3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The purpose of the proposed rule change is to extend the current pilot program related to Rule 3312, Clearly Erroneous Transactions, to the close of business on October 18, 2019. This change is being proposed in connection with proposed amendments to the Plan to Address Extraordinary Market Volatility (the "Limit Up-Limit Down Plan" or the "Plan") that would allow the Plan to continue to operate on a permanent basis.⁴

On September 10, 2010, the Commission approved, on a pilot basis, changes to corresponding rules of The Nasdaq Stock Market LLC ("Nasdaq"), Nasdaq BX, Inc. ("BX"), and other exchanges that, among other things: (i) provided for uniform treatment of clearly erroneous execution reviews in multi-stock events involving twenty or more securities; and (ii) reduced the ability of the exchanges to deviate from the objective standards set forth in the rule.⁵ Following this, on September 30, 2010, the Exchange

adopted changes to conform its Rule 3312 to Nasdaq's and BX's rules 11890.⁶ In 2013, the Exchange adopted a provision designed to address the operation of the Plan.⁷ Finally, in 2014, the Exchange adopted two additional provisions providing that: (i) a series of transactions in a particular security on one or more trading days may be viewed as one event if all such transactions were effected based on the same fundamentally incorrect or grossly misinterpreted issuance information resulting in a severe valuation error for all such transactions; and (ii) in the event of any disruption or malfunction in the operation of the electronic communications and trading facilities of an Exchange, another SRO, or responsible single plan processor in connection with the transmittal or receipt of a trading halt, an Officer, acting on his or her own motion, shall nullify any transaction that occurs after a trading halt has been declared by the primary listing market for a security and before such trading halt has officially ended according to the primary listing market.⁸ These changes are currently scheduled to operate for a pilot period that coincides with the pilot period for the Limit Up-Limit Down Plan,⁹ including any extensions to the pilot period for the Plan.¹⁰

The Commission recently published the proposed Eighteenth Amendment to the Plan to allow the Plan to operate on a permanent, rather than pilot, basis. The Exchange proposes to amend Rule 3312 to untie the pilot program's effectiveness from that of the Plan and to extend the pilot's effectiveness to the close of business on October 18, 2019 – i.e., six months after the expiration of the current pilot period for the Plan. If the pilot period is not either extended, replaced or approved as permanent, the prior versions of paragraphs (a)(2)(C), (b), and (c)(1) shall be in effect, and the provisions of paragraphs (g) through (i) shall be null and void.¹¹ In such an event, the remaining sections of Rule 3312 would continue to apply to all transactions executed on the Exchange. The Exchange understands that the other national securities exchanges and Financial Industry Regulatory Authority (“FINRA”) will also file similar proposals to extend their respective clearly erroneous execution pilot programs, the substance of which are identical to Rule 3312.

The Exchange does not propose any additional changes to Rule 3312. The Exchange believes the benefits to market participants from the more objective clearly erroneous executions rule should continue on a limited six month pilot basis after Commission approves the Plan to operate on a permanent basis. Assuming the Plan is approved by the Commission to operate on a permanent, rather than pilot, basis the Exchange intends to assess whether additional changes should also be made to the operation of the clearly erroneous execution rules. Extending the effectiveness of Rule 3312 for an additional six months should provide the Exchange and other national

¹¹ See supra notes 5 – 8. The prior versions of paragraphs (a)(2)(C), (b), and (c)(1) generally provided greater discretion to the Exchange with respect to breaking erroneous trades.

securities exchanges additional time to consider further amendments to the clearly erroneous execution rules in light of the proposed Eighteenth Amendment to the Plan.

b. Statutory Basis

The Exchange believes the proposed rule change is consistent with the requirements of Section 6(b) of the Act,¹² in general, and Section 6(b)(5) of the Act,¹³ in particular, in that it is designed to remove impediments to and perfect the mechanism of a free and open market and a national market system, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest and not to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes that the proposed rule change promotes just and equitable principles of trade in that it promotes transparency and uniformity across markets concerning review of transactions as clearly erroneous. The Exchange believes that extending the clearly erroneous execution pilot under Rule 3312 for an additional six months would help assure that the determination of whether a clearly erroneous trade has occurred will be based on clear and objective criteria, and that the resolution of the incident will occur promptly through a transparent process. The proposed rule change would also help assure consistent results in handling erroneous trades across the U.S. equities markets, thus furthering fair and orderly markets, the protection of investors and the public interest. Based on the foregoing, the Exchange believes the amended Clearly Erroneous Transactions rule should continue to be in effect on a pilot basis while the

¹³ 15 U.S.C. 78f(b)(5).

Exchange and the other national securities exchanges consider and develop a permanent proposal for clearly erroneous execution reviews.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposal would ensure the continued, uninterrupted operation of harmonized clearly erroneous execution rules across the U.S. equities markets while the Exchange and other national securities exchanges consider further amendments to these rules in light of the proposed Eighteenth Amendment to the Plan. The Exchange understands that the other national securities exchanges and FINRA will also file similar proposals to extend their respective clearly erroneous execution pilot programs. Thus, the proposed rule change will help to ensure consistency across market centers without implicating any competitive issues.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(iii)¹⁴ of the Act and Rule 19b-4(f)(6) thereunder¹⁵ in that it effects a change

¹⁴ 15 U.S.C. 78s(b)(3)(A)(iii).

¹⁵ 17 CFR 240.19b-4(f)(6).

that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.¹⁶

The proposed rule change would not significantly affect the protection of investors or the public interest because it seeks to extend the protections provided by the clearly erroneous executions pilot program, without any changes, while the Exchange and the other national securities exchanges consider and develop a permanent proposal for clearly erroneous execution reviews. This proposed rule change would also not impose any significant burden on competition because the Exchange understands that the other national securities exchanges and FINRA will also file similar proposals with the Commission to extend their respective clearly erroneous execution pilot programs so that those rules may continue uninterrupted. Accordingly, the Exchange has designated this rule filing as non-controversial under Section 19(b)(3)(A) of the Act¹⁷ and paragraph (f)(6) of Rule 19b-4 thereunder.¹⁸

The Exchange respectfully requests that the Commission waive the 30-day operative delay so that the proposed rule change may become effective and operative upon filing with the Commission pursuant to Section 19(b)(3)(A) of the Act¹⁹ and

¹⁶ See note 3, supra.

¹⁷ 15 U.S.C. 78s(b)(3)(A).

¹⁸ See note 2, supra.

¹⁹ See note 17, supra.

paragraph (f)(6) of Rule 19b-4 thereunder.²⁰ Waiver of the 30-day operative delay would allow the Exchange to immediately extend the current clearly erroneous execution pilot program to the close of business on October 18, 2019, independent of whatever action the Commission takes with respect to Eighteenth Amendment to the Plan, which seeks Commission approval of the Plan on a permanent basis. Waiver of the operative delay is consistent with the protection of investors and the public interest because it seeks to extend the protections provided by this pilot program, without any changes, while the Exchange and the other national securities exchanges consider and develop a permanent proposal for clearly erroneous execution reviews.

At any time within sixty (60) days of the filing of such proposed rule change, the Commission may summarily temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

The proposed rule change is not based on the rules of another self-regulatory organization, or of the Commission.

(Release No. _____ ; File No. SR-Phlx-2019-14)

April __, 2019

Self-Regulatory Organizations; Nasdaq PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Extend the Current Pilot Program Related to Clearly Erroneous Transactions

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 10, 2019, Nasdaq PHLX LLC (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the current pilot program related to Phlx Rule 3312, Clearly Erroneous Transactions, to the close of business on October 18, 2019.

The text of the proposed rule change is available on the Exchange’s Website at <http://nasdaqphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it

² 17 CFR 240.19b-4.

received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to extend the current pilot program related to Rule 3312, Clearly Erroneous Transactions, to the close of business on October 18, 2019. This change is being proposed in connection with proposed amendments to the Plan to Address Extraordinary Market Volatility (the "Limit Up-Limit Down Plan" or the "Plan") that would allow the Plan to continue to operate on a permanent basis.³

On September 10, 2010, the Commission approved, on a pilot basis, changes to corresponding rules of The Nasdaq Stock Market LLC ("Nasdaq"), Nasdaq BX, Inc. ("BX"), and other exchanges that, among other things: (i) provided for uniform treatment of clearly erroneous execution reviews in multi-stock events involving twenty or more securities; and (ii) reduced the ability of the exchanges to deviate from the objective standards set forth in the rule.⁴ Following this, on September 30, 2010, the Exchange adopted changes to conform its Rule 3312 to Nasdaq's and BX's rules 11890.⁵ In 2013,

³ See Securities Exchange Act Release No. 84843 (December 18, 2018), 83 FR 66464 (December 26, 2018) (File No. 4-631) ("Eighteenth Amendment").

⁴ See Securities Exchange Act Release No. 62886 (September 10, 2010), 75 FR 56613 (September 16, 2010) (File Nos. the Exchange adopted a provision designed to address the operation of the Plan.⁶ Finally, in 2014, the Exchange adopted two additional provisions providing that: (i) a series of transactions in a particular security on one or more trading days may be viewed as one event if all such transactions were effected based on the same fundamentally incorrect or grossly misinterpreted issuance information resulting in a severe valuation error for all such transactions; and (ii) in the event of any disruption or malfunction in the operation of the electronic communications and trading facilities of an Exchange, another SRO, or responsible single plan processor in connection with the transmittal or receipt of a trading halt, an Officer, acting on his or her own motion, shall nullify any transaction that occurs after a trading halt has been declared by the primary listing market for a security and before such trading halt has officially ended according to the primary listing market.⁷ These changes are currently scheduled to operate for a pilot period that coincides with the pilot period for the Limit Up-Limit Down Plan,⁸ including any extensions to the pilot period for the Plan.⁹

The Commission recently published the proposed Eighteenth Amendment to the Plan to allow the Plan to operate on a permanent, rather than pilot, basis. The Exchange proposes to amend Rule 3312 to untie the pilot program's effectiveness from that of the

Plan and to extend the pilot's effectiveness to the close of business on October 18, 2019 – i.e., six months after the expiration of the current pilot period for the Plan. If the pilot period is not either extended, replaced or approved as permanent, the prior versions of paragraphs (a)(2)(C), (b), and (c)(1) shall be in effect, and the provisions of paragraphs (g) through (i) shall be null and void.¹⁰ In such an event, the remaining sections of Rule 3312 would continue to apply to all transactions executed on the Exchange. The Exchange understands that the other national securities exchanges and Financial Industry Regulatory Authority (“FINRA”) will also file similar proposals to extend their respective clearly erroneous execution pilot programs, the substance of which are identical to Rule 3312.

The Exchange does not propose any additional changes to Rule 3312. The Exchange believes the benefits to market participants from the more objective clearly erroneous executions rule should continue on a limited six month pilot basis after Commission approves the Plan to operate on a permanent basis. Assuming the Plan is approved by the Commission to operate on a permanent, rather than pilot, basis the Exchange intends to assess whether additional changes should also be made to the operation of the clearly erroneous execution rules. Extending the effectiveness of Rule 3312 for an additional six months should provide the Exchange and other national securities exchanges additional time to consider further amendments to the clearly erroneous execution rules in light of the proposed Eighteenth Amendment to the Plan.

¹⁰ See supra notes 4 – 7. The prior versions of paragraphs (a)(2)(C), (b), and (c)(1) generally provided greater discretion to the Exchange with respect to breaking erroneous trades.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the requirements of Section 6(b) of the Act,¹¹ in general, and Section 6(b)(5) of the Act,¹² in particular, in that it is designed to remove impediments to and perfect the mechanism of a free and open market and a national market system, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest and not to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes that the proposed rule change promotes just and equitable principles of trade in that it promotes transparency and uniformity across markets concerning review of transactions as clearly erroneous. The Exchange believes that extending the clearly erroneous execution pilot under Rule 3312 for an additional six months would help assure that the determination of whether a clearly erroneous trade has occurred will be based on clear and objective criteria, and that the resolution of the incident will occur promptly through a transparent process. The proposed rule change would also help assure consistent results in handling erroneous trades across the U.S. equities markets, thus furthering fair and orderly markets, the protection of investors and the public interest. Based on the foregoing, the Exchange believes the amended Clearly Erroneous Transactions rule should continue to be in effect on a pilot basis while the Exchange and the other national securities exchanges consider and develop a permanent proposal for clearly erroneous execution reviews.

¹¹ 15 U.S.C. 78f(b).

¹² 15 U.S.C. 78f(b)(5).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposal would ensure the continued, uninterrupted operation of harmonized clearly erroneous execution rules across the U.S. equities markets while the Exchange and other national securities exchanges consider further amendments to these rules in light of the proposed Eighteenth Amendment to the Plan. The Exchange understands that the other national securities exchanges and FINRA will also file similar proposals to extend their respective clearly erroneous execution pilot programs. Thus, the proposed rule change will help to ensure consistency across market centers without implicating any competitive issues.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹³ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁴

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
