6), 1220(b)(7), 1220(b)(8), 1220(b)(9) and 1220.05)

Operations Professional, Investment Banking Representative, Research Analyst, Investment Company and Variable Products Representative, Direct Participation Programs Representative and Private Securities Offerings Representative. The Exchange does not recognize these registration categories for its associated persons. The Exchange is therefore reserving Rules 1220(b)(3) – Operations Professional, and related Rule 1220.05, Scope of Operations Professional Requirement; 1220(b)(5) – Investment Banking Representative; 1220(b)(6) – Research Analyst; 1220(b)(7) – Investment Company and Variable Products Representative; 1220(b)(8) – Direct Participation Programs Representative; and 1220(b)(9) - Private Securities Offerings Representative, retaining the captions for each of them solely to facilitate comparison with FINRA’s rules.

Securities Trader – Proposed Rule 1220(b)(4). Pursuant to current Exchange Rule 613(f)(1) and (2), associated persons must pass the qualification examination for Securities Trader (the Series 57 examination) and register with the Exchange as a Securities Trader if, with respect to transactions in equity, preferred or convertible debt securities, or foreign currency options on the Exchange, such person is engaged in proprietary trading, the execution of transactions on an agency basis, or the direct supervision of such activities, other than any person associated with a member whose

trading activities are conducted principally on behalf of an investment company that is registered with the Commission pursuant to the Investment Company Act of 1940 and that controls, is controlled by or is under common control, with the member.⁶⁹

The Exchange now proposes to delete Exchange Rule 613(f) and to replace it with proposed Rule 1220(b)(4).⁷⁰ Rule 1220(b)(4) would require each representative as defined in Rule 1220(b)(1) of the rule to register with the Exchange as a Securities Trader if, with respect to transactions in equity, preferred or convertible debt securities, or options⁷¹ such person is engaged in proprietary trading, the execution of transactions on an agency basis, or the direct supervision of such activities other than a person associated with a member whose trading activities are conducted principally on behalf of an investment company that is registered with the SEC pursuant to the Investment Company Act and that controls, is controlled by, or is under common control with a member. Rule 1220(b)(4) would require individuals registering as Securities Traders to pass the SIE as well as the Securities Trader qualification exam.

Additionally, proposed Rule 1220(b)(4)(A) would require each person associated with a member who is: (i) primarily responsible for the design, development or

⁶⁹ Rule 613(f)(3) provides that a person registered as a Securities Trader is not qualified to function in any other registration category, unless he or she is also qualified and registered in such other registration category.

⁷⁰ Proposed Rule 1220(b)(4)(A) differs from FINRA Rule 1220(b)(4)(A) in that it applies to trading on the Exchange while the FINRA rule is limited to the specified trading which is “effected otherwise than on a securities exchange.” Additionally, the FINRA rule does not specifically extend to options trading.

⁷¹ Current Rule 613(f) refers to transactions in foreign currency options. Proposed Rule 1220(b)(4) would instead refer to “options” generally, to clarify that equity options as well as foreign currency options are products with respect to which Securities Trader registration requirements would apply.

significant modification of an algorithmic trading strategy relating to equity, preferred or convertible debt securities or options; or (ii) responsible for the day-to-day supervision or direction of such activities to register with the Exchange as a Securities Trader.⁷²

For purposes of this proposed new registration requirement an “algorithmic trading strategy” is an automated system that generates or routes orders (or order-related messages) but does not include an automated system that solely routes orders received in their entirety to a market center. The proposed registration requirement applies to orders and order related messages whether ultimately routed or sent to be routed to an exchange or over the counter. An order router alone would not constitute an algorithmic trading strategy. However, an order router that performs any additional functions would be considered an algorithmic trading strategy. An algorithm that solely generates trading ideas or investment allocations—including an automated investment service that constructs portfolio recommendations—but that is not equipped to automatically generate orders and order-related messages to effectuate such trading ideas into the market—whether independently or via a linked router—would not constitute an algorithmic trading strategy.⁷³

The associated persons covered by the expanded registration requirement would be required to pass the requisite qualification examination and be subject to the same continuing education requirements that are applicable to individual Securities Traders.

⁷² As noted above, this new registration requirement was recently added to the FINRA rulebook. The Exchange has determined to add a parallel requirement to its own rules, but also to add options to the scope of products within the proposed rule’s coverage. See Securities Exchange Act Release No. 77551 (April 7, 2016), 81 FR 21914 (April 13, 2016) (Order Approving File No. SR-FINRA-2016-007).

⁷³ See Securities Exchange Act Release No. 77551 (April 7, 2016), 81 FR 21914 (April 13, 2016) (Order Approving File No. SR-FINRA-2016-007).

The Exchange believes that potentially problematic conduct stemming from algorithmic trading strategies—such as failure to check for order accuracy, inappropriate levels of messaging traffic, and inadequate risk management controls—could be reduced or prevented, in part, through improved education regarding securities regulations for the specified individuals involved in the algorithm design and development process.

The proposal is intended to ensure the registration of one or more associated persons that possesses knowledge of, and responsibility for, both the design of the intended trading strategy and the technological implementation of the strategy, sufficient to evaluate whether the resulting product is designed to achieve regulatory compliance in addition to business objectives. For example, a lead developer who liaises with a head trader regarding the head trader's desired algorithmic trading strategy and is primarily responsible for the supervision of the development of the algorithm to meet such objectives must be registered under the proposal as the associated person primarily responsible for the development of the algorithmic trading strategy and supervising or directing the team of developers. Individuals under the lead developer's supervision would not be required to register under the proposal if they are not primarily responsible for the development of the algorithmic trading strategy or are not responsible for the day-to-day supervision or direction of others on the team. Under this scenario, the person on the business side that is primarily responsible for the design of the algorithmic trading strategy, as communicated to the lead developer, also would be required to register. In the event of a significant modification to the algorithm, members, likewise, would be required to ensure that the associated person primarily responsible for the significant

modification (or the associated person supervising or directing such activity), is registered as a Securities Trader.

A member employing an algorithm is responsible for the algorithm's activities whether the algorithm is designed or developed in house or by a third-party. Thus, in all cases, robust supervisory procedures, both before and after deployment of an algorithmic trading strategy, are a key component in protecting against problematic behavior stemming from algorithmic trading. In addition, associated persons responsible for monitoring or reviewing the performance of an algorithmic trading strategy must be registered, and a member's trading activity must always be supervised by an appropriately registered person. Therefore, even where a firm purchases an algorithm off-the-shelf and does not significantly modify the algorithm, the associated person responsible for monitoring or reviewing the performance of the algorithm would be required to be registered.

Pursuant to proposed Rule 1220(b)(4)(B) each person registered as a Securities Trader on October 1, 2018 and each person who was registered as a Securities Trader within two years prior to October 1, 2018 would be qualified to register as a Securities Trader without passing any additional qualification examinations. All other individuals registering as Securities Traders after October 1, 2018 would be required, prior to or concurrent with such registration, to pass the SIE and the Securities Trader qualification examination.

17. Eliminated Registration Categories (Proposed Rule 1220.06)

Proposed Rule 1220.06 has no practical relevance to the Exchange, but is included because the Nasdaq Affiliated Exchanges are also proposing to adopt the new 1200 Series, on a uniform basis. Proposed Rule 1220.06 will be relevant to Nasdaq and

BX which, unlike the Exchange, are proposing to eliminate a number of existing registration categories that are not currently recognized by the Exchange.⁷⁴

Proposed Rule 1220.06 provides that, subject to the lapse of registration provisions in proposed Rule 1210.08, individuals who are registered with the Exchange in any capacity recognized by the Exchange immediately prior to October 1, 2018, and each person who was registered with the Exchange in such categories within two years prior to October 1, 2018, shall be eligible to maintain such registrations with the Exchange. However, if individuals registered in such categories terminate their registration with the Exchange and the registration remains terminated for two or more years, they would not be able to re-register in that category. In addition, proposed Rule 1220.06 would include the current restrictions to which Order Processing Assistant Representatives are subject under Nasdaq rules.⁷⁵ As stated above, Rule 1220.06 would have no application to the Exchange as a practical matter.⁷⁶

18. Grandfathering Provisions

In addition to the grandfathering provisions in proposed Rule 1220(a)(2) (relating to General Securities Principals) and proposed Rule 1220.06 (relating to the eliminated registration categories), the Exchange is proposing to include grandfathering provisions in proposed Rule 1220(a)(8) (Registered Options Principal), 1220(b)(2) (General Securities Representative), and 1220(b)(4) (Securities Trader). Specifically, the proposed

⁷⁵ See Nasdaq Rule 1042.

⁷⁶ Proposed Exchange Rule 1220.06 omits references to a number of registration categories it does not propose to recognize, but which FINRA refers to in its own Rule 1220.06.

grandfathering provisions provide that, subject to the lapse of registration provisions in proposed Rule 1210.08, individuals who are registered in specified registration categories on the effective date of the proposed rule change and individuals who had been registered in such categories within the past two years prior to the effective date of the proposed rule change would be qualified to register in the proposed corresponding registration categories without having to take any additional examinations.

N. Associated Persons Exempt from Registration (Proposed Rules 1230 and 1230.01)

Existing Rule 614 currently provides that the following persons associated with a member organization are not required to register:

- (i) persons associated with a member organization whose functions are solely and exclusively clerical or ministerial;
- (ii) persons associated with a member organization who are not actively engaged in the investment banking or securities business;
- (iii) persons associated with a member organization whose functions are related solely and exclusively to the member organization's need for nominal corporate officers or for capital participation; and
- (iv) persons associated with a member organization whose functions are related solely and exclusively to effecting transactions on the floor of another national securities exchange and who are registered as floor members with such exchange; transactions in municipal securities; transactions in commodities; transactions in security futures, provided that any such person is registered with FINRA or a registered futures association; transactions in variable contracts and insurance premium funding programs and other contracts issued by an insurance company; transactions in direct participation programs; transactions in government securities; or effecting sales as part of a primary offering of securities not involving a public offering pursuant to Section 3(b), 4(2), or 4(6) of the Securities Act of 1933 and the rules and regulations thereunder.

The Exchange is proposing to adopt Rule 614 as Rule 1230 subject to certain changes. Rule 614 exempts from registration those associated persons who are not actively engaged in the securities business. It also exempts from registration those

associated persons whose functions are related solely and exclusively to a member's need for nominal corporate officers or for capital participation.⁷⁷ The Exchange believes that the determination of whether an associated person is required to register must be based on an analysis of the person's activities and functions in the context of the various registration categories. The Exchange does not believe that categorical exemptions for associated persons who are not "actively engaged" in a member's securities business, associated persons whose functions are related only to a member's need for nominal corporate officers or associated persons whose functions are related only to a member's need for capital participation is consistent with this analytical framework. The Exchange therefore is proposing to delete these exemptions. Rule 614(a)(iv)(a) further exempts from registration associated persons whose functions are related solely and exclusively to effecting transactions on the floor of another national securities exchange as long as they are registered as floor members with such exchange. Because exchanges have registration categories other than the floor member category, proposed Rule 1230 clarifies that the exemption applies to associated persons solely and exclusively effecting transactions on the floor of another national securities exchange, provided they are appropriately registered with such exchange.⁷⁸ Additionally, the Exchange proposes to add Section 3 of Rule 1230, pursuant to which persons associated with a member that are not citizens, nationals, or residents of the United States or any of its territories or

⁷⁷ These exemptions generally apply to associated persons who are corporate officers of a member in name only to meet specific corporate legal obligations or who only provide capital for a member, but have no other role in a member's business.

⁷⁸ Proposed Rule 1230 differs from FINRA Rule 1230 in that it includes a number of exemptions based upon current Nasdaq Rule 1060(a) which are not found in FINRA Rule 1230.

possessions, that will conduct all of their securities activities in areas outside the jurisdiction of the United States, and that will not engage in any securities activities with or for any citizen, national or resident of the United States need not register with the Exchange.⁷⁹

The Exchange proposes to adopt Rule 1230.01 to clarify that the function of accepting customer orders is not considered a clerical or ministerial function and that associated persons who accept customer orders under any circumstances are required to be appropriately registered. However, the proposed rule provides that an associated person is not accepting a customer order where occasionally, when an appropriately registered person is unavailable, the associated person transcribes the order details and the registered person contacts the customer to confirm the order details before entering the order.

O. Changes to Continuing Education Requirements (Proposed Rule 1240)

As described above, existing Rule 640, Continuing Education for Registered Persons, includes a Regulatory Element and a Firm Element. The Regulatory Element applies to registered persons and consists of periodic computer-based training on regulatory, compliance, ethical, supervisory subjects and sales practice standards. The Firm Element consists of at least annual, member-developed and administered training programs designed to keep covered registered persons current regarding securities products, services and strategies offered by the member. The CE requirements set forth

⁷⁹ Individuals described by Section 3 of Rule 1230 who are associated with FINRA members may be registered with FINRA as Foreign Associates pursuant to FINRA Rule 1220.06. FINRA is eliminating this registration category effective October 1, 2018, and the Exchange has never recognized it.

in Rule 640 have been reorganized and renumbered, and are now proposed to be adopted with amendments as new Rule 1240.⁸⁰

1. Regulatory Element

The Exchange is proposing to replace the term “registered person” in current Rule 640 with the term “covered person” and make conforming changes to proposed Rule 1240(a). For purposes of the Regulatory Element, the Exchange is proposing to define the term “covered person” in Rule 1240(a)(5) as any person registered pursuant to proposed Rule 1210, including any person who is permissively registered pursuant to proposed Rule 1210.02, and any person who is designated as eligible for an FSA waiver pursuant to proposed Rule 1210.09. The purpose of this change is to ensure that all registered persons, including those with permissive registrations, keep their knowledge of the securities industry current. The inclusion of persons designated as eligible for an FSA waiver under the term “covered persons” corresponds to the requirements of proposed Rule 1210.09. In addition, consistent with proposed Rule 1210.09, proposed Rule 1240(a) provides that an FSA-eligible person would be subject to a Regulatory Element program that correlates to his or her most recent registration category, and CE would be based on the same cycle had the individual remained registered. The proposed rule also provides that if an FSA-eligible person fails to complete the Regulatory Element during the prescribed time frames, he or she would lose FSA eligibility.

Further, the Exchange is proposing to add a rule to address the impact of failing to complete the Regulatory Element on a registered person’s activities and compensation.

⁸⁰ Proposed Rule 1240 also differs slightly from FINRA Rule 1240 in that it omits references to certain registration categories which the Exchange does not recognize as well as an internal cross reference to FINRA Rule 4517.

Specifically, proposed Rule 1240(a)(2) provides that any person whose registration has been deemed inactive under the rule may not accept or solicit business or receive any compensation for the purchase or sale of securities. However, like the FINRA rule, the proposed rule provides that such person may receive trail or residual commissions resulting from transactions completed before the inactive status, unless the member with which the person is associated has a policy prohibiting such trail or residual commissions.

2. Firm Element

The Exchange believes that training in ethics and professional responsibility should apply to all covered registered persons. Therefore, proposed Rule 1240(b)(2)(B), which provides that the Firm Element training programs must cover applicable regulatory requirements, would also require that a firm's training program cover training in ethics and professional responsibility.

P. Electronic Filing Rules

Existing Rule 616 states that forms required to be filed under the Rule 600 Series shall be filed electronically through WebCRD, including initial filings and amendments of Forms U4 and U5. It also provides for prompt filing of amendments, and that records of filed documents be retained for a period of not less than three years, the first two years in an easily accessible place, in accordance with Exchange Act Rule 17a-4. Electronic filing requirements are also found in a number of other rules.

The Exchange is proposing to delete existing Rule 616 and to replace it with new Rule 1250, Electronic Filing Requirements for Uniform Forms, which will consolidate Form U4 and U5 electronic filing requirements in a single location.⁸¹ The new rule

⁸¹ Proposed Rule 1250 is based upon current Nasdaq Rule 1140.

provides that all forms required to be filed under the Exchange's registration rules including the Rule 1200 series shall be filed through an electronic process or such other process as the Exchange may prescribe to the Central Registration Depository. It also would impose certain new requirements.

Under Rule 1250(b) members would be required to designate registered principal(s) or corporate officer(s) who are responsible for supervising a firm's electronic filings. The registered principal(s) or corporate officer(s) who has or have the responsibility to review and approve the forms filed pursuant to the rule would be required to acknowledge, electronically, that he is filing this information on behalf of the member and the member's associated persons. Under Rule 1250, Supplementary Material .01, the registered principal(s) or corporate officer(s) could delegate filing responsibilities to an associated person (who need not be registered) but could not delegate any of the supervision, review, and approval responsibilities mandated in Rule 1250(b). The registered principal(s) or corporate officer(s) would be required to take reasonable and appropriate action to ensure that all delegated electronic filing functions were properly executed and supervised.

Under Rule 1250(c)(1), initial and transfer electronic Form U4 filings and any amendments to the disclosure information on Form U4 must be based on a manually signed Form U4 provided to the member or applicant for membership by the person on whose behalf the Form U4 is being filed. As part of the member's recordkeeping requirements, it would be required to retain the person's manually signed Form U4 or amendments to the disclosure information on Form U4 in accordance with Rule 17a-4(e)(1) under the Act and make them available promptly upon regulatory request. An

applicant for membership must also retain every manually signed Form U4 it receives during the application process and make them available promptly upon regulatory request. Rule 1250(c)(2) and Supplementary Material .03 and 04 provide for the electronic filing of Form U4 amendments without the individual's manual signature, subject to certain safeguards and procedures.

Rule 1250(d) provides that upon filing an electronic Form U4 on behalf of a person applying for registration, a member must promptly submit fingerprint information for that person and that the Exchange may make a registration effective pending receipt of the fingerprint information.⁸² It further provides that if a member fails to submit the fingerprint information within 30 days after filing of an electronic Form U4, the person's registration will be deemed inactive, requiring the person to immediately cease all activities requiring registration or performing any duties and functioning in any capacity requiring registration. Under the rule the Exchange must administratively terminate a registration that is inactive for a period of two years. A person whose registration is administratively terminated could reactivate the registration only by reapplying for registration and meeting the qualification requirements of the applicable provisions of proposed Exchange Rule 1220. Upon application and a showing of good cause, the Exchange could extend the 30-day period.

Rule 1250(e) would require initial filings and amendments of Form U5 to be submitted electronically. As part of the member's recordkeeping requirements, it would be required to retain such records for a period of not less than three years, the first two

⁸² Proposed Rule 1250(d) covers the same subject matter as current Rules 616, Electronic Filing Requirements for Uniform Forms, and 623, Fingerprinting, which would be deleted.

years in an easily accessible place, in accordance with Rule 17a-4 under the Act, and to make such records available promptly upon regulatory request.

Finally, under proposed Rule 1250, Supplementary Material .02, a member could enter into an agreement with a third party pursuant to which the third party agrees to file the required forms electronically on behalf of the member and the member's associated persons. Notwithstanding the existence of such an agreement, the member would remain responsible for complying with the requirements of the Rule.

Q. Trading Floor Registration (Rule 1260)

Currently, Rules 620(a) and (b) govern trading floor member registration and non-member clerk registration. Rule 620(a) requires each Floor Broker, Specialist and Registered Options Trader on the Exchange trading floor to be registered as "Member Exchange" ("ME") under "PHLX" on Form U4, and to successfully complete the appropriate floor trading examination(s), if prescribed by the Exchange, in addition to requirements imposed by other Exchange rules. Under the rule the Exchange may also require periodic examinations due to changes in trading rules, products or automated systems. Rule 620(b) requires all trading floor personnel, including clerks, interns, stock execution clerks and any other associated persons, of a member organization not required to register pursuant to Rule 620(a) to be registered as "Floor Employee" ("FE") under "PHLX" on Form U4. Under the rule the Exchange may require these individuals to also successfully complete an examination, and may require periodic examinations due to changes in trading rules, products or automated systems. To consolidate these

registration rules into the new Rule 1200 series, Rule 620 is being renumbered as Rule 1260.⁸³

The Exchange proposes to adjust internal cross references as required by this proposed rule change, but not to make substantive changes to Rule 620(a) and (b). However, the Exchange proposes to adopt new section (c) to exempt certain individuals on the Exchange's trading floor from the representative registration requirements of proposed rules 1210 and 1220. Rule 1260(c) would provide that members⁸⁴ whose activities are limited to the Exchange's options trading floor and who are registered pursuant to Rule 1260(a), as well as associated persons whose activities are limited to the Exchange's options trading floor and are registered pursuant to Rule 1260(b) are exempt from the representative registration requirements (but not the principal registration requirements, including any prerequisite representative registration requirement) of Rules 1210 and 1220. Rule 1260(c) is intended to preserve the current exclusion of these individuals from the representative registration requirements of Rule 613.⁸⁵

⁸³ Exhibit 5 simply reflects the proposed new rule number of current Rule 620 rather than the deletion of the entire rule and the subsequent reinsertion of the entire rule following Rule 1250. In the rulebook, Rule 1260 will appear immediately following Rule 1250.

⁸⁴ In Rule 1260, unlike the other 1200 Series of proposed rules, the word "member" is not used to mean "member organization."

⁸⁵ Current Rule 613(a) imposes representative registration requirements upon persons engaged or to be engaged in the investment banking or securities business of a member organization except members whose activities are limited to the Exchange's options trading floor and who are registered pursuant to Rule 620(a), as well as associated persons whose activities are limited to the Exchange's options trading floor and are registered pursuant to Rule 620(b).

R. Other Rules

The Exchange is deleting Rule 614, Persons Exempt from Registration, as explained above. Rule 614(b), however, contains provisions dealing with Nonregistered Foreign “Finders” and is simply being relocated with nonsubstantive changes to new Rule 2040.⁸⁶ The remaining rules identified above under “Overview” which are to be amended in this proposed rule change simply update citations and/or make technical or nonsubstantive changes to the proposed new rules.

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁸⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁸⁸ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest.

The Exchange believes that the proposed rule change will streamline, and bring consistency and uniformity to, the registration rules, which will, in turn, assist members and their associated persons in complying with these rules and improve regulatory efficiency. The proposed rule change will also improve the efficiency of the examination program, without compromising the qualification standards, by eliminating duplicative testing of general securities knowledge on examinations and by removing examinations that currently have limited utility. In addition, the proposed rule change will expand the

⁸⁶ The FINRA counterpart to Rule 614(b) occupies a similar location in the FINRA rulebook. See FINRA Rule 2040(c), Nonregistered Foreign Finders.

⁸⁷ 15 U.S.C. 78f(b).

⁸⁸ 15 U.S.C. 78f(b)(5).

scope of permissive registrations, which, among other things, will allow members to develop a depth of associated persons with registrations to respond to unanticipated personnel changes and will encourage greater regulatory understanding. Further, the proposed rule change will provide a more streamlined and effective waiver process for individuals working for a financial services industry affiliate of a member, and it will require such individuals to maintain specified levels of competence and knowledge while working in areas ancillary to the securities business. The proposed rule change will improve the supervisory structure of firms by imposing an experience requirement for representatives that are designated by firms to function as principals for a 120-day period before having to pass an appropriate principal qualification examination. The proposed rule change will also prohibit unregistered persons from accepting customer orders under any circumstances, which will enhance investor protection.

The Exchange believes that, with the introduction of the SIE and expansion of the pool of individuals who are eligible to take the SIE, the proposed rule change has the potential of enhancing the pool of prospective securities industry professionals by introducing them to securities laws, rules and regulations and appropriate conduct before they join the industry in a registered capacity.

The extension of the Securities Trader registration requirement to developers of algorithmic trading strategies requires associated persons primarily responsible for the design, development or significant modification of an algorithmic trading strategy or responsible for the day-to-day supervision or direction of such activities to register and meet a minimum standard of knowledge regarding the securities rules and regulations applicable to the member employing the algorithmic trading strategy. This minimum

standard of knowledge is identical to the standard of knowledge currently applicable to traditional securities traders. The Exchange believes that improved education of firm personnel may reduce the potential for problematic market conduct and manipulative trading activity.

Finally, the proposed rule change makes organizational changes to the Exchange's registration and qualification rules to align them with registration and qualification rules of the Nasdaq Affiliated Exchanges, in order to prevent unnecessary regulatory burdens and to promote efficient administration of the rules. The change also makes minor updates and corrections to the Exchange's rules which improve readability.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is designed to ensure that all associated persons of members engaged in a securities business are, and will continue to be, properly trained and qualified to perform their functions, will be supervised, and can be identified by regulators. The proposed new 1200 Series of rules, which are similar in many respects to the registration-related requirements adopted by FINRA effective October 1, 2018, should enhance the ability of member firms to comply with the Exchange's rules as well as with the Federal securities laws. Additionally, as described above, the Exchange intends the amendments described herein to eliminate inconsistent registration-related requirements across the Nasdaq Affiliated Exchanges, thereby promoting uniformity of regulation across markets. The new 1200 Series should in fact remove administrative burdens that currently exist for members seeking to register associated persons on multiple Nasdaq Affiliated Exchanges featuring varying registration-related

requirements. Additionally, all similarly-situated associated persons of members will be treated similarly under the new 1200 Series in terms of standards of training, experience and competence for persons associated with Exchange members.

With respect in particular to registration of developers of algorithmic trading strategies, the Exchange recognizes that the proposal would impose costs on member firms employing associated persons engaged in the activity subject to the registration requirement. Specifically, among other things, additional associated persons would be required to become registered under the proposal, and the firm would need to establish policies and procedures to monitor compliance with the proposed requirement on an ongoing basis. However, given the prevalence and importance of algorithmic trading strategies in today's markets, the Exchange believes that associated persons engaged in the activities covered by this proposal must meet a minimum standard of knowledge regarding the applicable securities rules and regulations. To mitigate the costs imposed on member firms, the proposed rule change limits the scope of registration requirement by excluding technological or development support personnel who are not primarily responsible for the covered activities. It also excludes supervisors who are not responsible for the "day-to-day" supervision or direction of the covered activities.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section

19(b)(3)(A)(iii)⁸⁹ of the Act and Rule 19b-4(f)(6) thereunder⁹⁰ in that it effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

The Exchange believes that this proposal does not significantly affect the protection of investors or the public interest because clear rules relating to registration, qualification examinations and continuing education of associated persons of members which, among other things, take into consideration and align with the upcoming FINRA Rule Changes while remaining tailored to the Exchange's own business, ultimately benefit the investing public. As described above, the proposed rule changes are substantially similar to existing FINRA and Nasdaq rules as well as to the FINRA Rule Changes that will become effective October 1, 2018. Aligning the Exchange's rules in this area with those of FINRA and those of the Exchange's affiliated exchanges will help to create a greater degree of consistency, uniformity and regulatory efficiency with respect to registration, qualification and continuing education requirements applicable to associated persons, thereby facilitating compliance by members of the Exchange who also hold membership in FINRA or in one or more of the Exchange's affiliated exchanges. The proposed rule change does not impose any significant burden on

⁸⁹ 15 U.S.C. 78s(b)(3)(A)(iii).

⁹⁰ 17 CFR 240.19b-4(f)(6).

competition because it will apply uniformly to all similarly situated members and associated persons of members.

Furthermore, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that subsection at least five business days prior to the date of filing, or such shorter time as designated by the Commission. The Exchange has provided such notice.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing. Rule 19b-4(f)(6)(iii), however, permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requests that the Commission waive the operative delay to permit the Exchange to permit the proposed rule changes to become effective concurrent with the effectiveness of the FINRA Rule Changes on October 1, 2018.

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

As described above, and with the exceptions noted above, proposed Rules 1210, 1220, 1230 and 1240 are based upon FINRA Rules 1210, 1220, 1230 and 1240, effective October 1, 2018. Proposed Rule 1250 is based upon current Nasdaq Rule 1140.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Overview

The Exchange has adopted registration requirements to ensure that associated persons of member organizations attain and maintain specified levels of competence and knowledge pertinent to their function. In general, the current rules require that persons engaged in a member organization's investment banking or securities business who are to function as representatives or principals register with the Exchange in the category of registration appropriate to their functions by passing one or more qualification examinations³ and exempt specified associated persons from the registration requirements.⁴ They also prescribe ongoing continuing education requirements for registered persons.⁵ The Exchange now proposes to amend, reorganize and enhance its

⁴ See Phlx Rule 614, Persons Exempt from Registration.

⁵ See Phlx Rule 640, Continuing Education for Registered Persons.

rules regarding registration, qualification examinations and continuing education, as described below.⁶

Recently, the Commission approved a Financial Industry Regulatory Authority (“FINRA”) proposed rule change adopting rules relating to qualification and registration requirements in the Consolidated FINRA Rulebook,⁷ restructuring the FINRA representative-level qualification examinations, creating a general knowledge examination and specialized knowledge examinations, allowing permissive registration, establishing an exam waiver process for persons working for a financial services affiliate of a member, and amending certain Continuing Education (“CE”) requirements (collectively, the “FINRA Rule Changes”).⁸ The FINRA Rule Changes will become effective on October 1, 2018.

⁶ The Exchange’s rules governing these matters were extensively updated and amended in 2012. See Securities Exchange Act Release No. 66840 (April 20, 2012), 77 FR 25003 (April 26, 2012) (SR-Phlx-2012-23).

⁷ The current FINRA rulebook consists of: (1) FINRA rules; (2) NASD rules; and (3) rules incorporated from the New York Stock Exchange (“NYSE”) (the “Incorporated NYSE rules”). While the NASD rules generally apply to all FINRA members, the Incorporated NYSE rules apply only to those members of FINRA that are also members of the NYSE.

⁸ See Securities Exchange Act Release No. 81098 (July 7, 2017), 82 FR 32419 (July 13, 2017) (Order Approving File No. SR-FINRA-2017-007). See also FINRA Regulatory Notice 17-30 (SEC Approves Consolidated FINRA Registration Rules, Restructured Representative-Level Qualification Examinations and Changes to Continuing Education Requirements) (October 2017). FINRA articulated its belief that the proposed rule change would streamline, and bring consistency and uniformity to, its registration rules, which would, in turn, assist FINRA members and their associated persons in complying with the rules and improve regulatory efficiency. FINRA also determined to enhance the overall efficiency of its representative-level examinations program by eliminating redundancy of subject matter content across examinations, retiring several outdated representative-level registrations, and introducing a general knowledge examination that could be taken by all potential representative-level registrants and the general public. FINRA amended certain aspects of its

The Exchange now proposes to amend, reorganize and enhance its own membership, registration and qualification rules in part in response to the FINRA Rule Changes, and also in order to conform the Exchange's rules more closely to those of its affiliated exchanges in the interest of uniformity and to facilitate compliance with membership, registration and qualification regulatory requirements by members of multiple Nasdaq-affiliated exchanges including Phlx. Last, the Exchange proposes to enhance its registration rules by adding a new registration requirement applicable to developers of algorithmic trading systems similar to a requirement adopted by FINRA pursuant to a 2016 FINRA proposed rule change.⁹

As part of this proposed rule change, current Rules 53, Liability for Dues Until Transfer or Military Service; 611, Principal Registration Requirements; 612, Categories of Principal Registration; 613, Representative Registration; 614, Persons Exempt from Registration; 615, Waiver of Requirements; 616, Electronic Filing Requirements for Uniform Forms; 623, Fingerprinting; and 640, Continuing Education for Registered Persons, are proposed to be deleted. Rule 620, Trading Floor Registration, is proposed to be renumbered and amended.¹⁰

continuing education rule, including by codifying existing guidance regarding the effect of failing to complete the Regulatory Element on a registered person's activities and compensation.

In its proposed rule change FINRA addressed the increasing significance of algorithmic trading strategies by amending its rules to require registration, as Securities Traders, of associated persons primarily responsible for the design, development or significant modification of algorithmic trading strategies, or who are responsible for the day-to-day supervision or direction of such activities.

¹⁰ The Exchange also proposes conforming amendments to Rules 1, Definitions; 1024, Conduct of Accounts for Options Trading; 1090, Clerks; 3202, Application

In place of the deleted rules and rule sections the Exchange proposes to adopt a new 1200 Series of rules captioned Registration, Qualification and Continuing Education generally conforming to and based upon FINRA's new 1200 Series of rules resulting from the FINRA Rule Changes, but with a number of Exchange-specific variations.¹¹ The proposed new 1200 Series is also being proposed for adoption by Phlx's affiliated exchanges in order to facilitate compliance with membership, registration and qualification requirements by members of two or more of those affiliated exchanges.¹² In

The Exchange is also proposing to amend the two Floor Procedure Advices to delete references to the "Department of Market Regulation," which refer to FINRA's former Department of Market Regulation. FINRA amended its rules recently to reflect an internal reorganization of its Enforcement Operations. See Securities Exchange Act Release No. 83781 (August 6, 2018), 83 FR 39802 (August 10, 2018). In July 2017, FINRA announced its plan to consolidate its existing enforcement functions into a unified Department of Enforcement. FINRA's recent rule change makes technical and other non-substantive changes to FINRA Rules 9000 Series Code of Procedure to reflect the single Department of Enforcement, which the Exchange is mirroring in the two Floor Procedure Advices which will now refer only to FINRA's Department of Enforcement.

¹¹ The proposed Phlx 1200 Series of Rules would consist of Rule 1210, Registration Requirements; Rule 1220, Registration Categories; Rule 1230, Associated Persons Exempt from Registration; Rule 1240, Continuing Education Requirements; Rule 1250, Electronic Filing Requirements for Uniform Forms; and Rule 1260, Trading Floor Registration.

The proposed rule change would become effective October 1, 2018 with the exception of the new registration requirement for developers of algorithmic trading strategies which would become effective 180 days following the date of approval of this proposed rule change.

Proposed Rules

A. Registration Requirements (Proposed Rule 1210)

Exchange Rules 613(a) and 611(a) currently require that persons engaged, or to be engaged, in the investment banking or securities business of a member who are to

Affiliated Exchanges. See Securities Exchange Act Release No. 82169 (November 29, 2017), 82 FR 57508 (December 5, 2017) (SR-Phlx-2017-97). Ultimately, the Exchange intends to submit another proposed rule change to transfer the Exchange's 1200 Series of rules into the new shell structure. The Phlx 1200 Series of rules would differ slightly from the 1200 Series of the other Nasdaq Affiliated Exchanges given Phlx's trading floor and its unique membership structure which features the concept of a "member organization." The Phlx 1200 Series would therefore include a Rule 1260, Trading Floor Registration. Additionally, each of the new Phlx 1200 Series of rules (except Rule 1260) would contain a statement that references to a "member" in that rule shall be deemed to be references to a "member organization."

¹³ See Securities Exchange Act Release No. 77551 (April 7, 2016), 81 FR 21914 (April 13, 2016) (order approving SR-FINRA-2016-007). In its proposed rule change to adopt this registration requirement, FINRA addressed the increasing significance of algorithmic trading strategies by proposing to require registration, as Securities Traders, of associated persons primarily responsible for the design, development or significant modification of algorithmic trading strategies, or who are responsible for the day-to-day supervision or direction of such activities.

function as representatives or principals register with the Exchange in the category of registration appropriate to their functions as specified in Exchange Rules 613 and 612.¹⁴

The Exchange is proposing to consolidate and streamline provisions of Exchange Rules 613(a) and 611(a) and to adopt them as Exchange Rule 1210, subject to several changes.¹⁵

Proposed Rule 1210 provides that each person engaged in the securities business of a member must register with the Exchange as a representative or principal in each category of registration appropriate to his or her functions and responsibilities as specified in proposed Rule 1220, unless exempt from registration pursuant to proposed Rule 1230. Unlike current Rules 613(a) and 611(a), proposed Rule 1210 would not require persons engaged in the investment banking business of a member to register with the Exchange since a member's investment banking business is not the primary concern

¹⁴ Section (a) of Rule 613 includes an exception for members whose activities are limited to the Exchange's options trading floor and who are registered pursuant to Rule 620(a), as well as for associated persons whose activities are limited to the Exchange's options trading floor and are registered pursuant to Rule 620(b). As discussed below, the Exchange proposes to preserve this exception as new section (c) of proposed Rule 1260.

¹⁵ In general the 1200 Series would conform the Exchange's rules to FINRA's rules as revised in the FINRA Rule Changes, with modifications tailored to the business of the Exchange and of the other Nasdaq Affiliated Exchanges. However, the Exchange also proposes to adopt Rule 1210, Supplementary Material .12, which is not based upon a FINRA rule but instead on current Nasdaq Rule 1031(c), (d) and (e), which Nasdaq is proposing in SR-Nasdaq-2018-078 to relocate to Rule 1210, Supplementary Material .12 in the Nasdaq rulebook. These provisions govern the process for applying for registration and amending the registration application, as well as for notifying the Exchange of termination of the member's association with a person registered with the Exchange. The Exchange proposes to adopt Rule 1210, Supplemental Material .12, in order to have uniform processes and requirements in this area across the Nasdaq Affiliated Exchanges.

of the Exchange or the focus of its operations.¹⁶ Proposed Rule 1210 also provides that such person is not qualified to function in any registered capacity other than that for which the person is registered, unless otherwise stated in the rules.

B. Minimum Number of Registered Principals (Proposed Rule 1210.01)

Existing Rule 611(e), Requirement of Two Registered Principals, at section (i) requires members other than sole proprietorships to have at least two officers or partners who are registered as principals with respect to each aspect of the member organization's investment banking and securities business pursuant to the applicable provisions of Rule 611; provided, however, that a proprietary trading firm with 25 or fewer registered representatives is only required to have one officer or partner who is registered as a principal.¹⁷ Under Rule 611(e)(ii) the Exchange may waive the provisions of paragraph (e)(i) in situations that indicate conclusively that only one person should be required to register as a principal. Additionally, Rule 611(e)(iii) requires an applicant for

¹⁶ Miami International Securities Exchange LLC ("MIAX") Rule 203(a) and current ISE Rule 313(a)(1) likewise require registration of associated persons of members engaged in the member's securities business, but do not require registration with the exchanges of associated persons of members who engage in the member's investment banking business. Because the Exchange's proposed registration rules focus solely on securities trading activity, the proposed rules differ from the FINRA Rule Changes by omitting references to investment banking in proposed Rules 1210, 1210.03, 1210.10, 1220(a)(1), 1220(a)(2)(B), 1220(b), and 1240(b)(1), and also by omitting as unnecessary from Rule 1220(a)(10) a limitation on the qualification of a General Securities Sales Supervisor to supervise the origination and structuring of an underwriting.

¹⁷ Rule 611(e)(i)(A)-(D) defines the term "proprietary trading firm". Because the Exchange is proposing to delete Rule 611 in its entirety, Rule 611(e)(i) (A) – (D) would be reworded and relocated to Rule 1, Definitions, Section (kk) as a defined term.

membership to have at least one person qualified for registration as a Limited Principal – Financial and Operations, pursuant to Rule 612(b)(i).¹⁸

The Exchange is proposing to delete these requirements and in their place to adopt new Rule 1210.01. The new rule would provide firms that limit the scope of their business with flexibility in satisfying the two-principal requirement. In particular, proposed Rule 1210.01 requires that a member have a minimum of two General Securities Principals, provided that a member that is limited in the scope of its activities may instead have two officers or partners who are registered in a principal category that corresponds to the scope of the member's activities.¹⁹ For instance, if a firm's business is limited to securities trading, the firm may have two Securities Trader Principals, instead of two General Securities Principals. Additionally, Exchange Rule 1210.01 provides that any member with only one associated person is excluded from the two principal requirement. Proposed Rule 1210.01 would provide that existing members as well as new applicants may request a waiver of the two-principal requirement, consistent with current Exchange Rule 611(e)(ii). Finally, the Exchange is proposing to retain the existing rule's provision permitting a proprietary trading firm with 25 or fewer registered representatives to have just one registered principal. The FINRA Rule Changes do not

¹⁸ The Exchange's rules currently refer to various categories of limited principal registration as "Limited Principal –" followed by the name of the registration category. In this proposed rule change, the Exchange will no longer employ the term "Limited Principal –" in discussing various principal registration categories. No substantive change is intended; shortening the names of the various principals simply improves readability of the rules.

¹⁹ The principal registration categories are described in greater detail below.

include this provision.²⁰ The Financial and Operations Principal requirement of current Rules 611(e)(i) and 612(b)(i), which it references, would be revised and relocated to proposed Rule 1220(a)(4)(A).

C. Permissive Registrations (Proposed Rule 1210.02)

Current Rule 611(a) prohibits member organizations from maintaining a principal registration with the Exchange for any person (A) who is no longer active in the member organization's investment banking or securities business, (B) who is no longer functioning as a principal, or (C) where the sole purpose is to avoid the examination requirement of the rule. A member organization may not make application for the registration of any person as principal where there is no intent to employ such person in the member organization's investment banking or securities business. However, a member organization may maintain or make application for the registration as a principal of a person who performs legal, compliance, internal audit, back-office operations, or similar duties for the member organization or a person engaged in the investment banking or securities business of a foreign securities affiliate or subsidiary of the member organization. Exchange Rule 613(b) is a parallel provision applicable to representatives.

²⁰ The Exchange is not proposing provisions conforming to the new FINRA Rule 1210.01 requirements that all FINRA members are required to have a Principal Financial Officer and a Principal Operations Officer, because it believes that its proposed Rule 1220(a)(4), Financial and Operations Principal, which requires member firms operating pursuant to certain provisions of SEC rules to designate at least one Financial and Operations Principal, is sufficient. Further, the Exchange is not adopting the FINRA Rule 1210.01 requirements that (1) a member engaged in investment banking activities have an Investment Banking Principal, (2) a member engaged in research activities have a Research Principal, or (3) a member engaged in options activities with the public have a Registered Options Principal. The Exchange does not recognize the Investment Banking Principal or the Research Principal registration categories, and the Registered Options Principal registration requirement is set forth in Rule 1210.08 and its inclusion is therefore unnecessary in Rule 1210.01.

The Exchange is proposing to replace these provisions with new Rule 1210.02. The Exchange is also proposing to expand the scope of permissive registrations and to clarify a member's obligations regarding individuals who are maintaining such registrations.

Specifically, proposed Rule 1210.02 allows any associated person to obtain and maintain any registration permitted by the member. For instance, an associated person of a member working solely in a clerical or ministerial capacity, such as in an administrative capacity, would be able to obtain and maintain a General Securities Representative registration with the member. As another example, an associated person of a member who is registered, and functioning solely, as a General Securities Representative would be able to obtain and maintain a General Securities Principal registration with the member. Further, proposed Rule 1210.02 allows an individual engaged in the securities business of a foreign securities affiliate or subsidiary of a member to obtain and maintain any registration permitted by the member.

The Exchange is proposing to permit the registration of such individuals for several reasons. First, a member may foresee a need to move a former representative or principal who has not been registered for two or more years back into a position that would require such person to be registered. Currently, such persons are required to requalify (or obtain a waiver of the applicable qualification examinations) and reapply for registration. Second, the proposed rule change would allow members to develop a depth of associated persons with registrations in the event of unanticipated personnel changes. Third, allowing registration in additional categories encourages greater regulatory understanding. Finally, the proposed rule change would eliminate an inconsistency in the

current rules, which permit some associated persons of a member to obtain permissive registrations, but not others who equally are engaged in the member's business.

Individuals maintaining a permissive registration under the proposed rule change would be considered registered persons and subject to all Exchange rules, to the extent relevant to their activities. For instance, an individual working solely in an administrative capacity would be able to maintain a General Securities Representative registration and would be considered a registered person for purposes of rules relating to borrowing from or lending to customers, but the rule would have no practical application to his or her conduct because he or she would not have any customers.

Consistent with the Exchange's supervision rules, members would be required to have adequate supervisory systems and procedures reasonably designed to ensure that individuals with permissive registrations do not act outside the scope of their assigned functions.²¹ With respect to an individual who solely maintains a permissive registration, such as an individual working exclusively in an administrative capacity, the individual's day-to-day supervisor may be a nonregistered person. Members would be required to assign a registered supervisor to this person who would be responsible for periodically contacting such individual's day-to-day supervisor to verify that the individual is not acting outside the scope of his or her assigned functions. If such individual is permissively registered as a representative, the registered supervisor must be

²¹ The FINRA Proposed Rules at Rule 1210.02 cite FINRA's own supervision rule, by number. Because the 1200 Series of rules is intended to apply to the Exchange as well as to its affiliates which have different supervision rules, proposed Rule 1210.02 refers generally to the supervision rules rather than identifying them by number.

registered as a representative or principal. If the individual is permissively registered as a principal, the registered supervisor must be registered as a principal.²²

D. Qualification Examinations and Waivers of Examinations (Proposed Rule 1210.03)

Current Rule 611(a) provides that before a registration can become effective, persons who are to function as principals must pass a qualification examination for principals appropriate to the category of registration as specified in the rule. Rule 613(d) provides that no member organization shall permit any member or person associated with it to engage in the investment banking or securities business unless the member organization determines that such person satisfies the qualification requirements established by the Board and is not subject to statutory disqualification as defined in Section 3(a)(39)²³ of the Act. The Exchange is proposing to replace these provisions with new Rule 1210.03.

In addition, as part of the FINRA Rule Changes FINRA has adopted a restructured representative-level qualification examination program whereby representative-level registrants would be required to take a general knowledge examination (the Securities Industry Essentials Exam or “SIE”) and a specialized knowledge examination appropriate to their job functions at the firm with which they are associating. Therefore, proposed Rule 1210.03 provides that before the registration of a person as a representative can become effective under proposed Rule 1210, such person

²² In either case, the registered supervisor of an individual who solely maintains a permissive registration would not be required to be registered in the same representative or principal registration category as the permissively-registered individual.

²³ 15 U.S.C. 78c(a)(39).

must pass the SIE and an appropriate representative-level qualification examination as specified in proposed Rule 1220. Proposed Rule 1210.03 also provides that before the registration of a person as a principal can become effective under proposed Rule 1210, such person must pass an appropriate principal-level qualification examination as specified in proposed Rule 1220.

Further, proposed 1210.03 provides that if the job functions of a registered representative other than an individual registered as an Order Processing Assistant Representative, change and he or she needs to become registered in another representative-level category, he or she would not need to pass the SIE again. Rather, the registered person would need to pass only the appropriate representative-level qualification examination.²⁴ Thus under the proposed rule change, individuals seeking registration in two or more representative-level categories would experience a net

²⁴ The exception for Order Processing Assistant Representatives and Foreign Associates was adopted by FINRA in FINRA Rule 1210.03, and is included in proposed Exchange Rule 1210.03 without the reference to Foreign Associates which is a registration category the Nasdaq Affiliated Exchanges do not recognize. FINRA has stated that the SIE would assess basic product knowledge; the structure and function of the securities industry markets, regulatory agencies and their functions; and regulated and prohibited practices. Proposed Rule 1210.03 provides that all associated persons, such as associated persons whose functions are solely and exclusively clerical or ministerial, are eligible to take the SIE. Proposed Rule 1210.03 also provides that individuals who are not associated persons of firms, such as members of the general public, are eligible to take the SIE. FINRA has stated its belief that expanding the pool of individuals who are eligible to take the SIE would enable prospective securities industry professionals to demonstrate to prospective employers a basic level of knowledge prior to submitting a job application. Further, this approach would allow for more flexibility and career mobility within the securities industry. While all associated persons of firms as well as individuals who are not associated persons would be eligible to take the SIE pursuant to proposed Rule 1210.03, passing the SIE alone would not qualify them for registration with the Exchange. Rather, to be eligible for registration with the Exchange, an individual would be required to pass an applicable representative or principal qualification examination and complete the other requirements of the registration process.

decrease in the total number of exam questions they would be required to answer because the SIE content would be tested only once.

The proposed rule change solely impacts the representative-level qualification requirements. The proposed rule change does not change the scope of the activities permitted under the existing representative categories. For instance, after the effective date of the proposed rule change, a previously unregistered individual registering as a Securities Trader for the first time would be required to pass the SIE and an appropriate specialized knowledge examination. However, such individual may engage only in those activities in which a current Securities Trader may engage under current Exchange Rules.

Individuals who are registered on the effective date of the proposed rule change would be eligible to maintain those registrations without being subject to any additional requirements. Individuals who had been registered within the past two years prior to the effective date of the proposed rule change would also be eligible to maintain those registrations without being subject to any additional requirements, provided that they reregister with the Exchange within two years from the date of their last registration.

Further, registered representatives other than an individual registered as an Order Processing Assistant Representative, would be considered to have passed the SIE in the CRD system, and thus if they wish to register in any other representative category after the effective date of the proposed rule change, they could do so by taking only the appropriate specialized knowledge examination.²⁵ However, with respect to an

²⁵ Under the proposed rule change, only individuals who have passed an appropriate representative-level examination would be considered to have passed the SIE. Registered principals who do not hold an appropriate representative-level registration would not be considered to have passed the SIE. For example, an individual who is registered solely as a Financial and Operations Principal (Series

individual who is not registered on the effective date of the proposed rule change but was registered within the past two years prior to the effective date of the proposed rule change, the individual's SIE status in the CRD system would be administratively terminated if such individual does not register within four years from the date of the individual's last registration.²⁶

In addition, individuals, with the exception of Order Processing Assistant Representatives, who had been registered as representatives two or more years, but less than four years, prior to the effective date of the proposed rule change would also be considered to have passed the SIE and designated as such in the CRD system. Moreover, if such individuals re-register with a firm after the effective date of the proposed rule change and within four years of having been previously registered, they would only need to pass the specialized knowledge examination associated with that registration position. However, if they do not register within four years from the date of their last registration, their SIE status in the CRD system would be administratively terminated. Similar to the current process for registration, firms would continue to use the CRD system to request registrations for representatives. An individual would be able to schedule both the SIE and specialized knowledge examinations for the same day, provided the individual is able to reserve space at one of FINRA's designated testing centers.

27) today would have to take the Series 7 to become registered as a General Securities Representative. Under the proposed rule change, in the future, this individual would have to pass the SIE and the specialized Series 7 examination to obtain registration as a General Securities Representative.

²⁶ As discussed below, the Exchange is proposing a four-year expiration period for the SIE.

Finally, under current Rule 615, the Exchange may, in exceptional cases and where good cause is shown, waive the applicable qualification examination and accept other standards as evidence of an applicant's qualifications for registration. The Exchange is proposing to replace Rule 615 with proposed Rule 1210.03 with changes that track FINRA Rule 1210.03. The proposed rule provides that the Exchange will only consider examination waiver requests submitted by a firm for individuals associated with the firm who are seeking registration in a representative- or principal-level registration category. Moreover, proposed Rule 1210.03 states that the Exchange will consider waivers of the SIE alone or the SIE and the representative- and principal-level examination(s) for such individuals.

E. Requirements for Registered Persons Functioning as Principals for a Limited Period (Proposed Rule 1210.04)

Current Rule 611(d) provides that any person associated with a member organization as a registered representative whose duties are changed by the member organization so as to require registration in any principal classification is allowed a period of 90 calendar days following the change in his or her duties during which to pass the appropriate qualification examination for principals. It further provides that any person not presently associated with a member organization as registered representative seeking registration as a principal shall submit the appropriate application for registration and any required registration and examination fees. Such person shall be allowed a period of 90 days after all applicable prerequisites are fulfilled to pass the appropriate qualification examination for principals. A person who has never been registered does not qualify for this exception. This provision specifically applies to a person associated with a member organization of another registered national securities exchange or

association who is required to register in a principal classification under Exchange rules but who is not required to be so registered under the rules of the other exchange or association, as well as to a person associated with a member organization who was not required to register with the Exchange as a principal prior to the adoption of Exchange Rule 611.

The Exchange is proposing to adopt these requirements of Rule 611(d) as new Rule 1210.04, subject to certain changes. Proposed Rule 1210.04 states that a member may designate any person currently registered, or who becomes registered, with the member as a representative to function as a principal for a limited period, provided that such person has at least 18 months of experience functioning as a registered representative within the five-year period immediately preceding the designation and has fulfilled all prerequisite registration, fee and examination requirements prior to designation as principal. These requirements apply to any principal category, including those categories that are not subject to a prerequisite representative-level registration requirement, such as the Financial and Operations Principal registration category.²⁷ This change is intended to ensure that representatives designated to function as principals for the limited period under the proposed rule have an appropriate level of registered representative experience. The proposed rule clarifies that the requirements of the rule apply to any principal category, including those categories that are not subject to a prerequisite representative-level registration requirement, such as the Financial and Operations Principal registration category. Similarly, the rule would permit a member to

²⁷ In this regard, the Exchange notes that qualifying as a registered representative is currently a prerequisite to qualifying as a principal on the Exchange except with respect to the Financial and Operations Principal registration category.

designate any person currently registered, or who becomes registered, with the member as a principal to function in another principal category for a period of 120 calendar days prior to passing an appropriate qualification examination as specified under Rule 1220. Proposed Rule 1210.04 would increase the existing rule's 90 day period to 120 days, to provide additional flexibility for representatives functioning as principals for a limited period of time.

The Exchange is not conserving in new Rule 1210.04 the language in existing Rule 611 that the provisions apply to a person associated with a member organization of another registered national securities exchange or association who is required to register in a principal classification under Exchange rules but who is not required to be so registered under the rules of the other exchange or association, as well as to a person associated with a member organization who was not required to register with the Exchange as a Principal prior to the adoption of Exchange Rule 611. The Exchange believes this language to be superfluous as the applicability to various individuals of proposed Rule 1210.04 speaks for itself and requires no elaboration.²⁸

F. Rules of Conduct for Taking Examinations and Confidentiality of Examinations (Proposed Rule 1210.05)

Before taking an examination, FINRA currently requires each candidate to agree to the Rules of Conduct for taking a qualification examination. Among other things, the examination Rules of Conduct require each candidate to attest that he or she is in fact the person who is taking the examination. These Rules of Conduct also require that each

²⁸ Proposed Rule 1210.04 omits FINRA Rule 1210.04's reference to Foreign Associates, which is a registration category not recognized by the Nasdaq Affiliated Exchanges, but otherwise tracks the language of FINRA Rule 1210.04.

candidate agree that the examination content is the intellectual property of FINRA and that the content cannot be copied or redistributed by any means. If FINRA discovers that a candidate has violated the Rules of Conduct for taking a qualification examination, the candidate may forfeit the results of the examination and may be subject to disciplinary action by FINRA. For instance, for cheating on a qualification examination, FINRA's Sanction Guidelines recommend a bar.²⁹

Effective October 1, 2018, FINRA has codified the requirements relating to the Rules of Conduct for examinations under FINRA Rule 1210.05. FINRA also adopted Rules of Conduct for taking the SIE for associated persons and non-associated persons who take the SIE.

The Exchange proposes to adopt its own version of Rule 1210.05, which would provide that associated persons taking the SIE are subject to the SIE Rules of Conduct, and that associated persons taking any representative or principal examination are subject to the Rules of Conduct for representative and principal examinations. Under the proposed rule, a violation of the SIE Rules of Conduct or the Rules of Conduct for representative and principal examinations by an associated person would be deemed to be a violation of Exchange rules requiring observance of high standards of commercial honor or just and equitable principles of trade, such as Exchange Rule 707.³⁰ Further, if the Exchange determines that an associated person has violated the SIE Rules of Conduct or the Rules of Conduct for representative and principal examinations, the associated

³⁰ Exchange Rule 707 prohibits members, member organizations or persons associated with or employed by a member or member organization from engaging in acts or practices inconsistent with just and equitable principles of trade. FINRA Rule 1210.05 cites FINRA Rule 2010, which is a comparable rule.

person may forfeit the results of the examination and may be subject to disciplinary action by the Exchange.

Proposed Rule 1210.05 also states that the Exchange considers all of the qualification examinations' content to be highly confidential. The removal of examination content from an examination center, reproduction, disclosure, receipt from or passing to any person, or use for study purposes of any portion of such qualification examination or any other use that would compromise the effectiveness of the examinations and the use in any manner and at any time of the questions or answers to the examinations would be prohibited and would be deemed to be a violation of Exchange rules requiring observance of high standards of commercial honor or just and equitable principles of trade. Finally, proposed Rule 1210.05 would prohibit an applicant from receiving assistance while taking the examination, and require the applicant to certify that no assistance was given to or received by him or her during the examination.³¹

G. Waiting Periods for Retaking a Failed Examination (Proposed Rule 1210.06)

The Exchange proposes to adopt new Rule 1210.06, which provides that a person who fails an examination may retake that examination after 30 calendar days from the date of the person's last attempt to pass that examination.³² Proposed Rule 1210.06 further provides that if a person fails an examination three or more times in succession within a two-year period, the person is prohibited from retaking that examination until

³¹ The Exchange is not adopting portions of FINRA's Rule 1210.05 which apply to non-associated persons, over whom the Exchange would in any event have no jurisdiction.

180 calendar days from the date of the person's last attempt to pass it. These waiting periods would apply to the SIE and the representative- and principal-level examinations.³³

H. CE Requirements (Proposed Rule 1210.07)

Pursuant to current Exchange Rule 640, no member organization shall permit any registered person to continue to, and no registered person shall continue to, perform duties as a registered person, unless such person has complied with the continuing education requirements of paragraph (a) of Rule 640. Under the rule the CE requirements applicable to registered persons consist of a Regulatory Element³⁴ and a Firm Element.³⁵ The Regulatory Element applies to registered persons and must be completed within prescribed time frames.³⁶ For purposes of the Regulatory Element, a "registered person" is defined in current Rule 640 as any member, registered representative or other person registered or required to be registered under Exchange Rules, but does not include such person whose activities are limited solely to the transaction of business on the Exchange's trading floor, with members or registered

³³ FINRA Rule 1210.06 requires individuals taking the SIE who are not associated persons to agree to be subject to the same waiting periods for retaking the SIE. The Exchange is not including this language in proposed Rule 1210.06, as the Exchange will not apply the 1200 Series of rules in any event to individuals who are not associated persons of members.

³⁴ See Rule 640(a).

³⁵ See Rule 640(b).

³⁶ Pursuant to Rule 640(a), each registered person is required to complete the Regulatory Element on the occurrence of their second registration anniversary date(s), and every three years thereafter or as otherwise prescribed by the Exchange. On each occasion, the Regulatory Element must be completed within 120 days after the person's registration anniversary date.

broker-dealers.³⁷ The Firm Element consists of annual, member-developed and administered training programs designed to keep covered registered persons current regarding securities products, services and strategies offered by the member. For purposes of the Firm Element, the term “covered registered persons” is defined as any registered person who has direct contact with customers in the conduct of the member organization’s securities sales, trading or investment banking activities, and to the immediate supervisors of such persons.³⁸

The Exchange proposes to delete current Rule 640. The CE requirements set forth in Rule 640 are proposed to be reorganized and renumbered, and to be adopted as new Rule 1240. The Exchange believes that all persons registered pursuant to Rule 1210, regardless of their activities, should be subject to the Regulatory Element of the CE requirements so that they can keep their knowledge of the securities industry current.³⁹ Therefore, the Exchange is proposing Rule 1210.07, to clarify that all “covered persons” as defined in Rule 1240(a)(5), including those who solely maintain a permissive registration, are required to satisfy the Regulatory Element, as specified in proposed new

³⁷ See Rule 640, Commentary .01.

³⁸ See Rule 640(b)(1).

³⁹ The Exchange notes that Rule 625 also may require individuals who are not required to register pursuant to Rule 1210 to complete mandatory training. The rule provides that all members and persons employed by or associated with such member or a member organization shall successfully complete mandatory training, as required by the Exchange. Training topics include, but are not limited to, training related to that person’s function at the Exchange, changes in existing automated systems or any new technology that is utilized by the Exchange, compliance with Exchange Rules and federal securities laws, and issues related to conduct, health and safety on the trading floor. In addition, floor members shall complete mandatory training programs, on at least a semi-annual basis, that address compliance with the federal securities laws and the Exchange’s Rules in place to prevent and deter unlawful trading by floor members.

Rule 1240, discussed below.⁴⁰ Individuals who have passed the SIE but not a representative or principal-level examination and do not hold a registered position would not be subject to any CE requirements. Consistent with current practice, proposed Rule 1210.07 would also provide that a registered person of a member who becomes CE inactive would not be permitted to be registered in another registration category with that member or be registered in any registration category with another member, until the person has satisfied the Regulatory Element.

Individuals whose activities are limited solely to the transaction of business on the Exchange's trading floor, with members or registered broker-dealers, would continue to be excluded from the CE requirement.⁴¹ Pursuant to proposed Rule 1260, Section (c), members whose activities are limited to the Exchange's options trading floor and who are registered pursuant to proposed Rule 1260(a) as well as associated persons whose activities are limited to the Exchange's options trading floor and who are registered pursuant to proposed Rule 1260(b) would be exempt from the representative registration requirements of proposed Rules 1210 and 1220. The CE requirements of proposed Rule 1240 would apply only to "covered persons," defined in turn in proposed Rule 1240 as persons registered pursuant to Rule 1210.

I. Lapse of Registration and Expiration of SIE (Proposed Rule 1210.08)

Existing Rule 611(c) states that any person whose registration has been revoked

⁴⁰ Current Rule 640 would be deleted, replaced by proposed Rule 1240. Rule 1240(a)(5) would define the term "covered person" as any person registered with the Exchange pursuant to Rule 1210, including any person who is permissively registered pursuant to Rule 1210.02, and any person who is designated as eligible for a waiver pursuant to Rule 1210.09.

⁴¹ See existing Rule 640, Commentary .01, which excludes such individuals from the term "registered person" as it is used in Rule 640.

by the Exchange as a disciplinary sanction or whose most recent registration as principal has been terminated for two or more years immediately preceding the date of receipt by the Exchange of a new application is required to pass a qualification examination for Principals appropriate to the category of registration as specified in Rule 611.

The two year period is calculated from the termination date to the date the Exchange receives a new application for registration. A comparable provision applicable to representatives is found in Rule 613(c). The Exchange is proposing to delete existing Rules 611(c) and 613(c), and to replace them with Rule 1210.08, Lapse of Registration and Expiration of SIE.

Proposed Rule 1210.08 contains language comparable to that of existing Rules 611(c) and 613(c) but also clarifies that, for purposes of the proposed rule, an application would not be considered to have been received by the Exchange if that application does not result in a registration. Proposed Rule 1210.08 also sets forth the expiration period of the SIE. Based on the content covered on the SIE, the Exchange is proposing that a passing result on the SIE be valid for four years. Therefore, under the proposed rule change, an individual who passes the SIE and is an associated person of a firm at the time would have up to four years from the date he or she passes the SIE to pass a representative-level examination to register as a representative with that firm, or a subsequent firm, without having to retake the SIE. In addition, an individual who passes the SIE and is not an associated person at the time would have up to four years from the date he or she passes the SIE to become an associated person of a firm, pass a representative-level examination and register as a representative without having to retake the SIE.

Moreover, an individual holding a representative-level registration who leaves the industry after the effective date of the proposed rule change would have up to four years to re-associate with a firm and register as a representative without having to retake the SIE. However, the four-year expiration period in the proposed rule change extends only to the SIE, and not the representative- and principal-level registrations. The representative- and principal-level registrations would continue to be subject to a two year expiration period as is the case today.

J. Waiver of Examinations for Individuals Working for a Financial Services Industry Affiliate of a Member (Proposed Rule 1210.09)

The Exchange is proposing Rule 1210.09 to provide a new process whereby individuals who would be working for a financial services industry affiliate of a member⁴² would terminate their registrations with the member and would be granted a waiver of their requalification requirements upon re-registering with a member, provided the firm that is requesting the waiver and the individual satisfy the criteria for a Financial Services Affiliate (“FSA”) waiver.⁴³ The purpose of the FSA waiver is to provide a firm greater flexibility to move personnel, including senior and middle management, between the firm and its financial services affiliate(s) so that they may gain organizational skills

⁴² Proposed Rule 1210.09 defines a “financial services industry affiliate of a member” as a legal entity that controls, is controlled by or is under common control with a member and is regulated by the SEC, Commodity Futures Trading Commission (“CFTC”), state securities authorities, federal or state banking authorities, state insurance authorities, or substantially equivalent foreign regulatory authorities.

⁴³ There is no counterpart to proposed Rule 1210.09 in the Exchange’s existing rules. FINRA Rule 1210.09 was recently adopted as a new waiver process for FINRA registrants, as part of the FINRA Rule Changes.

and better knowledge of products developed by the affiliate(s) without the individuals having to requalify by examination each time they returned to the firm.

Under the proposed waiver process, the first time a registered person is designated as eligible for a waiver based on the FSA criteria, the member with which the individual is registered would notify the Exchange of the FSA designation. The member would concurrently file a full Form U5 terminating the individual's registration with the firm, which would also terminate the individual's other SRO and state registrations.

To be eligible for initial designation as an FSA-eligible person by a member, an individual must have been registered for a total of five years within the most recent 10-year period prior to the designation, including for the most recent year with that member.⁴⁴ An individual would have to satisfy these preconditions only for purposes of his or her initial designation as an FSA-eligible person, and not for any subsequent FSA designation(s). Thereafter, the individual would be eligible for a waiver for up to seven years from the date of initial designation⁴⁵ provided that the other conditions of the waiver, as described below, have been satisfied. Consequently, a member other than the member that initially designated an individual as an FSA-eligible person may request a waiver for the individual and more than one member may request a waiver for the individual during the seven-year period.⁴⁶

⁴⁴ For purposes of this requirement, a five year period of registration with the Exchange, with FINRA or with another self-regulatory organization would be sufficient.

⁴⁵ Individuals would be eligible for a single, fixed seven-year period from the date of initial designation, and the period would not be tolled or renewed.

⁴⁶ The following examples illustrate this point:

An individual designated as an FSA-eligible person would be subject to the Regulatory Element of CE while working for a financial services industry affiliate of a member. The individual would be subject to a Regulatory Element program that correlates to his or her most recent registration category, and CE would be based on the same cycle had the individual remained registered. If the individual fails to complete the prescribed Regulatory Element during the 120-day window for taking the session, he or she would lose FSA eligibility (i.e., the individual would have the standard two-year period after termination to re-register without having to retake an examination). The Exchange is making corresponding changes to Rule 640, Continuing Education (proposed to be renumbered as Rule 1240).

Example 1. Firm A designates an individual as an FSA-eligible person by notifying the Exchange and files a Form U5. The individual joins Firm A's financial services affiliate. Firm A does not submit a waiver request for the individual. After working for Firm A's financial services affiliate for three years, the individual directly joins Firm B's financial services affiliate for three years. Firm B then submits a waiver request to register the individual.

Example 2. Same as Example 1, but the individual directly joins Firm B after working for Firm A's financial services affiliate, and Firm B submits a waiver request to register the individual at that point in time.

Example 3. Firm A designates an individual as an FSA-eligible person by notifying the Exchange and files a Form U5. The individual joins Firm A's financial services affiliate for three years. Firm A then submits a waiver request to reregister the individual. After working for Firm A in a registered capacity for six months, Firm A re-designates the individual as an FSA-eligible person by notifying FINRA and files a Form U5. The individual rejoins Firm A's financial services affiliate for two years, after which the individual directly joins Firm B's financial services affiliate for one year. Firm B then submits a waiver request to register the individual.

Example 4. Same as Example 3, but the individual directly joins Firm B after the second period of working for Firm A's financial services affiliate, and Firm B submits a waiver request to register the individual at that point in time.

Upon registering an FSA-eligible person, a firm would file a Form U4 and request the appropriate registration(s) for the individual. The firm would also submit an examination waiver request to the Exchange,⁴⁷ similar to the process used today for waiver requests, and it would represent that the individual is eligible for an FSA waiver based on the conditions set forth below. The Exchange would review the waiver request and make a determination of whether to grant the request within 30 calendar days of receiving the request. The Exchange would summarily grant the request if the following conditions are met:

- (1) Prior to the individual's initial designation as an FSA-eligible person, the individual was registered for a total of five years within the most recent 10-year period, including for the most recent year with the member that initially designated the individual as an FSA-eligible person;
- (2) The waiver request is made within seven years of the individual's initial designation as an FSA-eligible person by a member;
- (3) The initial designation and any subsequent designation(s) were made concurrently with the filing of the individual's related Form U5;
- (4) The individual continuously worked for the financial services affiliate(s) of a member since the last Form U5 filing;
- (5) The individual has complied with the Regulatory Element of CE; and
- (6) The individual does not have any pending or adverse regulatory matters, or terminations, that are reportable on the Form U4, and has not

⁴⁷ The Exchange would consider a waiver of the representative-level qualification examination(s), the principal-level qualification examination(s) and the SIE, as applicable.

otherwise been subject to a statutory disqualification while the individual was designated as an FSA-eligible person with a member.

Following the Form U5 filing, an individual could move between the financial services affiliates of a member so long as the individual is continuously working for an affiliate. Further, a member could submit multiple waiver requests for the individual, provided that the waiver requests are made during the course of the seven-year period.⁴⁸ An individual who has been designated as an FSA-eligible person by a member would not be able to take additional examinations to gain additional registrations while working for a financial services affiliate of a member.

K. Status of Persons Serving in the Armed Forces of the United States (Proposed Rule 1210.10)

Current Rule 53, Inactive Status of Currently Registered Persons, provides specific relief to registered persons serving in the Armed Forces of the United States. Among other things, the rule permits a registered person of a member or member organization who volunteers for or is called into active duty in the Armed Forces of the United States to be placed, after proper notification to the Exchange, upon inactive status and remain eligible to receive ongoing transaction-related compensation. The rule also includes specific provisions regarding the deferment of the lapse of registration requirements in Rules 611, 613 and 3228 for formerly registered person serving in the Armed Forces of the United States.

⁴⁸ For example, if a member submits a waiver request for an FSA-eligible person who has been working for a financial services affiliate of the member for three years and re-registers the individual, the member could subsequently file a Form U5 and re-designate the individual as an FSA-eligible person. Moreover, if the individual works with a financial services affiliate of the member for another three years, the member could submit a second waiver request and re-register the individual upon returning to the member.

The Exchange is proposing to adopt Rule 53 as Rule 1210.10 with certain changes. To enhance the efficiency of the current notification process for registered persons serving in the Armed Forces, proposed Rule 1210.10 requires that the member with which such person is registered promptly notify the Exchange of such person's return to employment with the member. A sole proprietor must similarly notify the Exchange of his or her return to participation in the securities business. Further, proposed Rule 1210.10 provides that the Exchange would also defer the lapse of the SIE for formerly registered persons serving in the Armed Forces of the United States.⁴⁹

L. Impermissible Registrations (Proposed Rule 1210.11)

Existing Rule 611(a) and 613(a) prohibit a member organization from maintaining a principal or representative registration with the Exchange for any person who is no longer active in the member organization's investment banking or securities business, who is no longer functioning in the registered capacity, or where the sole purpose is to avoid an examination requirement. The rules also prohibit a member organization from applying for the registration of a person as representative or principal where the member organization does not intend to employ the person in its investment banking or securities

⁴⁹ Proposed Rule 1210.10 tracks FINRA Rule 1210.10 except for the statement that inactive registered persons are not to be included within the definition of "Personnel" for purposes of dues or assessments as provided in Article VI of the FINRA By-Laws. Instead, proposed Rule 1210.10 incorporates language from existing Nasdaq and BX IM-1002-2, stating that inactive persons under the rule are not included within the scope of fees, if any, charged by the Exchange with respect to registered persons.

business. These prohibitions do not apply to the current permissive registration categories identified in Rules 611(a) and 613(a).⁵⁰

In light of proposed Rule 1210.02, Permissive Registrations, discussed above the Exchange is proposing to delete these provisions of Rule 611(a) and 613(a) and instead adopt Rule 1210.11 prohibiting a member from registering or maintaining the registration of a person unless the registration is consistent with the requirements of proposed Rule 1210.⁵¹

M. Registration Categories (Proposed Rule 1220)

The Exchange is proposing to adopt new and revised registration category rules and related definitions in proposed Rule 1220, Registration Categories.⁵²

1. Definition of Principal (Proposed Rule 1220(a)(1))

Current Rule 611(b) defines “principal” to include sole proprietors, officers, partners, managers of offices of supervisory jurisdiction and directors who are actively

⁵⁰ Rules 611(a) allows for permissive principal registration of individuals who perform legal, compliance, internal audit, back-office operations, or similar duties for the member organization or a person engaged in the investment banking or securities business of a foreign securities affiliate or subsidiary of the member organization. Rule 613(a) permits permissive registration as a representative of an individual who performs legal, compliance, internal audit, back-office operations, or similar responsibilities for the member organization, or a person who performs administrative support functions for registered personnel, or a person engaged in the investment banking or securities business of a foreign securities affiliate or subsidiary of the member organization.

⁵¹ As discussed above, the Exchange is also proposing Rule 1210, Supplementary Material .12, Application for Registration and Jurisdiction, which is not included in FINRA Rule 1210. Proposed Exchange Rule 1210, Supplementary Material .12, is based upon portions of existing Nasdaq Rule 1031.

⁵² For ease of reference, the Exchange proposes to adopt as Rule 1220, Supplementary Material .07, in chart form, a Summary of Qualification Requirements in chart form for each of the Exchange’s permitted registration categories discussed below.

engaged in the management of the member organization's investment banking or securities business, such as supervision, solicitation, conduct of business or the training of persons associated with a member organization for any of these functions. The Exchange is proposing to streamline and adopt Rule 611(b) as Rule 1220(a)(1).

For the reason discussed above in connection with proposed Rule 1210, proposed Rule 1220(a)(1) would not apply to individuals who are not engaged in the management of the member's securities business even if they are engaged in the management of the member's investment banking business. Proposed Rule 1220(a)(1) clarifies that a member's chief executive officer ("CEO") and chief financial officer ("CFO") (or equivalent officers) are considered principals based solely on their status. The proposed rule further clarifies that the term "principal" includes any other associated person who is performing functions or carrying out responsibilities that are required to be performed or carried out by a principal under Exchange rules. In addition, the proposed rule provides that the phrase "actively engaged in the management of the member's securities business" includes the management of, and the implementation of corporate policies related to, such business as well as managerial decision-making authority with respect to the member's securities business and management-level responsibilities for supervising any aspect of such business, such as serving as a voting member of the member's executive, management or operations committees.

2. General Securities Principal (Proposed Rule 1220(a)(2))

Current Rule 612(a) currently requires that an associated person who meets the definition of "principal" under Rule 611 and each person designated as Chief Compliance Officer ("CCO") on Schedule A of the member's Form BD (Uniform Application for

Broker-Dealer Registration) register as a General Securities Principal. A person registering as a General Securities Principal must pass the General Securities Principal examination. The rule, however, provides that such person is not required to register as a General Securities Principal if the person's activities are so limited as to qualify such person for one or more of the limited principal categories specified in Rules 611(b) - (e). Further, the rule does not preclude individuals registered in a limited principal category from registering as General Securities Principals. Rule 612(a) also includes transitioning and grandfathering provisions for CCO's.

Rule 612(a) requires individuals seeking to register and qualify as a General Securities Principal, prior to or concurrent with such registration, to become registered as a General Securities Representative. It also includes a grandfathering provision for persons who were registered as principals before the adoption of the General Securities Principal registration category. Finally, it provides that an associated person registered solely as a General Securities Principal is not qualified to function as a Limited Principal - Financial and Operations, Limited Principal - General Securities Sales Supervisor or Securities Trader Principal.

The Exchange is proposing to more clearly set forth the obligation to register as a General Securities Principal. Specifically, proposed Rule 1220(a)(2)(A) states that each principal as defined in proposed Rule 1220(a)(1) is required to register with the Exchange as a General Securities Principal, except that if a principal's activities are limited to the functions of a Compliance Official, a Financial and Operations Principal, a Securities Trader Principal, a Securities Trader Compliance Officer, or a Registered Options Principal, then the principal shall appropriately register in one or more of these

categories.⁵³ Proposed Rule 1220(a)(2)(A) further provides that if a principal's activities are limited solely to the functions of a General Securities Sales Supervisor, then the principal may appropriately register in that category in lieu of registering as a General Securities Principal, provided that if the principal is engaged in options sales activities he or she would be required to register as a General Securities Sales Supervisor or as a Registered Options Principal.⁵⁴

Proposed Rule 1220(a)(2)(B) requires that an individual registering as a General Securities Principal satisfy the General Securities Representative prerequisite registration and pass the General Securities Principal qualification examination.

In conjunction with the elimination of the Corporate Securities Representative registration category by FINRA, the Exchange is proposing that Rule 1220(a)(2)(B) provide that, subject to the lapse of registration provisions in proposed Rule 1210.08, General Securities Principals who obtained the Corporate Securities Representative prerequisite registration on the Exchange in lieu of the General Securities Representative prerequisite registration and individuals who had been registered as such within the past two years prior to the effective date of the proposed rule change, may continue to supervise corporate securities activities as currently permitted.⁵⁵ Proposed Rule

⁵³ The Exchange is proposing to recognize the Compliance Official and Securities Trader Compliance Officer registration categories for the first time as a result of this proposed rule change.

⁵⁴ The Exchange's proposed Rule 1220(a)(2)(A) deviates somewhat from the counterpart FINRA rule in that it does not offer various limited registration categories provided for in FINRA's new Rule 1220(a)(2)(A). It therefore proposes to reserve Rules 1220(a)(2)(A)(ii) and (iv).

⁵⁵ The Exchange itself does not recognize the Corporate Securities Representative registration category, but understands that FINRA and Nasdaq currently accept

1220(a)(2)(B) requires all other individuals registering as General Securities Principals after October 1, 2018, to first become registered as a General Securities Representative pursuant to Rule 1220(b)(2).⁵⁶

The Exchange is also proposing to eliminate the grandfathering provision for individuals who were registered as principals prior to the adoption of the General Securities Principal registration category because it no longer has any practical application. Finally, the Exchange is proposing to delete the provision that persons eligible for registration in other principal categories are not precluded from registering as General Securities Principals because it is superfluous.⁵⁷

Corporate Securities Representative registration as a prerequisite to General Securities Principal registration.

⁵⁶ The Exchange is not adopting the FINRA Rule 1220(a)(2)(B) language permitting an individual registering as a General Securities Principal after October 1, 2018 to register as a General Securities Sales Supervisor and to pass the General Securities Principal Sales Supervisor Module qualification examination. The Exchange believes that individuals registering as General Securities Principals should be required to demonstrate their competence for that role by passing the General Securities Principal qualification examination.

⁵⁷ Proposed Rule 1220(a)(2) generally tracks FINRA Rule 1220(a)(2), except that it omits references to a number of registration categories which FINRA recognizes but that the Exchange does not, and it includes a reference to the Securities Trader Compliance Officer category which the Exchange proposes to recognize, but which FINRA does not. Additionally, proposed Rule 1220(a)(2)(A)(i) extends that provision's exception to the General Securities Principal registration requirement to certain principals whose activities are "limited to" (rather than "include") the functions of a more limited principal. The Exchange believes that activities "limited to" expresses the intent of that exception more accurately than activities that "include." Finally, proposed Rule 1220(a)(2)(B) specifies that registration as a Corporate Securities Representative must be with the Exchange in order to fulfill the Corporate Securities Representative registration prerequisite for General Securities Principal registration pursuant to that rule.

3. Compliance Official (Proposed Rule 1220(a)(3))

Current Rule 612(a) provides that each person designated as a Chief Compliance Officer on Schedule A of Form BD of a member organization to which Rule 611 applies, be required to register with the Exchange as a General Securities Principal and shall pass the Series 24 examination before such registration may become effective, unless such person's activities are so limited as to qualify such person for one or more of the limited categories of principal registration specified Rule 612(b) - (e).⁵⁸ The Exchange proposes to delete this provision.

In its place, the Exchange proposes to adopt Rule 1220(a)(3) providing that each person designated as a Chief Compliance Officer on Schedule A of Form BD shall be required to register with the Exchange as a General Securities Principal, provided that such person may instead register as a Compliance Official if his or her duties do not include supervision of trading. All individuals registering as Compliance Official would be required, prior to or concurrent with such registration, to pass the Compliance Official qualification examination. An individual designated as a Chief Compliance Officer on Schedule A of Form BD of a member that is engaged in limited securities business could also be registered in a principal category under Rule 1220(a) that corresponds to the limited scope of the member's business.

Additionally, Rule 1220(a)(3) would provide that an individual designated as a Chief Compliance Officer on Schedule A of Form BD may register and qualify as a Securities Trader Compliance Officer if, with respect to transactions in equity, preferred

⁵⁸ The limited registration categories identified in Rule 612(b) – (e) are Limited Principal—Financial and Operations, Limited Principal—General Securities Sales Supervisor, Limited Principal—Registered Options Principal, and Securities Trader Principal.

or convertible debt securities, or options such person is engaged in proprietary trading, the execution of transactions on an agency basis, or the direct supervision of such activities other than a person associated with a member whose trading activities are conducted principally on behalf of an investment company that is registered with the SEC pursuant to the Investment Company Act and that controls, is controlled by, or is under common control with a member. All individuals registering as Securities Trader Compliance Officers would be required to first become registered pursuant to paragraph (b)(4) as a Securities Trader, and to pass the Compliance Official qualification exam.⁵⁹

4. Financial and Operations Principal (Proposed Rule 1220(a)(4))

Existing Rule 612(b) provides that every member organization to which Rule 611 applies and that is operating pursuant to the provisions of SEC Rule 15c3-1(a)(1)(ii), (a)(2)(i) or (a)(8) shall designate as Limited Principal—Financial and Operations those persons associated with it, at least one of whom shall be its chief financial officer, who perform the duties described in Rule 612(b)(ii).⁶⁰ It requires each person associated with

⁵⁹ Proposed Rule 1220(a)(3) differs from FINRA Rule 1220(a)(3), Compliance Officer. The Exchange does not recognize the Compliance Officer registration category. Similarly, FINRA does not recognize the Compliance Official or the Securities Trader Compliance Officer registration categories which the Exchange proposes to recognize. However, FINRA Rule 1220(a)(3), like proposed Rule 1220(a)(3), offers an exception pursuant to which a Chief Compliance Officer designated on Schedule A of Form BD may register in a principal category that corresponds to the limited scope of the member's business.

⁶⁰ Those duties include (A) final approval and responsibility for the accuracy of financial reports submitted to any duly established securities industry regulatory body; (B) final preparation of such reports; (C) supervision of individuals who assist in the preparation of such reports; (D) supervision of and responsibility for individuals who are involved in the actual maintenance of the member organization's books and records from which such reports are derived; (E) supervision and/or performance of the member organization's responsibilities under all financial responsibility rules promulgated pursuant to the provisions of the Act; (F) overall supervision of and responsibility for the individuals who are

a member organization who performs such duties to be registered as a Limited Principal—Financial and Operations with the Exchange and to pass the Series 27 examination before such registration may become effective.

The Exchange is proposing to delete Rule 612(b) and to adopt in its place Rule 1220(a)(4), substituting the word “and” for the current word “or” found in Rule 612(b)(ii)(F) in order to conform to FINRA Rule 1220(a)(4)(A) in describing the duties of a Financial and Operations Principal.⁶¹

5. Investment Banking Principal (Proposed Rule 1220(a)(5))

The Exchange does not recognize the Investment Banking Principal registration category and is reserving Rule 1220(a)(5), retaining the caption solely to facilitate comparison with FINRA’s rules.

involved in the administration and maintenance of the member organization’s back office operations; or (G) any other matter involving the financial and operational management of the member organization. A person registered solely as a Limited Principal—Financial and Operations shall not be qualified to function in a Principal capacity with responsibility over any other area of business activity.

⁶¹ FINRA Rule 1220(a)(4) differs from proposed Rule 1220(a)(4) in that it includes an Introducing Broker-Dealer Financial and Operations Principal registration requirement. Additionally, proposed Rule 1220(a)(4) contains a requirement, which the FINRA rule does not, that each person associated with a member who performs the duties of a Financial and Operations Principal must register as such with the Exchange. Further, as discussed above, the Exchange is not adopting a Principal Financial Officer or Principal Operations Officer requirement like FINRA Rule 1220(a)(4)(B), as it believes the Financial and Operations Principal requirement is sufficient. Finally, proposed Rule 1220(a)(4)(B)(v) and (vi) contain minor wording variations from the FINRA rule.

6. Research Principal (Proposed Rule 1220(a)(6))

The Exchange does not recognize the Research Principal registration category and is reserving Rule 1220(a)(6), retaining the caption solely to facilitate comparison with FINRA's rules.

7. Securities Trader Principal (Proposed Rule 1220(a)(7))

Existing Rule 612(e) provides that each person associated with a member who is included within the definition of principal in Rule 611(b) and who will have supervisory responsibility over the securities trading activities described in Rule 613(f) shall become qualified and registered as a Securities Trader Principal. To qualify for registration as a Securities Trader Principal, such person must become qualified and registered as a Securities Trader under Rule 613(f) and pass the General Securities Principal qualification examination. A person who is qualified and registered as a Securities Trader Principal under this provision may only have supervisory responsibility over the Securities Trader activities specified in Rule 613(f), unless such person is separately qualified and registered in another appropriate principal registration category, such as the General Securities Principal registration category. Conversely, a person who is registered as a General Securities Principal is not qualified to supervise the trading activities described in Rule 613(f), unless such person has also become qualified and registered as a Securities Trader under Rule 613(f) by passing the Securities Trader qualification examination and become registered as a Securities Trader Principal.

The Exchange is proposing to delete Rule 612(e) and to adopt in its place Rule 1220(a)(7), Securities Trader Principal. Proposed Rule 1220(a)(7) requires that a principal responsible for supervising the securities trading activities specified in proposed

Rule 1220(b)(4)⁶² register as a Securities Trader Principal. The proposed rule requires individuals registering as Securities Trader Principals to be registered as Securities Traders and to pass the General Securities Principal qualification examination.

8. Registered Options Principal (Proposed Rules 1220(a)(8))

Rule 612(d) provides that each person associated with a member organization to which Rule 611 applies and who is included in the definition of principal in Rule 611 may register with the Exchange as a Limited Principal—Registered Options Principal if: (A) his or her supervisory responsibilities in the investment banking and securities business are limited exclusively to the options activities of a member organization, (B) he or she is registered pursuant to Exchange rules as a General Securities Representative, and (C) he or she is qualified to be so registered by passing the Series 4 examination. It also provides that a person registered in this category solely on the basis of having passed the Series 4 examination for Limited Principal—Registered Options Principal shall not be qualified to function in a principal capacity with responsibility over any area of business activity not described in paragraph (d)(i)(A).

The Exchange is proposing to delete Rule 612(d) and to adopt Rule 1220(a)(8)(A), Registered Options Principal, which would require under its section (a)(8)(A) that each member that is engaged in transactions in options with the public to have at least one Registered Options Principal.⁶³

⁶² Proposed Rule 1220(b)(4), discussed below, provides for registration in the representative-level “Securities Trader” category.

⁶³ Proposed Rule 1220(a)(8) differs from FINRA Rule 1220(a)(8) in that it omits certain references to other specific FINRA rules.

In addition, each principal as defined in paragraph (a)(1) of the rule who is responsible for supervising a member's options sales practices with the public would be required to register with the Exchange as a Registered Options Principal, subject to the following exception. If a principal's options activities are limited solely to those activities that may be supervised by a General Securities Sales Supervisor, then such person may register as a General Securities Sales Supervisor pursuant to paragraph (a)(10) of the Rule in lieu of registering as a Registered Options Principal.⁶⁴

⁶⁴ Current Exchange Rule 1024, Conduct of Accounts for Options Trading, provides that members, member organizations and individuals associated with member organizations shall not be approved to transact options business with the public until such persons, who are designated as Options Principals, have been approved by and registered with the Exchange. Further, persons engaged in the supervision of options sales practice or a person to whom the designated general partner or executive officer (pursuant to Rule 1025) or another Registered Options Principal delegates the authority to supervise options sales practices shall be designated as options principals. Rule 1024, Commentary .06 provides that individuals engaged in the supervision of options sales practices and designated as Options Principals are required to qualify as an Options Principal by passing the Registered Options Principal Qualification Examination (Series 4) or the Sales Supervisor Qualification Examination (Series 9/10), and is proposed to be deleted in view of new Rule 1220(a)(8)(a). Under Rule 1024.07, individuals who are delegated responsibility pursuant to Rule 1025 for the acceptance of discretionary accounts, for approving exceptions to a member's criteria or standards for uncovered options accounts, and for approval of communications, shall be designated as Options Principals and are required to qualify as an Options Principal by passing the Registered Options Principal Qualification Examination (Series 4). Further, Exchange Rule 1024.08 states that a person accepting orders from non-member customers (unless such customer is a broker-dealer registered with the Securities and Exchange Commission) is required to register with the Exchange and to be qualified by passing the General Securities Registered Representative Examination (Series 7). Except for Rule 1024, Commentary .06, the foregoing provisions of Rule 1024 are specific to conducting an options business with the public and are not proposed to be amended in this proposed rule change. However, Rule 1024(a) also contains provisions regarding submission of Forms U4 and U5 to WebCRD that are duplicative of the proposed 1200 Series of rules, in particular proposed Rules 1210.12, Application for Registration and Jurisdiction, and 1250, Electronic Filing Requirements for Electronic Forms, and are therefore proposed to be deleted.

Pursuant to proposed Rule 1220(a)(8)(B), subject to the lapse of registration provisions in Rule 1210.08, each person registered as a Registered Options Principal on October 1, 2018 and each person who was registered as a Registered Options Principal within two years prior to October 1, 2018 would be qualified to register as a Registered Options Principal without passing any additional qualification examinations. All other individuals registering as Registered Options Principals after October 1, 2018 would, prior to or concurrent with such registration, be required to become registered pursuant to paragraph Rule 1220(b)(2) of the Rule as a General Securities Representative and pass the Registered Options Principal qualification examination.⁶⁵

9. Government Securities Principal. (Rule 1220(a)(9))

The Exchange does not recognize the Government Securities Principal registration category and is reserving Rule 1220(a)(9), retaining the caption solely to facilitate comparison with FINRA's rules.

⁶⁵ The Exchange is also proposing to adopt Rule 1220, Supplementary Material .02, which provides that each person who is registered with the Exchange as a Registered Options Principal (or as a General Securities Representative, Options Representative, or General Securities Sales Supervisor) shall be eligible to engage in security futures activities as a principal provided that such individual completes a Firm Element program as set forth in proposed Rule 1240 that addresses security futures products before such person engages in security futures activities. Unlike FINRA Rule 1220.02, proposed Exchange Rule 1220.02 omits references to United Kingdom Securities Representatives and Canada Securities Representatives, which are registration categories the Exchange does not recognize. In any event, the Exchange does not currently offer security futures products for trading. In addition, the Exchange is also proposing to adopt Rule 1220, Supplementary Material .03 which requires notification to the Exchange in the event such person is terminated, resigns, becomes incapacitated or is otherwise unable to perform the duties of a Registered Options Principal, and imposes certain restrictions on the member's options business in that event.

10. General Securities Sales Supervisor (Proposed Rules 1220(a)(10) and 1220.04)

Current Rule 612(c) provides that each person associated with a member organization to which Rule 611 applies and who is included in the definition of Principal in Rule 611 may register with the Exchange as a Limited Principal—General Securities Sales Supervisor if: (A) his or her supervisory responsibilities in the investment banking and securities business are limited to the securities sales activities of a member organization, including the training of sales and sales supervisory personnel and the maintenance of records of original entry and/or ledger accounts of the member organization required to be maintained in branch offices by SEC record keeping rules; (B) he or she is registered pursuant to Exchange Rules as a General Securities Representative; and (C) he or she is qualified to be so registered by passing the Series 9 or Series 10 examination. Under the rule a person registered in this category solely on the basis of having passed the Series 9 or Series 10 examination for Limited Principal—General Securities Sales Supervisor is not qualified to: (A) function in a Principal capacity with responsibility over any area of business activity not described in paragraph (c)(i)(A); (B) be included for purposes of the Principal numerical requirements of Rule 611(e); or (C) perform for a member organization any or all of the following activities: (1) supervision of the origination and structuring of underwritings; (2) supervision of market making commitments; (3) final approval of advertisements as these are defined in Rule 605; (4) supervision of the custody of firm or customer funds and/or securities for purposes of SEC Rule 15c3-3; or (5) supervision of overall compliance with financial responsibility rules for broker/dealers promulgated pursuant to the provisions of the Act.

Rule 612(c)(iii) explains the purpose of the General Securities Sales Supervisor registration category.

The Exchange is proposing to adopt Rule 612(c)(i) and (ii) and Rule 612(c)(iii), with changes, as Rules 1220(a)(10) and 1220.04, respectively.⁶⁶ Rule 1220(a)(10), however, omits the current Rule 1022(g) prohibition against supervision of the origination and structuring of underwritings, as that activity does not fall within the new, more limited scope of “securities trading” covered by the new 1200 Series of rules.

Each person seeking to register as a General Securities Sales Supervisor would be required, prior to or concurrent with such registration, to become registered pursuant to Rule 1220(b)(2) of the rule as a General Securities Representative and pass the General Securities Sales Supervisor qualification examinations.

11. Investment Company and Variable Contracts Products Principal and Direct Participation Programs Principal (Rules 1220(a)(11) and (a)(12))

The Exchange does not recognize the Investment Company and Variable Contracts Products Principal and the Direct Participation Programs Principal registration categories and is reserving Rule 1220(a)(11) and (a)(12), retaining the captions solely to facilitate comparison with FINRA’s rules.

⁶⁶ The Exchange is not proposing to carry over into proposed Rule 1220(a)(10) the current Rule 612(c)(ii)(C)(3) prohibition against final approval of advertisements by General Securities Sales Supervisors. The Exchange notes that FINRA removed this prohibition several years ago from NASD Rule 1022(g) (Limited Principal— General Securities Sales Supervisor) and NASD IM-1022-2 (Limited Principal— General Securities Sales Supervisor). See Securities Exchange Act Release No. 68918 (February 13, 2013), 78 FR 11925 (February 20, 2013) (SR-FINRA-2013-014). Also, unlike FINRA Rule 1220.04, proposed Exchange Rule 1220.04 refers to “multiple exchanges” rather than listing the various exchanges where a sales principal might be required to qualify in the absence of the General Securities Sales Supervisor registration category. It also omits FINRA internal cross-references.

12. Private Securities Offerings Principal (Rule 1220(a)(13))

The Exchange does not recognize the Private Securities Offerings Principal registration category and is reserving Rule 1220(a)(13), retaining the caption solely to facilitate comparison with FINRA's rules.

13. Supervisory Analyst (Rule 1220(a)(14))

The Exchange does not recognize the Supervisory Analyst registration category and is reserving Rule 1220(a)(14), retaining the caption solely to facilitate comparison with FINRA's rules.

14. Definition of Representative (Proposed Rule 1220(b)(1))

Current Rule 1(a)(ee) defines "Representative" as a member or an associated person of a registered broker or dealer, including assistant officers other than principals, who is engaged in the investment banking or securities business for the member organization including the functions of supervision, solicitation or conduct of business in securities or who is engaged in the training of persons associated with a broker or dealer for any of these functions.

The Exchange now proposes to amend Exchange Rule 1(a)(ee) to incorporate by reference a new definition of "representative" in proposed Rule 1220(b)(1). Proposed 1220(b)(1) would define the term representative as any person associated with a member, including assistant officers other than principals, who is engaged in the member's securities business, such as supervision, solicitation, conduct of business in securities or the training of persons associated with a member for any of these functions.

15. General Securities Representative (Proposed Rule 1220(b)(2))

Under Rule 613(a), except for members whose activities are limited to the Exchange's options trading floor and who are registered pursuant to Rule 620(a) as well

as associated persons whose activities are limited to the Exchange's options trading floor and who are registered pursuant to Rule 620(b), all persons engaged or to be engaged in the investment banking or securities business of a member organization who are to function as representatives shall be registered as such with the Exchange through WebCRD under PHLX in the category of registration appropriate to the function to be performed as specified in paragraph (e),⁶⁷ Categories of Representative Registration – General Securities Representative or (f), Securities Trader.

The Exchange proposes to delete those provisions of Rule 613(a) and to adopt new Rule 1220(b)(2), General Securities Representative. Proposed Rule 1220(b)(2)(A) states that each representative as defined in proposed Rule 1220(b)(1) is required to register with the Exchange as a General Securities Representative, subject to the exception that if a representative's activities include the functions of a Securities Trader, as specified in Rule 1220(b)(2), then such person shall appropriately register as a Securities Trader.

Further, consistent with the proposed restructuring of the representative-level examinations, proposed Rule 1220(b)(2)(B) would require that individuals registering as General Securities Representatives pass the SIE and the General Securities Representative examination except that individuals registered as a General Securities Representatives within two years prior to October 1, 2018 would be qualified to register

⁶⁷ Rule 613(e) provides that individuals required to register with the Exchange as a General Securities Representative under the rule must pass the Series 7 examination before such registration may become effective.

as General Securities Representatives without passing any additional qualification examinations.⁶⁸

In addition, the Exchange is proposing to adopt Rule 1220.01 to provide individuals who are associated persons of firms and who hold foreign registrations an alternative, more flexible, process to obtain an Exchange representative-level registration. The Exchange believes that there is sufficient overlap between the SIE and these foreign qualification requirements to permit them to act as exemptions to the SIE. Under proposed Rule 1220.01, individuals who are in good standing as representatives with the Financial Conduct Authority in the United Kingdom or with a Canadian stock exchange or securities regulator would be exempt from the requirement to pass the SIE, and thus would be required only to pass a specialized knowledge examination to register with the Exchange as a representative. The proposed approach would provide individuals with a United Kingdom or Canadian qualification more flexibility to obtain an Exchange representative-level registration.

16. Operations Professional, Securities Trader, Investment Banking Representative, Research Analyst, Investment Company and Variable Contracts Products Representative, Direct Participation Programs Representative and Private Securities Offerings Representative (Rules 1220(b)(3), 1220(b)(4), 1220(b)(5), 1220(b)(6), 1220(b)(7), 1220(b)(8), 1220(b)(9) and 1220.05)

Operations Professional, Investment Banking Representative, Research Analyst, Investment Company and Variable Products Representative, Direct Participation Programs Representative and Private Securities Offerings Representative. The Exchange does not recognize these registration categories for its associated persons. The

⁶⁸ Proposed Rule 1220(b)(2)(B) differs from FINRA Rule 1220(b)(2)(B) in that it omits references to various registration categories which FINRA recognizes but which the Exchange does not propose to recognize.

Exchange is therefore reserving Rules 1220(b)(3) – Operations Professional, and related Rule 1220.05, Scope of Operations Professional Requirement; 1220(b)(5) – Investment Banking Representative; 1220(b)(6) – Research Analyst; 1220(b)(7) – Investment Company and Variable Products Representative; 1220(b)(8) – Direct Participation Programs Representative; and 1220(b)(9) - Private Securities Offerings Representative, retaining the captions for each of them solely to facilitate comparison with FINRA’s rules.

Securities Trader – Proposed Rule 1220(b)(4). Pursuant to current Exchange Rule 613(f)(1) and (2), associated persons must pass the qualification examination for Securities Trader (the Series 57 examination) and register with the Exchange as a Securities Trader if, with respect to transactions in equity, preferred or convertible debt securities, or foreign currency options on the Exchange, such person is engaged in proprietary trading, the execution of transactions on an agency basis, or the direct supervision of such activities, other than any person associated with a member whose trading activities are conducted principally on behalf of an investment company that is registered with the Commission pursuant to the Investment Company Act of 1940 and that controls, is controlled by or is under common control, with the member.⁶⁹

The Exchange now proposes to delete Exchange Rule 613(f) and to replace it with proposed Rule 1220(b)(4).⁷⁰ Rule 1220(b)(4) would require each representative as

⁶⁹ Rule 613(f)(3) provides that a person registered as a Securities Trader is not qualified to function in any other registration category, unless he or she is also qualified and registered in such other registration category.

⁷⁰ Proposed Rule 1220(b)(4)(A) differs from FINRA Rule 1220(b)(4)(A) in that it applies to trading on the Exchange while the FINRA rule is limited to the specified trading which is “effected otherwise than on a securities exchange.” Additionally, the FINRA rule does not specifically extend to options trading.

defined in Rule 1220(b)(1) of the rule to register with the Exchange as a Securities Trader if, with respect to transactions in equity, preferred or convertible debt securities, or options⁷¹ such person is engaged in proprietary trading, the execution of transactions on an agency basis, or the direct supervision of such activities other than a person associated with a member whose trading activities are conducted principally on behalf of an investment company that is registered with the SEC pursuant to the Investment Company Act and that controls, is controlled by, or is under common control with a member. Rule 1220(b)(4) would require individuals registering as Securities Traders to pass the SIE as well as the Securities Trader qualification exam.

Additionally, proposed Rule 1220(b)(4)(A) would require each person associated with a member who is: (i) primarily responsible for the design, development or significant modification of an algorithmic trading strategy relating to equity, preferred or convertible debt securities or options; or (ii) responsible for the day-to-day supervision or direction of such activities to register with the Exchange as a Securities Trader.⁷²

For purposes of this proposed new registration requirement an “algorithmic trading strategy” is an automated system that generates or routes orders (or order-related messages) but does not include an automated system that solely routes orders received in their entirety to a market center. The proposed registration requirement applies to orders

⁷¹ Current Rule 613(f) refers to transactions in foreign currency options. Proposed Rule 1220(b)(4) would instead refer to “options” generally, to clarify that equity options as well as foreign currency options are products with respect to which Securities Trader registration requirements would apply.

⁷² As noted above, this new registration requirement was recently added to the FINRA rulebook. The Exchange has determined to add a parallel requirement to its own rules, but also to add options to the scope of products within the proposed rule’s coverage. See Securities Exchange Act Release No. 77551 (April 7, 2016), 81 FR 21914 (April 13, 2016) (Order Approving File No. SR-FINRA-2016-007).

and order related messages whether ultimately routed or sent to be routed to an exchange or over the counter. An order router alone would not constitute an algorithmic trading strategy. However, an order router that performs any additional functions would be considered an algorithmic trading strategy. An algorithm that solely generates trading ideas or investment allocations—including an automated investment service that constructs portfolio recommendations—but that is not equipped to automatically generate orders and order-related messages to effectuate such trading ideas into the market—whether independently or via a linked router—would not constitute an algorithmic trading strategy.⁷³

The associated persons covered by the expanded registration requirement would be required to pass the requisite qualification examination and be subject to the same continuing education requirements that are applicable to individual Securities Traders. The Exchange believes that potentially problematic conduct stemming from algorithmic trading strategies—such as failure to check for order accuracy, inappropriate levels of messaging traffic, and inadequate risk management controls—could be reduced or prevented, in part, through improved education regarding securities regulations for the specified individuals involved in the algorithm design and development process.

The proposal is intended to ensure the registration of one or more associated persons that possesses knowledge of, and responsibility for, both the design of the intended trading strategy and the technological implementation of the strategy, sufficient to evaluate whether the resulting product is designed to achieve regulatory compliance in addition to business objectives. For example, a lead developer who liaises with a head

⁷³ See Securities Exchange Act Release No. 77551 (April 7, 2016), 81 FR 21914 (April 13, 2016) (Order Approving File No. SR-FINRA-2016-007).

trader regarding the head trader's desired algorithmic trading strategy and is primarily responsible for the supervision of the development of the algorithm to meet such objectives must be registered under the proposal as the associated person primarily responsible for the development of the algorithmic trading strategy and supervising or directing the team of developers. Individuals under the lead developer's supervision would not be required to register under the proposal if they are not primarily responsible for the development of the algorithmic trading strategy or are not responsible for the day-to-day supervision or direction of others on the team. Under this scenario, the person on the business side that is primarily responsible for the design of the algorithmic trading strategy, as communicated to the lead developer, also would be required to register. In the event of a significant modification to the algorithm, members, likewise, would be required to ensure that the associated person primarily responsible for the significant modification (or the associated person supervising or directing such activity), is registered as a Securities Trader.

A member employing an algorithm is responsible for the algorithm's activities whether the algorithm is designed or developed in house or by a third-party. Thus, in all cases, robust supervisory procedures, both before and after deployment of an algorithmic trading strategy, are a key component in protecting against problematic behavior stemming from algorithmic trading. In addition, associated persons responsible for monitoring or reviewing the performance of an algorithmic trading strategy must be registered, and a member's trading activity must always be supervised by an appropriately registered person. Therefore, even where a firm purchases an algorithm off-the-shelf and does not significantly modify the algorithm, the associated person

responsible for monitoring or reviewing the performance of the algorithm would be required to be registered.

Pursuant to proposed Rule 1220(b)(4)(B) each person registered as a Securities Trader on October 1, 2018 and each person who was registered as a Securities Trader within two years prior to October 1, 2018 would be qualified to register as a Securities Trader without passing any additional qualification examinations. All other individuals registering as Securities Traders after October 1, 2018 would be required, prior to or concurrent with such registration, to pass the SIE and the Securities Trader qualification examination.

17. Eliminated Registration Categories (Proposed Rule 1220.06)

Proposed Rule 1220.06 has no practical relevance to the Exchange, but is included because the Nasdaq Affiliated Exchanges are also proposing to adopt the new 1200 Series, on a uniform basis. Proposed Rule 1220.06 will be relevant to Nasdaq and BX which, unlike the Exchange, are proposing to eliminate a number of existing registration categories that are not currently recognized by the Exchange.⁷⁴

Proposed Rule 1220.06 provides that, subject to the lapse of registration provisions in proposed Rule 1210.08, individuals who are registered with the Exchange in any capacity recognized by the Exchange immediately prior to October 1, 2018, and each person who was registered with the Exchange in such categories within two years prior to October 1, 2018, shall be eligible to maintain such registrations with the Exchange. However, if individuals registered in such categories terminate their registration with the Exchange and the registration remains terminated for two or more

⁷⁴ See SR-Nasdaq-2018-078.

years, they would not be able to re-register in that category. In addition, proposed Rule 1220.06 would include the current restrictions to which Order Processing Assistant Representatives are subject under Nasdaq rules.⁷⁵ As stated above, Rule 1220.06 would have no application to the Exchange as a practical matter.⁷⁶

18. Grandfathering Provisions

In addition to the grandfathering provisions in proposed Rule 1220(a)(2) (relating to General Securities Principals) and proposed Rule 1220.06 (relating to the eliminated registration categories), the Exchange is proposing to include grandfathering provisions in proposed Rule 1220(a)(8) (Registered Options Principal), 1220(b)(2) (General Securities Representative), and 1220(b)(4) (Securities Trader). Specifically, the proposed grandfathering provisions provide that, subject to the lapse of registration provisions in proposed Rule 1210.08, individuals who are registered in specified registration categories on the effective date of the proposed rule change and individuals who had been registered in such categories within the past two years prior to the effective date of the proposed rule change would be qualified to register in the proposed corresponding registration categories without having to take any additional examinations.

N. Associated Persons Exempt from Registration (Proposed Rules 1230 and 1230.01)

Existing Rule 614 currently provides that the following persons associated with a member organization are not required to register:

⁷⁵ See Nasdaq Rule 1042.

⁷⁶ Proposed Exchange Rule 1220.06 omits references to a number of registration categories it does not propose to recognize, but which FINRA refers to in its own Rule 1220.06.

(i) persons associated with a member organization whose functions are solely and exclusively clerical or ministerial;

(ii) persons associated with a member organization who are not actively engaged in the investment banking or securities business;

(iii) persons associated with a member organization whose functions are related solely and exclusively to the member organization's need for nominal corporate officers or for capital participation; and

(iv) persons associated with a member organization whose functions are related solely and exclusively to effecting transactions on the floor of another national securities exchange and who are registered as floor members with such exchange; transactions in municipal securities; transactions in commodities; transactions in security futures, provided that any such person is registered with FINRA or a registered futures association; transactions in variable contracts and insurance premium funding programs and other contracts issued by an insurance company; transactions in direct participation programs; transactions in government securities; or effecting sales as part of a primary offering of securities not involving a public offering pursuant to Section 3(b), 4(2), or 4(6) of the Securities Act of 1933 and the rules and regulations thereunder.

The Exchange is proposing to adopt Rule 614 as Rule 1230 subject to certain changes. Rule 614 exempts from registration those associated persons who are not actively engaged in the securities business. It also exempts from registration those associated persons whose functions are related solely and exclusively to a member's need for nominal corporate officers or for capital participation.⁷⁷ The Exchange believes that the determination of whether an associated person is required to register must be based on an analysis of the person's activities and functions in the context of the various registration categories. The Exchange does not believe that categorical exemptions for associated persons who are not "actively engaged" in a member's securities business,

⁷⁷ These exemptions generally apply to associated persons who are corporate officers of a member in name only to meet specific corporate legal obligations or who only provide capital for a member, but have no other role in a member's business.

associated persons whose functions are related only to a member's need for nominal corporate officers or associated persons whose functions are related only to a member's need for capital participation is consistent with this analytical framework. The Exchange therefore is proposing to delete these exemptions. Rule 614(a)(iv)(a) further exempts from registration associated persons whose functions are related solely and exclusively to effecting transactions on the floor of another national securities exchange as long as they are registered as floor members with such exchange. Because exchanges have registration categories other than the floor member category, proposed Rule 1230 clarifies that the exemption applies to associated persons solely and exclusively effecting transactions on the floor of another national securities exchange, provided they are appropriately registered with such exchange.⁷⁸ Additionally, the Exchange proposes to add Section 3 of Rule 1230, pursuant to which persons associated with a member that are not citizens, nationals, or residents of the United States or any of its territories or possessions, that will conduct all of their securities activities in areas outside the jurisdiction of the United States, and that will not engage in any securities activities with or for any citizen, national or resident of the United States need not register with the Exchange.⁷⁹

The Exchange proposes to adopt Rule 1230.01 to clarify that the function of accepting customer orders is not considered a clerical or ministerial function and that

⁷⁸ Proposed Rule 1230 differs from FINRA Rule 1230 in that it includes a number of exemptions based upon current Nasdaq Rule 1060(a) which are not found in FINRA Rule 1230.

⁷⁹ Individuals described by Section 3 of Rule 1230 who are associated with FINRA members may be registered with FINRA as Foreign Associates pursuant to FINRA Rule 1220.06. FINRA is eliminating this registration category effective October 1, 2018, and the Exchange has never recognized it.

associated persons who accept customer orders under any circumstances are required to be appropriately registered. However, the proposed rule provides that an associated person is not accepting a customer order where occasionally, when an appropriately registered person is unavailable, the associated person transcribes the order details and the registered person contacts the customer to confirm the order details before entering the order.

O. Changes to Continuing Education Requirements (Proposed Rule 1240)

As described above, existing Rule 640, Continuing Education for Registered Persons, includes a Regulatory Element and a Firm Element. The Regulatory Element applies to registered persons and consists of periodic computer-based training on regulatory, compliance, ethical, supervisory subjects and sales practice standards. The Firm Element consists of at least annual, member-developed and administered training programs designed to keep covered registered persons current regarding securities products, services and strategies offered by the member. The CE requirements set forth in Rule 640 have been reorganized and renumbered, and are now proposed to be adopted with amendments as new Rule 1240.⁸⁰

1. Regulatory Element

The Exchange is proposing to replace the term “registered person” in current Rule 640 with the term “covered person” and make conforming changes to proposed Rule 1240(a). For purposes of the Regulatory Element, the Exchange is proposing to define the term “covered person” in Rule 1240(a)(5) as any person registered pursuant to

⁸⁰ Proposed Rule 1240 also differs slightly from FINRA Rule 1240 in that it omits references to certain registration categories which the Exchange does not recognize as well as an internal cross reference to FINRA Rule 4517.

proposed Rule 1210, including any person who is permissively registered pursuant to proposed Rule 1210.02, and any person who is designated as eligible for an FSA waiver pursuant to proposed Rule 1210.09. The purpose of this change is to ensure that all registered persons, including those with permissive registrations, keep their knowledge of the securities industry current. The inclusion of persons designated as eligible for an FSA waiver under the term “covered persons” corresponds to the requirements of proposed Rule 1210.09. In addition, consistent with proposed Rule 1210.09, proposed Rule 1240(a) provides that an FSA-eligible person would be subject to a Regulatory Element program that correlates to his or her most recent registration category, and CE would be based on the same cycle had the individual remained registered. The proposed rule also provides that if an FSA-eligible person fails to complete the Regulatory Element during the prescribed time frames, he or she would lose FSA eligibility.

Further, the Exchange is proposing to add a rule to address the impact of failing to complete the Regulatory Element on a registered person’s activities and compensation. Specifically, proposed Rule 1240(a)(2) provides that any person whose registration has been deemed inactive under the rule may not accept or solicit business or receive any compensation for the purchase or sale of securities. However, like the FINRA rule, the proposed rule provides that such person may receive trail or residual commissions resulting from transactions completed before the inactive status, unless the member with which the person is associated has a policy prohibiting such trail or residual commissions.

2. Firm Element

The Exchange believes that training in ethics and professional responsibility should apply to all covered registered persons. Therefore, proposed Rule 1240(b)(2)(B), which provides that the Firm Element training programs must cover applicable regulatory

requirements, would also require that a firm's training program cover training in ethics and professional responsibility.

P. Electronic Filing Rules

Existing Rule 616 states that forms required to be filed under the Rule 600 Series shall be filed electronically through WebCRD, including initial filings and amendments of Forms U4 and U5. It also provides for prompt filing of amendments, and that records of filed documents be retained for a period of not less than three years, the first two years in an easily accessible place, in accordance with Exchange Act Rule 17a-4. Electronic filing requirements are also found in a number of other rules.

The Exchange is proposing to delete existing Rule 616 and to replace it with new Rule 1250, Electronic Filing Requirements for Uniform Forms, which will consolidate Form U4 and U5 electronic filing requirements in a single location.⁸¹ The new rule provides that all forms required to be filed under the Exchange's registration rules including the Rule 1200 series shall be filed through an electronic process or such other process as the Exchange may prescribe to the Central Registration Depository. It also would impose certain new requirements.

Under Rule 1250(b) members would be required to designate registered principal(s) or corporate officer(s) who are responsible for supervising a firm's electronic filings. The registered principal(s) or corporate officer(s) who has or have the responsibility to review and approve the forms filed pursuant to the rule would be required to acknowledge, electronically, that he is filing this information on behalf of the member and the member's associated persons. Under Rule 1250, Supplementary

⁸¹ Proposed Rule 1250 is based upon current Nasdaq Rule 1140.

Material .01, the registered principal(s) or corporate officer(s) could delegate filing responsibilities to an associated person (who need not be registered) but could not delegate any of the supervision, review, and approval responsibilities mandated in Rule 1250(b). The registered principal(s) or corporate officer(s) would be required to take reasonable and appropriate action to ensure that all delegated electronic filing functions were properly executed and supervised.

Under Rule 1250(c)(1), initial and transfer electronic Form U4 filings and any amendments to the disclosure information on Form U4 must be based on a manually signed Form U4 provided to the member or applicant for membership by the person on whose behalf the Form U4 is being filed. As part of the member's recordkeeping requirements, it would be required to retain the person's manually signed Form U4 or amendments to the disclosure information on Form U4 in accordance with Rule 17a-4(e)(1) under the Act and make them available promptly upon regulatory request. An applicant for membership must also retain every manually signed Form U4 it receives during the application process and make them available promptly upon regulatory request. Rule 1250(c)(2) and Supplementary Material .03 and 04 provide for the electronic filing of Form U4 amendments without the individual's manual signature, subject to certain safeguards and procedures.

Rule 1250(d) provides that upon filing an electronic Form U4 on behalf of a person applying for registration, a member must promptly submit fingerprint information for that person and that the Exchange may make a registration effective pending receipt

of the fingerprint information.⁸² It further provides that if a member fails to submit the fingerprint information within 30 days after filing of an electronic Form U4, the person's registration will be deemed inactive, requiring the person to immediately cease all activities requiring registration or performing any duties and functioning in any capacity requiring registration. Under the rule the Exchange must administratively terminate a registration that is inactive for a period of two years. A person whose registration is administratively terminated could reactivate the registration only by reapplying for registration and meeting the qualification requirements of the applicable provisions of proposed Exchange Rule 1220. Upon application and a showing of good cause, the Exchange could extend the 30-day period.

Rule 1250(e) would require initial filings and amendments of Form U5 to be submitted electronically. As part of the member's recordkeeping requirements, it would be required to retain such records for a period of not less than three years, the first two years in an easily accessible place, in accordance with Rule 17a-4 under the Act, and to make such records available promptly upon regulatory request.

Finally, under proposed Rule 1250, Supplementary Material .02, a member could enter into an agreement with a third party pursuant to which the third party agrees to file the required forms electronically on behalf of the member and the member's associated persons. Notwithstanding the existence of such an agreement, the member would remain responsible for complying with the requirements of the Rule.

⁸² Proposed Rule 1250(d) covers the same subject matter as current Rules 616, Electronic Filing Requirements for Uniform Forms, and 623, Fingerprinting, which would be deleted.

Q. Trading Floor Registration (Rule 1260)

Currently, Rules 620(a) and (b) govern trading floor member registration and non-member clerk registration. Rule 620(a) requires each Floor Broker, Specialist and Registered Options Trader on the Exchange trading floor to be registered as “Member Exchange” (“ME”) under “PHLX” on Form U4, and to successfully complete the appropriate floor trading examination(s), if prescribed by the Exchange, in addition to requirements imposed by other Exchange rules. Under the rule the Exchange may also require periodic examinations due to changes in trading rules, products or automated systems. Rule 620(b) requires all trading floor personnel, including clerks, interns, stock execution clerks and any other associated persons, of a member organization not required to register pursuant to Rule 620(a) to be registered as “Floor Employee” (“FE”) under “PHLX” on Form U4. Under the rule the Exchange may require these individuals to also successfully complete an examination, and may require periodic examinations due to changes in trading rules, products or automated systems. To consolidate these registration rules into the new Rule 1200 series, Rule 620 is being renumbered as Rule 1260.⁸³

The Exchange proposes to adjust internal cross references as required by this proposed rule change, but not to make substantive changes to Rule 620(a) and (b). However, the Exchange proposes to adopt new section (c) to exempt certain individuals on the Exchange’s trading floor from the representative registration requirements of

⁸³ Exhibit 5 simply reflects the proposed new rule number of current Rule 620 rather than the deletion of the entire rule and the subsequent reinsertion of the entire rule following Rule 1250. In the rulebook, Rule 1260 will appear immediately following Rule 1250.

proposed rules 1210 and 1220. Rule 1260(c) would provide that members⁸⁴ whose activities are limited to the Exchange's options trading floor and who are registered pursuant to Rule 1260(a), as well as associated persons whose activities are limited to the Exchange's options trading floor and are registered pursuant to Rule 1260(b) are exempt from the representative registration requirements (but not the principal registration requirements, including any prerequisite representative registration requirement) of Rules 1210 and 1220. Rule 1260(c) is intended to preserve the current exclusion of these individuals from the representative registration requirements of Rule 613.⁸⁵

R. Other Rules

The Exchange is deleting Rule 614, Persons Exempt from Registration, as explained above. Rule 614(b), however, contains provisions dealing with Nonregistered Foreign "Finders" and is simply being relocated with nonsubstantive changes to new Rule 2040.⁸⁶ The remaining rules identified above under "Overview" which are to be amended in this proposed rule change simply update citations and/or make technical or nonsubstantive changes to the proposed new rules.

⁸⁴ In Rule 1260, unlike the other 1200 Series of proposed rules, the word "member" is not used to mean "member organization."

⁸⁵ Current Rule 613(a) imposes representative registration requirements upon persons engaged or to be engaged in the investment banking or securities business of a member organization except members whose activities are limited to the Exchange's options trading floor and who are registered pursuant to Rule 620(a), as well as associated persons whose activities are limited to the Exchange's options trading floor and are registered pursuant to Rule 620(b).

⁸⁶ The FINRA counterpart to Rule 614(b) occupies a similar location in the FINRA rulebook. See FINRA Rule 2040(c), Nonregistered Foreign Finders.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁸⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁸⁸ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest.

The Exchange believes that the proposed rule change will streamline, and bring consistency and uniformity to, the registration rules, which will, in turn, assist members and their associated persons in complying with these rules and improve regulatory efficiency. The proposed rule change will also improve the efficiency of the examination program, without compromising the qualification standards, by eliminating duplicative testing of general securities knowledge on examinations and by removing examinations that currently have limited utility. In addition, the proposed rule change will expand the scope of permissive registrations, which, among other things, will allow members to develop a depth of associated persons with registrations to respond to unanticipated personnel changes and will encourage greater regulatory understanding. Further, the proposed rule change will provide a more streamlined and effective waiver process for individuals working for a financial services industry affiliate of a member, and it will require such individuals to maintain specified levels of competence and knowledge while working in areas ancillary to the securities business. The proposed rule change will improve the supervisory structure of firms by imposing an experience requirement for

⁸⁷ 15 U.S.C. 78f(b).

⁸⁸ 15 U.S.C. 78f(b)(5).

representatives that are designated by firms to function as principals for a 120-day period before having to pass an appropriate principal qualification examination. The proposed rule change will also prohibit unregistered persons from accepting customer orders under any circumstances, which will enhance investor protection.

The Exchange believes that, with the introduction of the SIE and expansion of the pool of individuals who are eligible to take the SIE, the proposed rule change has the potential of enhancing the pool of prospective securities industry professionals by introducing them to securities laws, rules and regulations and appropriate conduct before they join the industry in a registered capacity.

The extension of the Securities Trader registration requirement to developers of algorithmic trading strategies requires associated persons primarily responsible for the design, development or significant modification of an algorithmic trading strategy or responsible for the day-to-day supervision or direction of such activities to register and meet a minimum standard of knowledge regarding the securities rules and regulations applicable to the member employing the algorithmic trading strategy. This minimum standard of knowledge is identical to the standard of knowledge currently applicable to traditional securities traders. The Exchange believes that improved education of firm personnel may reduce the potential for problematic market conduct and manipulative trading activity.

Finally, the proposed rule change makes organizational changes to the Exchange's registration and qualification rules to align them with registration and qualification rules of the Nasdaq Affiliated Exchanges, in order to prevent unnecessary

regulatory burdens and to promote efficient administration of the rules. The change also makes minor updates and corrections to the Exchange's rules which improve readability.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is designed to ensure that all associated persons of members engaged in a securities business are, and will continue to be, properly trained and qualified to perform their functions, will be supervised, and can be identified by regulators. The proposed new 1200 Series of rules, which are similar in many respects to the registration-related requirements adopted by FINRA effective October 1, 2018, should enhance the ability of member firms to comply with the Exchange's rules as well as with the Federal securities laws. Additionally, as described above, the Exchange intends the amendments described herein to eliminate inconsistent registration-related requirements across the Nasdaq Affiliated Exchanges, thereby promoting uniformity of regulation across markets. The new 1200 Series should in fact remove administrative burdens that currently exist for members seeking to register associated persons on multiple Nasdaq Affiliated Exchanges featuring varying registration-related requirements. Additionally, all similarly-situated associated persons of members will be treated similarly under the new 1200 Series in terms of standards of training, experience and competence for persons associated with Exchange members.

With respect in particular to registration of developers of algorithmic trading strategies, the Exchange recognizes that the proposal would impose costs on member firms employing associated persons engaged in the activity subject to the registration requirement. Specifically, among other things, additional associated persons would be

required to become registered under the proposal, and the firm would need to establish policies and procedures to monitor compliance with the proposed requirement on an ongoing basis. However, given the prevalence and importance of algorithmic trading strategies in today's markets, the Exchange believes that associated persons engaged in the activities covered by this proposal must meet a minimum standard of knowledge regarding the applicable securities rules and regulations. To mitigate the costs imposed on member firms, the proposed rule change limits the scope of registration requirement by excluding technological or development support personnel who are not primarily responsible for the covered activities. It also excludes supervisors who are not responsible for the "day-to-day" supervision or direction of the covered activities.

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act⁸⁹ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

[Rule 53. Liability for Dues Until Transfer or Military Service

(a) Inactive Status of Currently Registered Persons

- (1) A registered person of a member or member organization who volunteers for or is called into active duty in the Armed Forces of the United States shall be placed, after proper notification to Phlx, upon inactive status and need not be re-registered by such member upon his or her return to active employment with the member. Such a person will remain eligible to receive transaction-related compensation, including continuing commissions, because he or she remains registered with a member or member organization of Phlx. The employing member or member organization also may allow such a person to enter into an arrangement with another registered person of the member or member organization to take over and service the person's accounts and to share transaction-related compensation based upon the business generated by such accounts. However, since such persons are inactive, they may not perform any of the duties performed by a registered person.
- (2) A registered person who is placed on inactive status pursuant to this paragraph (a) shall not be included within the scope of fees, if any, charged by Phlx with respect to registered persons.
- (3) A registered person who is placed on inactive status pursuant to this paragraph (a) shall not be required to complete either of the Regulatory or Firm Elements of the continuing education requirements set forth in Rule 640 during the pendency of such inactive status.
- (4) The relief provided in subparagraphs (a)(1), (a)(2), and (a)(3) shall be available to a registered person who is placed on inactive status pursuant to this paragraph (a) during the period that such a person remains registered with the member or member organization with which he or she was registered at the beginning of active duty in the Armed Forces of the United States, regardless of whether the person returns to active employment with another member or member organization upon completion of his or her active duty in the Armed Forces of the United States.
- (5) The relief described in this paragraph (a) will be provided only to a person registered with a member or member organization and only while the person remains on active military duty.

(b) Inactive Status of Sole Proprietorships

- (1) A member or member organization that is a sole proprietor who temporarily closes his or her business by reason of volunteering for or being called into active duty in the Armed Forces of the United States, shall be placed, after proper notification to Phlx, on inactive status while the member remains on active military duty.

- (3) The relief described in this paragraph (b) will be provided only to a sole proprietor member or member organization and only while the person remains on active military duty.

(c) Status of Formerly Registered Persons

- (1) If a person who is currently not registered with a member or member organization volunteers for or is called into active duty in the Armed Forces of the United States at any time within two years after the date the person ceases to be registered with a member or member organization, Phlx will defer the lapse of registration requirements set forth in Rules 611, 613, and 3228 (i.e., toll the two-year expiration provisions for qualification examination requirements). Phlx will defer the lapse of registration requirements commencing on the date the person begins actively serving in the Armed Forces of the United States, provided that Phlx is properly notified of the person's period of active military service within 90 days following his or her completion of active service or upon his or her re-registration with a member or member organization, whichever occurs first. The deferral will terminate 90 days following the person's completion of active service in the Armed Forces of the United States. Accordingly, if such person does not reregister with a member or member organization within 90 days following his or her completion of active service in the Armed Forces of the United States, the amount of time in which the person must become re-registered with a member or member organization without being subject to the qualification examination requirements shall consist of the standard two-year period provided in Rules 611, 613, and 3228 reduced by the period of time between the person's termination of registration and beginning of active service in the Armed Forces of the United States.
- (2) If a person placed upon inactive status while serving in the Armed Forces of the United States ceases to be registered with a member or member organization, Phlx will defer the lapse of registration requirements set forth in Rules 611, 613, and 3228 (i.e., toll the two-year expiration provisions for qualification examination requirements) during the pendency of his or her active service in the Armed Forces of the United States. [Rule 611. Principal Registration Requirements

(a) All persons engaged or to be engaged in the investment banking or securities business of a member organization who are to function as Principals shall be registered as such with the Exchange through WebCRD in the category of registration appropriate to the function to be performed as specified in this rule. Before their registration can become effective, they shall pass a Qualification Examination for Principals appropriate to the category of registration as specified in this rule.

A member organization shall not maintain a Principal registration with the Exchange for any person (A) who is no longer active in the member organization's investment banking or securities business, (B) who is no longer functioning as a Principal, or (C) where the sole purpose is to avoid the examination requirement of this rule. A member organization shall not make application for the registration of any person as Principal where there is no intent to employ such person in the member organization's investment banking or securities business. A member organization may, however, maintain or make application for the registration as a Principal of a person who performs legal, compliance, internal audit, back-office operations, or similar duties for the member organization or a person engaged in the investment banking or securities business of a foreign securities affiliate or subsidiary of the member organization.

(b) Definition of Principal. Persons associated with a member organization, enumerated in subparagraphs (i) through (v) hereafter, who are actively engaged in the management of the member organization's investment banking or securities business, including supervision, solicitation, conduct of business or the training of persons associated with a member organization for any of these functions are designated as Principals. Such persons shall include:

- (i) Sole Proprietors
- (ii) Officers
- (iii) Partners
- (iv) Managers of offices of supervisory jurisdiction, and

(v) Directors of Corporations.

"Office of supervisory jurisdiction" means any office of a member organization at which any one or more of the following functions takes place: order execution and/or market making; structuring of public offerings or private placements; maintaining custody of customers' funds and/or securities; final acceptance (approval) of new accounts on behalf of the member organization; review and endorsement of customer orders; final approval of advertising or sales literature for use by persons associated with the member organization, pursuant to Rule 605, except for an office that solely conducts final approval of research reports; or responsibility for supervising the activities of persons associated with the member organization at one or more other branch offices of the member organization.

(c) Requirements for Examination on Lapse of Registration. Any person whose registration has been revoked by the Exchange as a disciplinary sanction or whose most recent registration as a Principal has been terminated for a period of two or more years immediately preceding the date of receipt by the Exchange of a new application shall be required to pass a Qualification Examination for Principals appropriate to the category of registration as specified in this rule.

(d) Application for Principal Status

(i) Any person associated with a member organization as a Registered Representative whose duties are changed by the member organization so as to require registration in any Principal classification shall be allowed a period of 90 calendar days following the change in his or her duties during which to pass the appropriate Qualification Examination for Principals. Upon elevation, the member organization shall submit to the Exchange through WebCRD an amended "Uniform Application for Securities Industry Registration or Transfer" and any applicable fees. In no event may a person function as a Principal beyond the initial 90 calendar day period following the change in his or her duties without having successfully passed the appropriate Qualification Examination. This provision shall apply to (i) a person associated with a member organization of another registered national securities exchange or association who is required to register in a Principal classification under Exchange Rules but who is not required to be so registered under the rules of the other exchange or association, or (ii) a person associated with a member organization who was not required to register with the Exchange as a Principal prior to the adoption of this Rule 611 by the Exchange.

(ii) Any person not presently associated with a member organization as a Registered Representative seeking registration as a Principal shall submit the appropriate application for registration and any required registration and examination fees. Such person shall be allowed a period of 90 days after all applicable prerequisites are fulfilled to pass the appropriate Qualification Examination for Principals. In no event may a person previously unregistered in any capacity applying for Principal status function as a Principal until fully qualified.

(e) Requirement of Two Registered Principals

(i) An Exchange member organization, except a sole proprietorship, shall have at least two officers or partners who are registered as Principals with respect to each aspect of the member organization's investment banking and securities business pursuant to the applicable provisions of Rule 611; provided, however, that a proprietary trading firm with 25 or fewer registered representatives shall only be required to have one officer or partner who is registered as a Principal.

The term "proprietary trading firm" means a member organization or applicant with the following characteristics:

(A) The applicant is not required by Section 15(b)(8) of the Exchange Act to become a FINRA member but is a member of another registered securities exchange not registered solely under Section 6(g) of the Exchange Act.

(B) All funds used or proposed to be used by the applicant for trading are the applicant's own capital, traded through the applicant's own accounts.

(C) The applicant does not, and will not have customers.

(D) All Principals and Representatives of the applicant acting or to be acting in the capacity of a trader must be owners of, employees of, or contractors to the applicant.

(ii) The Exchange may waive the provisions of paragraph (e)(i) in situations that indicate conclusively that only one person should be required to register as a Principal.

(iii) In addition to the provisions of paragraph (e)(i) above, an applicant for membership shall have at least one person qualified for registration as a Limited Principal - Financial and Operations, pursuant to Rule 612(b)(i) below.

Rule 612. Categories of Principal Registration

(a) General Securities Principal

Each member and person associated with a member organization to which Rule 611 applies and who is included within the definition of Principal in Rule 611, and each person designated as a Chief Compliance Officer on Schedule A of Form BD of a member organization to which Rule 611 applies, shall be required to register with the Exchange as a General Securities Principal and shall pass the Series 24 examination before such registration may become effective, unless such person's activities are so limited as to qualify such person for one or more of the limited categories of Principal registration specified hereafter in paragraphs (b) - (e). A person whose activities in the investment banking or securities business are so limited is not, however, precluded from attempting to become qualified for registration as a General Securities Principal, and if

qualified, may become so registered. Each person seeking to register and qualify as a General Securities Principal must, prior to or concurrent with such registration, become registered as a General Securities Representative. A person who has been designated as a Chief Compliance Officer on Schedule A of Form BD for at least two years immediately prior to January 1, 2002, and who has not been subject within the last ten years to any statutory disqualification as defined in Section 3(a)(39) of the Act; a suspension; or the imposition of a fine of \$5,000 or more for violation of any provision of any securities law or regulation, or any agreement with or rule or standard of conduct of any securities governmental agency, securities self-regulatory organization, or as imposed by any such regulatory or self-regulatory organization in connection with a disciplinary proceeding shall be required to register as a General Securities Principal, but shall be exempt from the requirement to pass the Series 24 examination.

Except as provided in Rule 611(c), a person who was registered with FINRA as a Principal, shall not be required to pass the Series 24 examination and shall be qualified as a General Securities Principal.

A person registered solely as a General Securities Principal shall not be qualified to function as a Limited Principal—Financial and Operations, Limited Principal—General Securities Sales Supervisor or Securities Trader Principal.

(b) Limited Principal—Financial and Operations

(i) Every member organization to which Rule 611 applies and that is operating pursuant to the provisions of SEC Rule 15c3-1(a)(1)(ii), (a)(2)(i) or (a)(8) shall designate as Limited Principal—Financial and Operations those persons associated with it, at least one of whom shall be its chief financial officer, who perform the duties described in subparagraph (ii) hereof. Each person associated with a member organization who performs such duties shall be required to register as a Limited Principal—Financial and Operations with the Exchange and shall pass the Series 27 examination before such registration may become effective.

(ii) The term "Limited Principal—Financial and Operations" shall mean a person associated with a member organization whose duties include:

(A) final approval and responsibility for the accuracy of financial reports submitted to any duly established securities industry regulatory body;

(B) final preparation of such reports;

(C) supervision of individuals who assist in the preparation of such reports;

(D) supervision of and responsibility for individuals who are involved in the actual maintenance of the member organization's books and records from which such reports are derived;

(E) supervision and/or performance of the member organization's responsibilities under all financial responsibility rules promulgated pursuant to the provisions of the Act;

(F) overall supervision of and responsibility for the individuals who are involved in the administration and maintenance of the member organization's back office operations; or

(G) any other matter involving the financial and operational management of the member organization.

A person registered solely as a Limited Principal—Financial and Operations shall not be qualified to function in a Principal capacity with responsibility over any area of business activity not described in subparagraph (ii) hereof.

(c) Limited Principal—General Securities Sales Supervisor

(i) Each person associated with a member organization to which Rule 611 applies and who is included in the definition of Principal in Rule 611 may register with the Exchange as a Limited Principal—General Securities Sales Supervisor if:

(A) his or her supervisory responsibilities in the investment banking and securities business are limited to the securities sales activities of a member organization, including the training of sales and sales supervisory personnel and the maintenance of records of original entry and/or ledger accounts of the member organization required to be maintained in branch offices by SEC record keeping rules;

(B) he or she is registered pursuant to Exchange Rules as a General Securities Representative; and

(C) he or she is qualified to be so registered by passing the Series 9 or Series 10 examination.

(ii) A person registered in this category solely on the basis of having passed the Series 9 or Series 10 examination for Limited Principal—General Securities Sales Supervisor shall NOT be qualified to:

(A) function in a Principal capacity with responsibility over any area of business activity not described in paragraph (c)(i)(A);

(B) be included for purposes of the Principal numerical requirements of Rule 611(e); or

(C) perform for a member organization any or all of the following activities:

(1) supervision of the origination and structuring of underwritings;

- (2) supervision of market making commitments;
- (3) final approval of advertisements as these are defined in Rule 605;
- (4) supervision of the custody of firm or customer funds and/or securities for purposes of SEC Rule 15c3-3; or
- (5) supervision of overall compliance with financial responsibility rules for broker/dealers promulgated pursuant to the provisions of the Act.

(iii) Explanation of Category. Limited Principal—General Securities Sales Supervisor

(A) Limited Principal—General Securities Sales Supervisor is an alternate category of registration designed to lessen the qualification burdens on Principals of general securities firms who supervise sales. Without this category of limited registration, such principals could be required to separately qualify pursuant to the rules of multiple exchanges. While persons may continue to separately qualify with all relevant self-regulatory organizations, the Limited Principal—General Securities Sales Supervisor Examination permits qualification as a supervisor of sales of all securities by one examination. Persons registered as Limited Principals—General Securities Sales Supervisor may also qualify in any other category of Principal registration. Persons who are already qualified in one or more categories of principal registration may supervise sales activities of all securities by also qualifying as Limited Principals—General Securities Sales Supervisor.

(B) Functions that may be performed by Limited Principals—General Securities Sales Supervisors. Any person required to be registered as a Principal who supervises sales activities in corporate, municipal and option securities, investment company products, variable contracts, direct participation programs, and security futures may be registered solely as a Limited Principal—General Securities Sales Supervisor. In addition to branch office managers, other persons such as regional and national sales managers may also be registered solely as Limited Principals—General Securities Sales Supervisor as long as they supervise only sales activities. Qualification as a General Securities Representative is a prerequisite for registration as a Limited Principal—General Securities Sales Supervisor.

(C) Functions that may not be performed by Limited Principals—General Securities Sales Supervisors. Certain functions may not be performed by persons registered solely as Limited Principal—General Securities Sales Supervisor. These include supervisory responsibility for the origination and structuring of underwritings, market-making, final approval of advertising, custody of firm or customer funds and/or securities for purposes of SEC Rule 15c3-3 and overall compliance with financial responsibility rules for broker/dealers. Persons responsible for any of these activities are still required to qualify in the appropriate categories of Principal registration. Moreover, persons qualified only as Limited Principals—General Securities Sales Supervisor are not included for purposes of the two Principal requirement of Rule 611.

(d) Limited Principal—Registered Options Principal

(i) Each person associated with a member organization to which Rule 611 applies and who is included in the definition of Principal in Rule 611 may register with the Exchange as a Limited Principal—Registered Options Principal if:

(B) he or she is registered pursuant to Exchange Rules as a General Securities Representative; and

(C) he or she is qualified to be so registered by passing the Series 4 examination.

(ii) A person registered in this category solely on the basis of having passed the Series 4 examination for Limited Principal—Registered Options Principal shall NOT be qualified to function in a Principal capacity with responsibility over any area of business activity not described in paragraph (d)(i)(A).

(e) Securities Trader Principal

(i) Each person associated with a member who is included within the definition of principal in Rule 611(b) and who will have supervisory responsibility over the securities trading activities described in Rule 613(f) shall become qualified and registered as a Securities Trader Principal. To qualify for registration as a Securities Trader Principal, such person shall become qualified and registered as a Securities Trader under Rule 613(f) and pass the General Securities Principal qualification examination. A person who is qualified and registered as a Securities Trader Principal under this subparagraph (i) may only have supervisory responsibility over the activities specified in Rule 613(f), unless such person is separately qualified and registered in another appropriate principal registration category, such as the General Securities Principal registration category.

(ii) A person who is registered as a General Securities Principal shall not be qualified to supervise the trading activities described in Rule 613(f), unless such person has also become qualified and registered as a Securities Trader under Rule 613(f) by passing the Securities Trader qualification examination and become registered as a Securities Trader Principal.

Rule 613. Representative Registration

(a) Except members whose activities are limited to the Exchange's options trading floor and are registered pursuant to Rule 620(a) as well as associated persons whose activities are limited to the Exchange's options trading floor and are registered pursuant to Rule 620(b), all persons engaged or to be engaged in the investment banking or securities

business of a member organization who are to function as representatives shall be registered as such with the Exchange through WebCRD under PHLX in the category of registration appropriate to the function to be performed as specified in paragraph (e) or (f) below.

(b) A member organization shall not maintain a representative registration with the Exchange for any person (A) who is no longer active in the member organization's investment banking or securities business, (B) who is no longer functioning as a representative, or (C) where the sole purpose is to avoid the examination requirement prescribed in this rule. A member organization shall not make application for the registration of any person as representative where there is no intent to employ such person in the member organization's investment banking or securities business. A member may, however, maintain or make application for the registration as a representative of a person who performs legal, compliance, internal audit, back-office operations, or similar responsibilities for the member organization, or a person who performs administrative support functions for registered personnel, or a person engaged in the investment banking or securities business of a foreign securities affiliate or subsidiary of the member organization.

(c) Requirement for Examination on Lapse of Registration

Any person whose registration has been revoked by the Exchange as a disciplinary sanction or whose most recent registration as a Representative or Principal has been terminated for a period of two or more years immediately preceding the date of receipt by the Exchange of a new application shall be required to pass a qualification examination appropriate to the registration category, as prescribed by the Exchange.

(d) Qualification Requirements

No member organization shall permit any member or person associated with it to engage in the investment banking or securities business unless the member organization determines that such person satisfies the qualification requirements established by the Board and is not subject to statutory disqualification as defined in Section 3(a)(39) of the Act.

Trader if, with respect to transactions in equity, preferred or convertible debt securities, or foreign currency options on the Exchange, such person is engaged in proprietary trading, the execution of transactions on an agency basis, or the direct supervision of such activities, other than any person associated with a member whose trading activities are conducted principally on behalf of an investment company that is registered with the Commission pursuant to the Investment Company Act of 1940 and that controls, is controlled by or is under common control, with the member.

(2) Before registration as a Securities Trader as defined in subparagraph (1) hereof may become effective, an applicant must pass an appropriate Qualification Examination for Securities Trader (the Series 57 examination).

(3) A person registered as a Securities Trader shall not be qualified to function in any other registration category, unless he or she is also qualified and registered in such other registration category.

(i) the member organization has assured itself that the nonregistered foreign person who will receive the compensation (the "finder") is not required to register in the U.S. as a broker/dealer nor is subject to a disqualification as defined in Exchange Rules, and has further assured itself that the compensation arrangement does not violate applicable foreign law;

(ii) the finders are foreign nationals (not U.S. citizens) or foreign entities domiciled abroad;

Rule 615. Waiver of Requirements

Pursuant to the Rule 9600 Series, the Exchange may, in exceptional cases and where good cause is shown, waive the applicable Qualification Examination and accept other standards as evidence of an applicant's qualifications for registration. Advanced age or physical infirmity will not individually of themselves constitute sufficient grounds to waive a Qualification Examination. Experience in fields ancillary to the investment banking or securities business may constitute sufficient grounds to waive a Qualification Examination.

Rule 616. Electronic Filing Requirements for Uniform Forms

(a) WebCRD Filing

Every application for registration filed with the Exchange shall be kept current at all times by supplementary amendments via electronic filing or such other process as the Exchange may prescribe. Each registered person shall complete the Regulatory Element of the continuing education program on the occurrence of their second registration anniversary date(s), and every three years thereafter or as otherwise prescribed by the Exchange. On each occasion, the Regulatory Element must be completed within 120 days after the person's registration anniversary date. A person's initial registration date, also known as the "base date," shall establish the cycle of anniversary dates for purposes of this Rule.

Persons registered as General Securities Representatives pursuant to Rule 613(e) or as Securities Traders pursuant to Rule 613(f) must complete the S101.

Persons registered in a supervisory capacity pursuant to Rules 611 and 612 must complete the S201.

(2) **Failure to complete**—Unless otherwise determined by the Exchange, any registered persons who have not completed the Regulatory Element of the program within the prescribed time frames will have their registration deemed inactive until such time as the requirements of the program have been satisfied. Any person whose registration has been deemed inactive under this Rule shall cease all activities as a registered person and is prohibited from performing any duties and functioning in any capacity requiring registration.

The Exchange may, upon application and a showing of good cause, allow for additional time for a registered person to satisfy the program requirements.

(3) **Disciplinary Actions**—Unless otherwise determined by the Exchange, a registered person will be required to re-take the Regulatory Element of the program and satisfy the program's requirements in their entirety in the event such person:

- (ii) becomes subject to suspension or to the imposition of a fine of \$5,000 or more for violation of any provision of any securities law or regulation, or any agreement with or rule or standard of conduct of any securities governmental agency, securities self-regulatory organization, or as imposed by any such regulatory or self-regulatory organization in connection with a disciplinary proceeding; or

(b) Firm Element

(1) **Persons Subject to the Firm Element**—The requirements of Section (b) of this Rule shall apply to any registered person who has direct contact with customers in the conduct of the member organization's securities sales, trading or investment banking activities, and to the immediate supervisors of such persons (collectively, "covered registered persons").

- (i) Each member organization must maintain a continuing and current education program for its covered registered persons to enhance their securities knowledge, skills and professionalism. At a minimum, each member organization shall at least annually evaluate and prioritize its training needs and develop a written training plan. The plan must take into consideration the member organization's size, organizational structure, and scope of business activities, as well as regulatory developments and the performance of covered registered persons in the Regulatory Element. If a member organization's analysis determines a need for supervisory training for persons with supervisory responsibilities, such training must be included in the member organization's training plan.
- (ii) **Minimum Standards for Training Programs**—Programs used to implement a member organization's training plan must be appropriate for the business of the member organization and, at a minimum, must cover the following matters concerning securities products, services and strategies offered by the member organization:
 - (A) General investment features and associated risk factors;
 - (B) Suitability and sales practice considerations; and
 - (C) Applicable regulatory requirements.

Such a requirement may stipulate the class of covered registered persons for which it is applicable, the time period in which the requirement must be satisfied and, where appropriate, the actual training content.

••• **Commentary:** -----

.01 For purposes of this Rule, the term "registered person" means any member, registered representative or other person registered or required to be registered under Exchange Rules, but does not include such person whose activities are limited solely to the transaction of business on the floor, with members or registered broker-dealers.

Any former registered person who becomes reassociated in a registered capacity with a registered broker or dealer more than two years after termination as such will be required to satisfy the program's requirements in their entirety, (second registration anniversary and every three years thereafter) based on the most recent registration date.

.04 Any registration that is deemed inactive for a period of two calendar years pursuant to subparagraph (a)(2) of this Rule for failure of a registered person to complete the Regulatory Element shall be terminated. 1200. Registration, Qualification and Continuing Education

1210. Registration Requirements

Each person engaged in the securities business of a member shall be registered with the Exchange as a representative or principal in each category of registration appropriate to his or her functions and responsibilities as specified in Rule 1220, unless exempt from registration pursuant to Rule 1230. Such person shall not be qualified to function in any registered capacity other than that for which the person is registered, unless otherwise stated in the rules. The term “member” when used in this rule shall mean “member organization.”

••• Supplementary Material: -----

.01 Minimum Number of Registered Principals. Each member, except a member with only one associated person, shall have at least two officers or partners who are registered as General Securities Principals pursuant to Rule 1220(a)(2), provided that a member that is limited in the scope of its activities may instead have two officers or partners who are registered in a principal category under Rule 1220(a) that corresponds to the scope of the member's activities; and provided further that a proprietary trading firm with 25 or fewer registered representatives shall only be required to have one officer or partner who is registered as a principal. The requirement that a member have a minimum of two principals shall apply to persons seeking admission as members and existing members.

Pursuant to the 9600 Series, the Exchange may waive the requirement that a member have a minimum of two principals in situations that indicate conclusively that only one person associated with an applicant for membership or existing member should be required to register as a principal.

.02 Permissive Registrations. A member may make application for or maintain the registration as a representative or principal, pursuant to Rule 1220, of any associated person of the member and any individual engaged in the securities business of a foreign securities affiliate or subsidiary of the member. Individuals maintaining such permissive registrations shall be considered registered persons and subject to all Exchange rules, to the extent relevant to their activities.

Consistent with the requirements of the Exchange’s supervision rules, members shall have adequate supervisory systems and procedures reasonably designed to ensure that individuals with permissive registrations do not act outside the scope of their assigned functions. With respect to an individual who solely maintains a permissive registration(s), the individual's direct supervisor shall not be required to be a registered person. However, for purposes of compliance with the Exchange’s supervision rules, a member shall assign a registered supervisor who shall be responsible for periodically contacting such individual's direct supervisor to verify that the individual is not acting outside the scope of his or her assigned functions. If such individual is permissively registered as a representative, the registered supervisor shall be registered as a representative or principal. If the individual is permissively registered as a principal, the registered supervisor shall be registered as a principal. Moreover, the registered supervisor of an individual who solely maintains a permissive registration(s) shall not be required to be

registered in the same representative or principal registration category as the permissively-registered individual.

.03 Qualification Examinations and Waivers of Examinations. Before the registration of a person as a representative can become effective under Rule 1210, such person shall pass the Securities Industry Essentials ("SIE") and an appropriate representative qualification examination as specified in Rule 1220(b). Before the registration of a person as a principal can become effective under Rule 1210, such person shall pass an appropriate principal qualification examination as specified in Rule 1220(a).

If the job functions of a registered representative, other than an individual registered as an Order Processing Assistant Representative, change so as to require the person to register in another representative category, the person shall not be required to pass the SIE. Rather, the registered person would need to pass only an appropriate representative qualification examination as specified in Rule 1220(b). All associated persons shall be eligible to take the SIE. In addition, individuals who are not associated persons shall be eligible to take the SIE. However, passing the SIE alone shall not qualify an individual for registration with the Exchange. To be eligible for registration with the Exchange, an individual shall pass an applicable representative or principal qualification examination as specified in Rule 1220 and satisfy all other applicable prerequisite registration requirements.

Pursuant to the Rule 9600 Series, the Exchange may, in exceptional cases and where good cause is shown, waive the applicable qualification examination(s) and accept other standards as evidence of an applicant's qualifications for registration. Age or disability will not individually of themselves constitute sufficient grounds to waive a qualification examination. Experience in fields ancillary to the securities business may constitute sufficient grounds to waive a qualification examination. The Exchange shall only consider waiver requests submitted by a member for individuals associated with the member who are seeking registration in a representative or principal registration category. Moreover, the Exchange shall consider waivers of the SIE alone or the SIE and the applicable representative and principal examination(s) for such individuals. The Exchange shall not consider a waiver of the SIE for individuals who are not associated persons or for associated persons who are not registering with the Exchange as representatives or principals.

.04 Requirements for Registered Persons Functioning as Principals for a Limited Period. Subject to the requirements of Rule 1220.03, a member may designate any person currently registered, or who becomes registered, with the member as a representative to function as a principal for a period of 120 calendar days prior to passing an appropriate principal qualification examination as specified under Rule 1220(a), provided that such person has at least 18 months of experience functioning as a registered representative within the five-year period immediately preceding the designation and has fulfilled all applicable prerequisite registration, fee and examination requirements prior to designation as a principal. However, in no event may such person function as a principal beyond the initial 120 calendar day period without having successfully passed an

appropriate principal qualification examination as specified under Rule 1220(a). The requirements above apply to designations to any principal category, including those categories that are not subject to a prerequisite representative registration requirement. Further, a person registered as an Order Processing Assistant Representative shall not be eligible to be designated as a principal under Supplementary Material .04 of this rule.

Subject to the requirements of Rule 1220.03, a member may designate any person currently registered, or who becomes registered, with the member as a principal to function in another principal category for a period of 120 calendar days prior to passing an appropriate qualification examination as specified under Rule 1220. However, in no event may such person function in such other principal category beyond the initial 120 calendar day period without having successfully passed an appropriate qualification examination as specified under Rule 1220.

.05 Rules of Conduct for Taking Examinations and Confidentiality of Examinations.

Associated persons taking the SIE shall be subject to the SIE Rules of Conduct. Associated persons taking any representative or principal examination shall be subject to the Rules of Conduct for representative and principal examinations. A violation of the SIE Rules of Conduct or the Rules of Conduct for representative and principal examinations by an associated person shall be deemed to be a violation of Exchange rules requiring observance of high standards of commercial honor or just and equitable principles of trade. If the Exchange determines that an associated person has violated the SIE Rules of Conduct or the Rules of Conduct for representative and principal examinations, the associated person may forfeit the results of the examination and may be subject to disciplinary action by the Exchange. The Exchange considers all of the qualification examinations content to be highly confidential. The removal of examination content from an examination center, reproduction, disclosure, receipt from or passing to any person, or use for study purposes of any portion of such qualification examination or any other use that would compromise the effectiveness of the examinations and the use in any manner and at any time of the questions or answers to the examinations shall be prohibited and shall be deemed to be a violation of Exchange rules requiring observance of high standards of commercial honor or just and equitable principles of trade. An applicant cannot receive assistance while taking the examination and shall certify that no assistance was given to or received by him or her during the examination.

.06 Waiting Periods for Retaking a Failed Examination. Any person who fails to pass a qualification examination prescribed by the Exchange shall be permitted to take that examination again after a period of 30 calendar days has elapsed from the date of such person's last attempt to pass that examination, except that any person who fails to pass an examination three or more times in succession within a two-year period shall be prohibited from again taking that examination until a period of 180 calendar days has elapsed from the date of such person's last attempt to pass that examination.

The waiting periods for retaking a failed examination shall apply to the SIE and the representative and principal examinations specified under Rule 1220.

.07 All Registered Persons Must Satisfy the Regulatory Element of Continuing Education. All “covered persons” as defined in Rule 1240(a)(5), including those individuals who solely maintain permissive registrations pursuant to Rule 1210.02, shall satisfy the Regulatory Element of continuing education as specified in Rule 1240(a).

If a person registered with a member has a continuing education deficiency with respect to that registration as provided under Rule 1240(a), such person shall not be permitted to be registered in another registration category with the Exchange under Rule 1220 with that member or to be registered in any registration category with the Exchange under Rule 1220 with another member, until the person has satisfied the deficiency.

.08 Lapse of Registration and Expiration of SIE. Any person who was last registered as a representative two or more years immediately preceding the date of receipt by the Exchange of a new application for registration as a representative shall be required to pass a representative qualification examination appropriate to his or her category of registration as specified in Rule 1220(b). Any person who last passed the SIE or who was last registered as a representative, whichever occurred last, four or more years immediately preceding the date of receipt by the Exchange of a new application for registration as a representative shall be required to pass the SIE in addition to a representative qualification examination appropriate to his or her category of registration as specified in Rule 1220(b).

Any person who was last registered as a principal two or more years immediately preceding the date of receipt by the Exchange of a new application for registration as a principal shall be required to pass a principal qualification examination appropriate to his or her category of registration as specified in Rule 1220(a).

Any person whose registration has been revoked pursuant to Rule 8310 shall be required to pass a principal or representative qualification examination appropriate to his or her category of registration as specified in Rule 1220(a) or Rule 1220(b), respectively, to be eligible for registration with the Exchange.

For purposes of Supplementary Material .08 of this Rule, an application shall not be considered to have been received by the Exchange if that application does not result in a registration.

.09 Waiver of Examinations for Individuals Working for a Financial Services Industry Affiliate of a Member. Upon request by a member, the Exchange shall waive the applicable qualification examination(s) for an individual designated with the Exchange as working for a financial services industry affiliate of a member if the following conditions are met:

(a) Prior to the individual's initial designation, the individual was registered as a representative or principal for a total of five years within the most recent 10- year period, including for the most recent year with the member that initially designated the individual;

(b) The waiver request is made within seven years of the individual's initial designation;

(c) The initial designation and any subsequent designation(s) were made concurrently with the filing of the individual's related Form U5;

(d) The individual continuously worked for the financial services industry affiliate(s) of a member since the individual's last Form U5 filing;

(e) The individual has complied with the Regulatory Element of continuing education as specified in Rule 1240(a); and

(f) The individual does not have any pending or adverse regulatory matters, or terminations, that are reportable on the Form U4, and has not otherwise been subject to a statutory disqualification as defined in Section 3(a)(39) of the Exchange Act while the individual was designated as eligible for a waiver.

As used in Supplementary Material .09 of this Rule, a "financial services industry affiliate of a member" is a legal entity that controls, is controlled by or is under common control with a member and is regulated by the SEC, Commodity Futures Trading Commission, state securities authorities, federal or state banking authorities, state insurance authorities, or substantially equivalent foreign regulatory authorities.

.10 Status of Persons Serving in the Armed Forces of the United States. The following provisions address the status of current and former registered persons serving in active duty in the Armed Forces of the United States:

(a) Inactive Status of Currently Registered Persons

A registered person of a member who volunteers for or is called into active duty in the Armed Forces of the United States shall be placed, after proper notification to the Exchange, on inactive status and need not be re-registered by such member upon his or her return to active employment with the member. Such person shall remain eligible to receive transaction-related compensation, including continuing commissions. The employing member also may allow such person to enter into an arrangement with another registered person of the member to take over and service the person's accounts and to share transaction-related compensation based upon the business generated by such accounts. However, because such persons are inactive, they may not perform any of the functions and responsibilities performed by a registered person.

A registered person who is placed on inactive status pursuant to this paragraph (a) shall not be included within the scope of fees, if any, charged by the Exchange with respect to registered persons. In addition, a registered person who is placed on inactive status pursuant to this paragraph (a) shall not be required to complete either the Regulatory Element or Firm Element set forth in Rule 1240 during the pendency of such inactive status.

The relief provided in this paragraph (a) shall be available to a registered person who is placed on inactive status pursuant to this paragraph (a) during the period that such person remains registered with the member with which he or she was registered at the beginning of active duty in the Armed Forces of the United States, regardless of whether

the person returns to active employment with another member upon completion of his or her active duty in the Armed Forces of the United States.

The relief described in this paragraph (a) shall be provided only to a person registered with a member and only while the person remains on active military duty. Further, the member with which such person is registered shall promptly notify the Exchange in such manner as the Exchange may specify of such person's return to active employment with the member.

(b) Inactive Status of Sole Proprietorships

A member that is a sole proprietor who temporarily closes his or her business by reason of volunteering for or being called into active duty in the Armed Forces of the United States, shall be placed, after proper notification to the Exchange, on inactive status while the member remains on active military duty.

A sole proprietor member placed on inactive status as set forth in this paragraph (b) shall not be required to pay dues or assessments during the pendency of such inactive status and shall not be required to pay an admission fee upon return to active participation in the securities business.

The relief described in this paragraph (b) shall be provided only to a sole proprietor member and only while the person remains on active military duty. Further, the sole proprietor shall promptly notify the Exchange in such manner as the Exchange may specify of his or her return to active participation in the securities business.

(c) Status of Formerly Registered Persons

If a person who was formerly registered with a member volunteers for or is called into active duty in the Armed Forces of the United States at any time within two years after the date the person ceased to be registered with a member, the Exchange shall defer the lapse of registration requirements set forth in Rule 1210.08 (i.e., toll the two-year expiration period for representative and principal qualification examinations) and the lapse of the SIE (i.e., toll the four-year expiration period for the SIE). The Exchange shall defer the lapse of registration requirements and the SIE commencing on the date the person begins actively serving in the Armed Forces of the United States, provided that the Exchange is properly notified of the person's period of active military service within 90 days following his or her completion of active service or upon his or her re-registration with a member, whichever occurs first. The deferral will terminate 90 days following the person's completion of active service in the Armed Forces of the United States. Accordingly, if such person does not re-register with a member within 90 days following his or her completion of active service in the Armed Forces of the United States, the amount of time in which the person must become re-registered with a member without being subject to a representative or principal qualification examination or the SIE shall consist of the standard two-year period for representative and principal qualification examinations or the standard four-year period for the SIE, whichever is applicable, as

provided in Rule 1210.08 reduced by the period of time between the person's termination of registration and beginning of active service in the Armed Forces of the United States.

If a person placed on inactive status while serving in the Armed Forces of the United States ceases to be registered with a member, the Exchange shall defer the lapse of registration requirements set forth in Rule 1210.08 (i.e., toll the two-year expiration period for representative and principal qualification examinations) and the lapse of the SIE (i.e., toll the four-year expiration period for the SIE) during the pendency of his or her active service in the Armed Forces of the United States. The Exchange shall defer the lapse of registration requirements based on existing information in the CRD system, provided that the Exchange is properly notified of the person's period of active military service within two years following his or her completion of active service or upon his or her re-registration with a member, whichever occurs first. The deferral shall terminate 90 days following the person's completion of active service in the Armed Forces of the United States. Accordingly, if such person does not re-register with a member within 90 days following his or her completion of active service in the Armed Forces of the United States, the amount of time in which the person must become re-registered with a member without being subject to a representative or principal qualification examination or the SIE shall consist of the standard two-year period for representative and principal qualification examinations or the standard four-year period for the SIE, whichever is applicable, as provided in Rule 1210.08.

.11 Impermissible Registrations. Members shall not register or maintain the registration of any person unless consistent with the requirements of Rule 1210.

.12 Application for Registration and Jurisdiction

(B) such other reasonable information with respect to the applicant as the Exchange may require.

(2) The Exchange shall not approve an application for registration of any person who is not eligible to be an associated person of an Exchange member under Exchange rules.

(3) Every application for registration filed with the Exchange shall be kept current at all times by supplementary amendments to Form U4 via the CR D system. Such amendments to the application shall be filed with the Exchange not later than 30 days

after the applicant learns of the facts or circumstances giving rise to the amendment. If such amendment involves a statutory disqualification, such amendment shall be filed not later than ten days after such disqualification occurs.

(b) Notification by Member to the Exchange and Associated Person of Termination; Amendment to Notification

(1) Following the termination of the association with an Exchange member of a person who is registered with it, such Exchange member shall, not later than 30 days after such termination, give notice of the termination of such association to the Exchange via the CRD system using Form U5, and concurrently shall provide to the person whose association has been terminated a copy of said notice as filed with the Exchange . An Exchange member that does not submit such notification and provide a copy to the person whose association has been terminated, within the time period prescribed, shall be assessed any late filing fee that is specified by Exchange Rules. Termination of registration of such person associated with an Exchange member shall not take effect so long as any complaint or action under the Exchange Rules is pending against an Exchange member and to which complaint or action such person associated with an Exchange member is also a respondent, or so long as any complaint or action is pending against such person individually under the Exchange Rules. The Exchange, however, may in its discretion declare the termination effective at any time.

(2) The Exchange member shall notify the Exchange, via the CRD system, by means of an amendment to the notice filed pursuant to paragraph (1) in the event that the Exchange member learns of facts or circumstances causing any information set forth in said notice to become inaccurate or incomplete. Such amendment shall be filed with the Exchange via the CRD system, and a copy provided to the person whose association with the Exchange member has been terminated not later than 30 days after the Exchange member learns of the facts or circumstances giving rise to the amendment.

(c) No Exchange member shall permit any person associated with the Exchange member to engage in the securities business unless the Exchange member determines that such person satisfies the qualification requirements established by the Exchange Board and is not subject to statutory disqualification.

The requirements of paragraph (a)(4)(A) of this Rule shall not apply to a member that is exempt from the requirement to designate a Financial and Operations Principal.

(C) Qualifications

All individuals registering as a Financial and Operations Principal shall pass the Financial and Operations Principal qualification examination before such registration may become effective.

••• Supplementary Material: -----

.01 Foreign Registrations. Persons who are in good standing as a representative with the Financial Conduct Authority in the United Kingdom or with a Canadian stock exchange or securities regulator shall be exempt from the requirement to pass the SIE.

.02 Additional Qualification Requirements for Persons Engaged in Security Futures Activities. Each person who is registered with the Exchange as a General Securities Representative, Options Representative, Registered Options Principal or General Securities Sales Supervisor shall be eligible to engage in security futures activities as a representative or principal, as applicable, provided that such individual completes a Firm Element program as set forth in Rule 1240 that addresses security futures products before such person engages in security futures activities.

.03 Members With One Registered Options Principal. A member that has one Registered Options Principal shall promptly notify the Exchange in the event such person is terminated, resigns, becomes incapacitated or is otherwise unable to perform the duties of a Registered Options Principal. Following receipt of such notification, the Exchange shall require the member to agree, in writing, to refrain from engaging in any options-related activities that would necessitate the prior or subsequent approval of a Registered Options Principal until such time as a new Registered Options Principal has been qualified. Members failing to qualify a new Registered Options Principal within two weeks following the loss of their sole Registered Options Principal, or by the earliest available date for administration of the Registered Options Principal examination, whichever is longer, shall be required to cease doing an options business; provided, however, they may effect closing transactions in options to reduce or eliminate existing open options positions in their own account as well as the accounts of their customers.

.04 Scope of General Securities Sales Supervisor Registration Category. The General Securities Sales Supervisor category is an alternate category of registration designed to lessen the qualification burdens on principals of general securities firms who supervise sales. Without this category of limited registration, such principals would be required to separately qualify pursuant to the rules of multiple exchanges. While persons may continue to separately qualify with all relevant self-regulatory organizations, the General Securities Sales Supervisor

examinations permit qualification as a supervisor of sales of all securities through one registration category. Persons registered as General Securities Sales Supervisors may also qualify in any other category of principal registration. Persons who are already qualified in one or more categories of principal registration may supervise sales activities of all securities by also qualifying as General Securities Sales Supervisors. Any person required to be registered as a principal who supervises sales activities in corporate, municipal and option securities, investment company products, variable contracts, direct participation program securities and security futures may be registered solely as a General Securities Sales Supervisor. In addition to branch office managers, other persons such as regional and national sales managers may also be registered solely as General Securities Sales Supervisors as long as they supervise only sales activities.

.05 Scope of Operations Professional Requirement. Reserved.

.06 Eliminated Registration Categories. Subject to the lapse of registration provisions in Rule 1210.08, each person who is registered with the Exchange in any capacity recognized by the Exchange immediately prior to October 1, 2018, and each person who was registered with the Exchange in such categories within two years prior to October 1, 2018, shall be eligible to maintain such registrations with the Exchange. However, if persons registered in such categories subsequently terminate such registration(s) with the Exchange and the registration remains terminated for two or more years, they shall not be eligible to re-register in such categories.

Persons registered as Order Processing Assistant Representatives shall be subject to the following conditions: (a) An Assistant Representative—Order Processing may not solicit transactions or new accounts on behalf of the member, render investment advice, make recommendations to customers regarding the appropriateness of securities transactions, or effect transactions in securities markets on behalf of the member. Persons registered in this category may not be registered concurrently in any other capacity. (b) Compensation--Members may only compensate Assistant Representatives—Order Processing on an hourly wage or salaried basis and may not in any way, directly or indirectly, relate their compensation to the number or size of transactions effected for customers. This provision shall not prohibit persons registered in this capacity from receiving bonuses or other compensation based on a member's profit sharing plan or similar arrangement. (c) Supervision--The activities of Assistant Representatives—Order Processing may only be conducted at a business location of the member that is under the direct supervision of an appropriately registered principal.

••• Supplementary Material: -----

.01 Registration Requirements for Associated Persons Who Accept Customer Orders. The function of accepting customer orders is not considered a clerical or ministerial function. Each person associated with a member who accepts customer orders

under any circumstances shall be registered in an appropriate registration category pursuant to Rule 1220. An associated person shall not be considered to be accepting a customer order where occasionally, when an appropriately registered person is unavailable, the associated person transcribes order details submitted by a customer and the registered person contacts the customer to confirm the order details before entering the order.

1240. Continuing Education Requirements.

The term “member” when used in this Rule shall mean “member organization.” This Rule prescribes requirements regarding the continuing education of specified persons subsequent to their initial registration with the Exchange. The requirements shall consist of a Regulatory Element and a Firm Element as set forth below.

(a) Regulatory Element

(1) Requirements

All covered persons shall comply with the requirement to complete the Regulatory Element.

Each covered person shall complete the Regulatory Element on the occurrence of their second registration anniversary date and every three years thereafter, or as otherwise prescribed by the Exchange. On each occasion, the Regulatory Element must be completed within 120 days after the person's registration anniversary date. A person's initial registration date, also known as the "base date," shall establish the cycle of anniversary dates for purposes of this Rule. The content of the Regulatory Element shall be appropriate to either the registered representative or principal status of the person subject to the Rule. The content of the Regulatory Element for a person designated as eligible for a waiver pursuant to Rule 1210.09 shall be determined based on the person's most recent registration status and the Regulatory Element shall be completed based on the same cycle had the person remained registered.

(2) Failure to Complete

Unless otherwise determined by the Exchange, any covered persons who have not completed the Regulatory Element within the prescribed time frames will have their registrations deemed inactive until such time as the requirements of the program have been satisfied. Any person whose registration has been deemed inactive under this Rule shall cease all activities as a registered person and is prohibited from performing any duties and functioning in any capacity requiring registration. Further, such person may not accept or solicit business or receive any compensation for the purchase or sale of securities. However, such person may receive trail or residual commissions resulting from transactions completed before the inactive status, unless the member with which such person is associated has a policy prohibiting such trail or residual commissions. A registration that is inactive for a period of two years will be administratively terminated. A person whose registration is so terminated may reactivate the registration only by

reapplying for registration and meeting the qualification requirements of the applicable provisions of Rules 1210 and 1220. The Exchange may, upon application and a showing of good cause, allow for additional time for a covered person to satisfy the program requirements. If a person designated as eligible for a waiver pursuant to Rule 1210.09 fails to complete the Regulatory Element within the prescribed time frames, the person shall no longer be eligible for such a waiver.

(3) Disciplinary Actions

Unless otherwise determined by the Exchange, a covered person other than a person designated as eligible for a waiver pursuant to Rule 1210.09 will be required to retake the Regulatory Element and satisfy all of its requirements in the event such person:

(A) is subject to any statutory disqualification as defined in Section 3(a)(39) of the Exchange Act;

(B) is subject to suspension or to the imposition of a fine of \$5,000 or more for violation of any provision of any securities law or regulation, or any agreement with or rule or standard of conduct of any securities governmental agency, securities self-regulatory organization, or as imposed by any such regulatory or self-regulatory organization in connection with a disciplinary proceeding; or

(C) is ordered as a sanction in a disciplinary action to retake the Regulatory Element by any securities governmental agency or self-regulatory organization.

The retaking of the Regulatory Element shall commence with participation within 120 days of the covered person becoming subject to the statutory disqualification, in the case of (A) above, or the disciplinary action becoming final, in the case of (B) and (C) above. The date of the disciplinary action shall be treated as such person's new base date with the Exchange.

(4) Reassociation in a Registered Capacity

Any covered person who has terminated association with a member and who has, within two years of the date of termination, become reassociated in a registered capacity with a member shall participate in the Regulatory Element at such intervals that may apply (second anniversary and every three years thereafter) based on the initial registration anniversary date rather than based on the date of reassociation in a registered capacity.

(5) Definition of Covered Person

(iii) Applicable regulatory requirements.

(C) Administration of Continuing Education Program — A member must administer its continuing education programs in accordance with its annual evaluation and written plan and must maintain records documenting the content of the programs and completion of the programs by covered registered persons.

(3) Participation in the Firm Element
