The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change

**Partial Amendment**

Add Remove View

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

1. Text of the Proposed Rule Change

(a) Nasdaq Phlx LLC (“Phlx” or “Exchange”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> is filing with the Securities and Exchange Commission (“SEC” or “Commission”) a proposal to amend its Rules at Options 7, Section 9, Other Member Fees.<sup>3</sup>

A notice of the proposed rule change for publication in the Federal Register is attached as Exhibit 1. The text of the proposed rule change is attached as Exhibit 5.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors (the “Board”). Exchange staff will advise the Board of any action taken pursuant to delegated authority. No other action is necessary for the filing of the rule change.

Questions and comments on the proposed rule change may be directed to:

Angela Saccomandi Dunn  
Principal Associate General Counsel  
Nasdaq, Inc.  
(215) 496-5692

---

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

<sup>3</sup> The Exchange initially filed the proposed pricing changes on November 28, 2023 (SR-Phlx-2023-52) to be effective on December 1, 2023. On December 5, 2023, the Exchange withdrew SR-Phlx-2023-52 and replaced it with SR-Phlx-2023-56. On January 16, 2023, the Exchange withdrew SR-Phlx-2023-56 and submitted SR-Phlx-2024-02. On March 7, 2024, the Exchange withdrew SR-Phlx-2024-02 and submitted this filing.

3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The Exchange proposes to amend Options 7, Section 9, B, Port Fees, to increase the SQF Port<sup>4</sup> Fee cap.

Today, Phlx assesses \$1,250 per port, per month up to a maximum of \$42,000 per month for an SQF Port that receives inbound quotes at any time within that month.<sup>5</sup>

Today, member organizations are not assessed an active SQF Port Fee for additional ports acquired for ten business days for the purpose of transitioning technology.<sup>6</sup> The Exchange proposes to add the words “active port” in parenthesis at the end of the description of SQF Port Fee to tie the definition of an active port to the description for the port.<sup>7</sup>

At this time, the Exchange proposes to increase the maximum SQF Port Fee of

---

<sup>4</sup> “Specialized Quote Feed” or “SQF” is an interface that allows Lead Market Makers, Streaming Quote Traders (“SQTs”) and Remote Streaming Quote Traders (“RSQTs”) to connect, send, and receive messages related to quotes, Immediate-or-Cancel Orders, and auction responses into and from the Exchange. Features include the following: (1) options symbol directory messages (e.g., underlying and complex instruments); (2) system event messages (e.g., start of trading hours messages and start of opening); (3) trading action messages (e.g., halts and resumes); (4) execution messages; (5) quote messages; (6) Immediate-or-Cancel Order messages; (7) risk protection triggers and purge notifications; (8) opening imbalance messages; (9) auction notifications; and (10) auction responses. The SQF Purge Interface only receives and notifies of purge requests from the Lead Market Maker, SQT or RSQT. Lead Market Makers, SQTs and RSQTs may only enter interest into SQF in their assigned options series. Immediate-or-Cancel Orders entered into SQF are not subject to the Order Price Protection, the Market Order Spread Protection, or Size Limitation in Options 3, Section 15(a)(1), (a)(2) and (b)(2), respectively. See Options 3, Section 7(a)(i)(B).

<sup>5</sup> An active port shall mean that the port was utilized to submit a quote to the System during a given month. See Options 7, Section 9, B.

<sup>6</sup> The member organization is required to provide the Exchange with written notification of the transition and all additional ports, provided at no cost, will be removed at the end of the ten business days. See Options 7, Section 9, B.

<sup>7</sup> The Exchange also proposes a technical amendment to add a comma between “per port” and “per month” for the SQF Port Fee in Options 7, Section 9, B.

\$42,000 per month to \$50,000 per month.<sup>8</sup> The Exchange is not amending the \$1,250 per port, per month fee. As is the case today, the Exchange would not assess a member organization an SQF Port Fee beyond the monthly cap once the member organization has exceeded the monthly cap for the respective month.

Despite increasing the maximum SQF Port Fee from \$42,000 per month to \$50,000 per month, the Exchange will continue to offer member organizations the opportunity to cap their SQF Port Fees so that they would not be assessed these fees beyond the cap.

Pursuant to Options 3, Section 7(a)(i)(B), Market Makers may only enter interest into SQF in their assigned options series. Pursuant to Options 3, Section 7(a)(i)(B), the SQF interface allows Market Makers to connect, send, and receive messages related to quotes, Immediate-or-Cancel Orders, and auction responses to the Exchange. A Phlx Market Maker requires only one SQF Port to submit quotes in its assigned options series into Phlx. A Phlx Market Maker requires only one SQF Port to submit quotes in its assigned options series into Phlx. A Phlx Market Maker may submit all quotes through one SQF Port. While a Phlx Market Maker may elect to obtain multiple SQF Ports to organize its business,<sup>9</sup> only one SQF Port is necessary for a Phlx Market Maker to fulfill its regulatory quoting obligations.<sup>10</sup>

---

<sup>8</sup> Currently, 29% of Phlx Market Makers cap their SQF Port Fees. Of those Market Makers, there is a mix of small, medium and large Market Makers.

<sup>9</sup> For example, a Phlx Market Maker may desire to utilize multiple SQF Ports for accounting purposes, to measure performance, for regulatory reasons or other determinations that are specific to that member organization.

<sup>10</sup> Phlx Market Makers have various regulatory requirements as provided for in Options 2, Section 4. Additionally, Phlx Market Makers have certain quoting requirements with respect to their assigned options series as provided in Options 2, Section 5. SQF Ports are the only quoting protocol available on Phlx and only Market Makers may utilize SQF Ports.

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,<sup>11</sup> in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,<sup>12</sup> in particular, in that it provides for the equitable allocation of reasonable dues, fees, and other charges among members and issuers and other persons using any facility, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The proposed pricing change to increase the maximum SQF Port Fee from \$42,000 to \$50,000 per month is reasonable because despite the increase in the maximum SQF Port Fee, the Exchange will continue to offer member organizations the opportunity to cap their SQF Port Fees so that they would not be assessed SQF Port Fees beyond the cap. Additionally, a Phlx Market Maker requires only one SQF Port to submit quotes in its assigned options series into Phlx. A Phlx Market Maker may submit all quotes through one SQF Port. While a Phlx Market Maker may elect to obtain multiple SQF Ports to organize its business,<sup>13</sup> only one SQF Port is necessary for a Phlx Market Maker to fulfill its regulatory quoting obligations.<sup>14</sup> Member organizations may choose a greater number of SQF Ports beyond one port, depending on that member organization's particular business model. Additionally, the Exchange believes that the caps are reasonable for two reasons.

---

<sup>11</sup> 15 U.S.C. 78f(b).

<sup>12</sup> 15 U.S.C. 78f(b)(4) and (5).

<sup>13</sup> For example, a Phlx Market Maker may desire to utilize multiple SQF Ports for accounting purposes, to measure performance, for regulatory reasons or other determinations that are specific to that member organization.

<sup>14</sup> Phlx Market Makers have various regulatory requirements as provided for in Options 2, Section 4. Additionally, Phlx Market Makers have certain quoting requirements with respect to their assigned options series as provided in Options 2, Section 5. SQF Ports are the only quoting protocol available on Phlx and only Market Makers may utilize SQF Ports.

First, SQF Ports are a secure method for Market Makers to submit quotes into the Exchange's match engine and for the Exchange to send messages related to those quotes to Market Makers. Phlx must manage the security and message traffic, among other things, for each port. Utilizing the cap to manage a Market Maker's costs while also managing the quantity of SQF Ports issued on Phlx has led the Exchange to select \$50,000 as the amended monthly cap for SQF Ports. By capping the ports at a different level, the Exchange is considering the message traffic and message rates associated with the current number of outstanding ports and its ability to process messages. The ability to have a cap and amend that cap permits the Exchange to scale its needs with respect to processing messages in an efficient manner. The Exchange notes that Cboe Exchange, Inc. ("Cboe") limits usage on each port and assesses fees for incremental usage.<sup>15</sup>

Second, the Exchange notes that multiple ports are not necessary, however, to the extent that some Market Makers elect to obtain multiple ports, the Exchange is offering to cap their total port cost at \$50,000 per month. Phlx believes the existence of a cap allows for efficiencies and permits Market Makers to increase their number of ports beyond the cap. The cap levels the playing field by allowing those Market Makers that want to obtain a larger number of ports to do so with the certainty of a fee cap. Without the cap, Phlx Market Makers may pay more to obtain multiple ports on Phlx. BOX Exchange LLC ("BOX") assesses \$1,000 per month for all SAIL Ports for Market Making and \$500 per month per port up to 5 ports for order entry and \$150 per month for

---

<sup>15</sup> Each Cboe Binary Order Entry ("BOE") or FIX Logical Port incur the logical port fee indicated when used to enter up to 70,000 orders per trading day per logical port as measured on average in a single month. For each incremental usage of up to 70,000 per day per logical port will incur an additional logical port fee of \$800 per month. BOE or FIX Logical Ports provide users the ability to enter order/quotes. See Cboe's Fees Schedule.

each additional port.<sup>16</sup> Miami International Securities Exchange, LLC's ("MIAX") MIAX Express Interface ("MEI") Fee levels are based on a tiered fee structure based on the Market Maker's total monthly executed volume during the relevant month.<sup>17</sup>

The number of ports that member organizations choose to purchase varies widely. Today, on Phlx, 2 Market Makers have 1 SQF Port, 5 Market Makers have 2-5 SQF Ports, 4 Market Makers have between 6-10 SQF Ports, and 11 Market Makers have more than 10 SQF Ports. Additionally, today, on Nasdaq GEMX, LLC no Market Makers have 1 SQF Port/SQF Purge Port, 1 Market Maker has 2-5 SQF Ports/SQF Purge Ports, 4 Market Makers have between 6-10 SQF Ports/SQF Purge Ports, and 8 Market Makers have more than 10 SQF Ports/SQF Purge Ports. Finally, on Nasdaq MRX LLC ("MRX"), 2 Market Makers have 1 SQF Ports/SQF Purge Ports, no Market Makers have 2-5 SQF Ports/SQF Purge Ports, 2 Market Makers have between 6-10 SQF Ports/SQF Purge Ports, and 6 Market Makers have more than 10 SQF Ports/SQF Purge Ports.

The proposed pricing change to increase the maximum SQF Port Fee from \$42,000 to \$50,000 per month is equitable and not unfairly discriminatory because the Exchange would uniformly not assess any Market Makers that exceeded the maximum SQF Port Fee any SQF Port Fees beyond the maximum amount. Market Makers are the only market participants that are assessed an SQF Port Fee because they are the only market participants that are permitted to quote on the Exchange. SQF Ports are only

---

<sup>16</sup> See BOX's Fee Schedule.

<sup>17</sup> MEI is a connection to MIAX systems that enables Market Makers to submit simple and complex electronic quotes to MIAX. MIAX caps its MEI Ports. For these Monthly MIAX MEI Fees levels, if the Market Maker's total monthly executed volume during the relevant month is less than 0.060% of the total monthly executed volume reported by OCC in the market maker account type for MIAX-listed option classes for that month, then the fee will be \$14,500 instead of the fee otherwise applicable to such level. See MIAX's Fee Schedule.

utilized in the Market Maker's assigned options series. The following chart represents the classification of Phlx members and the percentage of Market Makers.

Unlike other market participants, Market Makers are subject to market making and quoting obligations.<sup>18</sup> These liquidity providers are critical market participants in that they are the only market participants that provide liquidity to Phlx on a continuous basis. In addition, the Exchange notes that Lead Market Makers are required to submit quotes in the Opening Process to open an options series.<sup>19</sup> Market Makers are subject to a number of fees, unlike other market participants. Market Makers pay separate permit fees,<sup>20</sup> and Streaming Quote Trader Fees,<sup>21</sup> in addition to other fees paid by other market participants. Providing Market Makers a means to cap their cost related to quoting and enabling all Market Makers to acquire SQF Ports at no cost beyond a certain dollar

<sup>18</sup> See Options 2, Sections 4 and 5.

<sup>19</sup> See Options 3, Section 8.

<sup>20</sup> See Options 7, Section 8, A.

<sup>21</sup> See Options 7, Section 8, B.

amount enables these market participants to provide the necessary liquidity to Phlx at lower costs. Therefore, because Market Makers fulfill a unique role on the Exchange, are the only market participant required to submit quotes as part of their obligations to operate on the Exchange, and, in light of that role, they are eligible for certain incentives. The proposed SQF Port fee cap is designed to continue to incent Market Makers to quote on Phlx, thereby promoting liquidity, quote competition, and trading opportunities.

In 2022, NYSE Arca, Inc. (“NYSE Arca”) proposed to restructure fees relating to OTPs for Market Makers.<sup>22</sup> In that rule change,<sup>23</sup> NYSE Arca argued that,

Market Makers serve a unique and important function on the Exchange (and other options exchanges) given the quote-driven nature of options markets. Because options exchanges rely on actively quoting Market Makers to facilitate a robust marketplace that attracts order flow, options exchanges must attract and retain Market Makers, including by setting competitive Market Maker permit fees. Stated otherwise, changes to Market Maker permit fees can have a direct effect on the ability of an exchange to compete for order flow. The Exchange also believes that the number of options exchanges on which Market Makers can effect option transactions also ensures competition in the marketplace and constrains the ability of exchanges to charge supracompetitive fees for access to its market by Market Makers.

Further, NYSE ARCA noted that,<sup>24</sup>

The Exchange further believes that its ability to set Market Maker permit fees is constrained by competitive forces based on the fact that Market Makers can, and have, chosen to terminate their status as a Market Maker if they deem Market Maker permit fees to be unreasonable or excessive. Specifically, the Exchange notes that a BOX participant modified its access to BOX in connection with the implementation of a proposed change to BOX’s Market Maker permit fees. The Exchange has also observed that another options exchange group experienced decreases in

---

<sup>22</sup> See Securities Exchange Act Release No. 95412 (June 23, 2022), 87 FR 38786 (June 29, 2022) (SR-NYSEArca-2022-36). NYSE Arca proposed to increase both the monthly fee per Market Maker OTP and the number of issues covered by each additional OTP because, among other reasons, the number of issues traded on the Exchange has increased significantly in recent years.

<sup>23</sup> Id. at 38788.

<sup>24</sup> Id. at 38790.

market share following its proposed modifications of its access fees (including Market Maker trading permit fees), suggesting that market participants (including Market Makers) are sensitive to changes in exchanges' access fees and may respond by shifting their order flow elsewhere if they deem the fees to be unreasonable or excessive.

There is no requirement, regulatory or otherwise, that any Market Maker connect to and access any (or all of) the available options exchanges. The Exchange also is not aware of any reason why a Market Maker could not cease being a permit holder in response to unreasonable price increases. The Exchange does not assess any termination fee for a Market Maker to drop its OTP, nor is the Exchange aware of any other costs that would be incurred by a Market Maker to do so.

The Exchange likewise believes that its ability to cap SQF Ports fees is constrained by competitive forces and that its proposed modifications to the SQF Port Fee cap is reasonably designed in consideration of the competitive environment in which the Exchange operates, by balancing the value of the enhanced benefits available to Market Makers due to the current level of activity on the Exchange with a fee structure that will continue to incent Market Makers to support increased liquidity, quote competition, and trading opportunities on the Exchange, for the benefit of all market participants.

#### 4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

#### Intermarket Competition

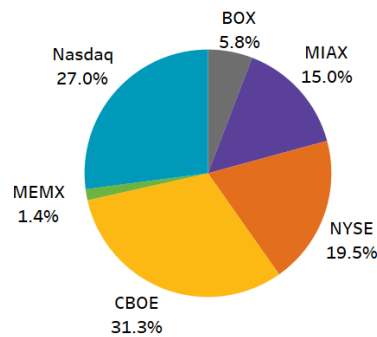

The proposal does not impose an undue burden on intermarket competition. The Exchange believes its proposal remains competitive with other options markets who also offer order entry protocols. The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. The chart below shows the February 2024

market share for multiply listed options by exchange. Of the 17 operating options exchanges, none currently has more than a 17.6% market share. Customers widely distribute their transactions across exchanges according to their business needs and the ability of each exchange to meet those needs through technology, liquidity and functionality.

Options Market Share by Exchange: February 2024

Options Exchanges- Parent Company

Source: OCC, Nadsaq Economic Research

Market share is the percentage of volume on a particular exchange relative to the total volume across all exchanges, and indicates the amount of order flow directed to that exchange. High levels of market share enhance the value of trading and ports.

In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges. Because competitors are free to modify their own fees in response, and because market participants may readily adjust their order routing practices, the Exchange believes that the degree to which fee changes in this market may impose any burden on competition is extremely limited.

Other exchanges amended certain costs attributed to Market Makers.<sup>25</sup> In 2022, MRX proposed a monthly cap for SQF Ports and SQF Purge Ports of 17,500.<sup>26</sup> MRX noted in its rule change that, “Only one SQF quote protocol is required for an MRX Market Maker to submit quotes into MRX and to meet its regulatory requirements.”<sup>27</sup>

If the Commission were to apply a different standard of review this proposal than it applied to other exchange fee filings, where Market Maker fees were increased and port fee caps were established, it would create a burden on competition such that it would impair Phlx’s ability to compete among other options markets. Additionally, BOX assesses \$1,000 per month for all SAIL Ports for Market Making and \$500 per month per port up to 5 ports for order entry and \$150 per month for each additional port.<sup>28</sup> MIAX’s MEI Fee levels are based on a tiered fee structure based on the Market Maker’s total monthly executed volume during the relevant month.<sup>29</sup>

If the Commission were to apply a different standard of review this proposal than it applied to other exchange fee filings, where Market Maker fees were increased and port fee caps were established, it would create a burden on competition such that it would impair Phlx’s ability to compete among other options markets.

<sup>26</sup> See Securities Exchange Act No. 96824(February 7, 2023), 88 FR 8975 (February 10, 2023) (SR-MRX-2023-05) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend MRX Options 7, Section 6).

<sup>27</sup> Id at 8976.

<sup>28</sup> See BOX’s Fee Schedule.

<sup>29</sup> MEI is a connection to MIAX systems that enables Market Makers to submit simple and complex electronic quotes to MIAX. MIAX caps its MEI Ports. For these Monthly MIAX MEI Fees levels, if the Market Maker’s total monthly executed volume during the relevant month is less than 0.060% of the total monthly executed volume reported by OCC in the market maker account type for MIAX-listed option classes for that month, then the fee will be \$14,500 instead of the fee otherwise applicable to such level. See MIAX’s Fee Schedule.

### Intramarket Competition

The Exchange's proposed pricing change to increase the maximum SQF Port Fee from \$42,000 to \$50,000 per month does not impose an undue burden on competition because the Exchange would uniformly not assess any Market Makers that exceeded the maximum SQF Port Fee any SQF Port Fees beyond the maximum amount. Market Makers are the only market participants that are assessed an SQF Port Fee because they are the only market participants that are permitted to quote on the Exchange. Unlike other market participants, Market Makers are subject to market making and quoting obligations.<sup>30</sup> These liquidity providers are critical market participants in that they are the only market participants that provide liquidity to Phlx on a continuous basis. In addition, the Exchange notes that Lead Market Makers are required to submit quotes in the Opening Process to open an options series.<sup>31</sup> Market Makers are subject to a number of fees, unlike other market participants. Market Makers pay separate permit fees,<sup>32</sup> and Streaming Quote Trader Fees,<sup>33</sup> in addition to other fees paid by other market participants. Providing Market Makers a means to cap their cost related to quoting and enabling all Market Makers to acquire SQF Ports at no cost beyond a certain dollar amount enables these market participants to provide the necessary liquidity to Phlx at lower costs. Therefore, because Market Makers fulfill a unique role on the Exchange, are the only market participant required to submit quotes as part of their obligations to operate on the Exchange, and, in light of that role, they are eligible for certain incentives.

---

<sup>30</sup> See Options 2, Sections 4 and 5.

<sup>31</sup> See Options 3, Section 8.

<sup>32</sup> See Options 7, Section 8, A.

<sup>33</sup> See Options 7, Section 8, B.

The proposed SQF Fee cap is designed to continue to incent Market Makers to quote on Phlx, thereby promoting liquidity, quote competition, and trading opportunities.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

Pursuant to Section 19(b)(3)(A)(ii) of the Act,<sup>34</sup> the Exchange has designated this proposal as establishing or changing a due, fee, or other charge imposed by the self-regulatory organization on any person, whether or not the person is a member of the self-regulatory organization, which renders the proposed rule change effective upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

Not applicable.

9. Security-Based Swap Submissions Filed Pursuant to Section 3C of the Act

Not applicable.

March \_\_, 2024

Self-Regulatory Organizations; Nasdaq PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend Options 7, Section 9

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)<sup>1</sup>, and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on March 7, 2024, Nasdaq PHLX LLC (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its Rules at Options 7, Section 9, Other Member Fees.<sup>3</sup>

The text of the proposed rule change is available on the Exchange’s Website at <https://listingcenter.nasdaq.com/rulebook/phlx/rules>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

---

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

<sup>3</sup> The Exchange initially filed the proposed pricing changes on November 28, 2023 (SR-Phlx-2023-52) to be effective on December 1, 2023. On December 5, 2023, the Exchange withdrew SR-Phlx-2023-52 and replaced it with SR-Phlx-2023-56. On January 16, 2023, the Exchange withdrew SR-Phlx-2023-56 and submitted SR-Phlx-2024-02. On March 7, 2024, the Exchange withdrew SR-Phlx-2024-02 and submitted this filing.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Options 7, Section 9, B, Port Fees, to increase the SQF Port<sup>4</sup> Fee cap.

Today, Phlx assesses \$1,250 per port, per month up to a maximum of \$42,000 per month for an SQF Port that receives inbound quotes at any time within that month.<sup>5</sup>

Today, member organizations are not assessed an active SQF Port Fee for additional

---

<sup>4</sup> "Specialized Quote Feed" or "SQF" is an interface that allows Lead Market Makers, Streaming Quote Traders ("SQTs") and Remote Streaming Quote Traders ("RSQTs") to connect, send, and receive messages related to quotes, Immediate-or-Cancel Orders, and auction responses into and from the Exchange. Features include the following: (1) options symbol directory messages (e.g., underlying and complex instruments); (2) system event messages (e.g., start of trading hours messages and start of opening); (3) trading action messages (e.g., halts and resumes); (4) execution messages; (5) quote messages; (6) Immediate-or-Cancel Order messages; (7) risk protection triggers and purge notifications; (8) opening imbalance messages; (9) auction notifications; and (10) auction responses. The SQF Purge Interface only receives and notifies of purge requests from the Lead Market Maker, SQT or RSQT. Lead Market Makers, SQTs and RSQTs may only enter interest into SQF in their assigned options series. Immediate-or-Cancel Orders entered into SQF are not subject to the Order Price Protection, the Market Order Spread Protection, or Size Limitation in Options 3, Section 15(a)(1), (a)(2) and (b)(2), respectively. See Options 3, Section 7(a)(i)(B).

<sup>5</sup> An active port shall mean that the port was utilized to submit a quote to the System during a given month. See Options 7, Section 9, B.

ports acquired for ten business days for the purpose of transitioning technology.<sup>6</sup> The Exchange proposes to add the words “active port” in parenthesis at the end of the description of SQF Port Fee to tie the definition of an active port to the description for the port.<sup>7</sup>

At this time, the Exchange proposes to increase the maximum SQF Port Fee of \$42,000 per month to \$50,000 per month.<sup>8</sup> The Exchange is not amending the \$1,250 per port, per month fee. As is the case today, the Exchange would not assess a member organization an SQF Port Fee beyond the monthly cap once the member organization has exceeded the monthly cap for the respective month.

Despite increasing the maximum SQF Port Fee from \$42,000 per month to \$50,000 per month, the Exchange will continue to offer member organizations the opportunity to cap their SQF Port Fees so that they would not be assessed these fees beyond the cap.

Pursuant to Options 3, Section 7(a)(i)(B), Market Makers may only enter interest into SQF in their assigned options series. Pursuant to Options 3, Section 7(a)(i)(B), the SQF interface allows Market Makers to connect, send, and receive messages related to quotes, Immediate-or-Cancel Orders, and auction responses to the Exchange. A Phlx Market Maker requires only one SQF Port to submit quotes in its assigned options series into Phlx. A Phlx Market Maker requires only one SQF Port to submit quotes in its

---

<sup>6</sup> The member organization is required to provide the Exchange with written notification of the transition and all additional ports, provided at no cost, will be removed at the end of the ten business days. See Options 7, Section 9, B.

<sup>7</sup> The Exchange also proposes a technical amendment to add a comma between “per port” and “per month” for the SQF Port Fee in Options 7, Section 9, B.

<sup>8</sup> Currently, 29% of Phlx Market Makers cap their SQF Port Fees. Of those Market Makers, there is a mix of small, medium and large Market Makers.

assigned options series into Phlx. A Phlx Market Maker may submit all quotes through one SQF Port. While a Phlx Market Maker may elect to obtain multiple SQF Ports to organize its business,<sup>9</sup> only one SQF Port is necessary for a Phlx Market Maker to fulfill its regulatory quoting obligations.<sup>10</sup>

## 2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,<sup>11</sup> in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,<sup>12</sup> in particular, in that it provides for the equitable allocation of reasonable dues, fees, and other charges among members and issuers and other persons using any facility, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The proposed pricing change to increase the maximum SQF Port Fee from \$42,000 to \$50,000 per month is reasonable because despite the increase in the maximum SQF Port Fee, the Exchange will continue to offer member organizations the opportunity to cap their SQF Port Fees so that they would not be assessed SQF Port Fees beyond the cap. Additionally, a Phlx Market Maker requires only one SQF Port to submit quotes in its assigned options series into Phlx. A Phlx Market Maker may submit all quotes through one SQF Port. While a Phlx Market Maker may elect to obtain multiple SQF

---

<sup>9</sup> For example, a Phlx Market Maker may desire to utilize multiple SQF Ports for accounting purposes, to measure performance, for regulatory reasons or other determinations that are specific to that member organization.

<sup>10</sup> Phlx Market Makers have various regulatory requirements as provided for in Options 2, Section 4. Additionally, Phlx Market Makers have certain quoting requirements with respect to their assigned options series as provided in Options 2, Section 5. SQF Ports are the only quoting protocol available on Phlx and only Market Makers may utilize SQF Ports.

<sup>11</sup> 15 U.S.C. 78f(b).

<sup>12</sup> 15 U.S.C. 78f(b)(4) and (5).

Ports to organize its business,<sup>13</sup> only one SQF Port is necessary for a Phlx Market Maker to fulfill its regulatory quoting obligations.<sup>14</sup> Member organizations may choose a greater number of SQF Ports beyond one port, depending on that member organization's particular business model. Additionally, the Exchange believes that the caps are reasonable for two reasons.

First, SQF Ports are a secure method for Market Makers to submit quotes into the Exchange's match engine and for the Exchange to send messages related to those quotes to Market Makers. Phlx must manage the security and message traffic, among other things, for each port. Utilizing the cap to manage a Market Maker's costs while also managing the quantity of SQF Ports issued on Phlx has led the Exchange to select \$50,000 as the amended monthly cap for SQF Ports. By capping the ports at a different level, the Exchange is considering the message traffic and message rates associated with the current number of outstanding ports and its ability to process messages. The ability to have a cap and amend that cap permits the Exchange to scale its needs with respect to processing messages in an efficient manner. The Exchange notes that Cboe Exchange, Inc. ("Cboe") limits usage on each port and assesses fees for incremental usage.<sup>15</sup>

---

<sup>13</sup> For example, a Phlx Market Maker may desire to utilize multiple SQF Ports for accounting purposes, to measure performance, for regulatory reasons or other determinations that are specific to that member organization.

<sup>14</sup> Phlx Market Makers have various regulatory requirements as provided for in Options 2, Section 4. Additionally, Phlx Market Makers have certain quoting requirements with respect to their assigned options series as provided in Options 2, Section 5. SQF Ports are the only quoting protocol available on Phlx and only Market Makers may utilize SQF Ports.

<sup>15</sup> Each Cboe Binary Order Entry ("BOE") or FIX Logical Port incur the logical port fee indicated when used to enter up to 70,000 orders per trading day per logical port as measured on average in a single month. For each incremental usage of up to 70,000 per day per logical port will incur an additional logical port fee of \$800 per month. BOE or FIX Logical Ports provide users the ability to enter order/quotes. See Cboe's Fees Schedule.

Second, the Exchange notes that multiple ports are not necessary, however, to the extent that some Market Makers elect to obtain multiple ports, the Exchange is offering to cap their total port cost at \$50,000 per month. Phlx believes the existence of a cap allows for efficiencies and permits Market Makers to increase their number of ports beyond the cap. The cap levels the playing field by allowing those Market Makers that want to obtain a larger number of ports to do so with the certainty of a fee cap. Without the cap, Phlx Market Makers may pay more to obtain multiple ports on Phlx. BOX Exchange LLC (“BOX”) assesses \$1,000 per month for all SAIL Ports for Market Making and \$500 per month per port up to 5 ports for order entry and \$150 per month for each additional port.<sup>16</sup> Miami International Securities Exchange, LLC’s (“MIAX”) MIAX Express Interface (“MEI”) Fee levels are based on a tiered fee structure based on the Market Maker’s total monthly executed volume during the relevant month.<sup>17</sup>

The number of ports that member organizations choose to purchase varies widely. Today, on Phlx, 2 Market Makers have 1 SQF Port, 5 Market Makers have 2-5 SQF Ports, 4 Market Makers have between 6-10 SQF Ports, and 11 Market Makers have more than 10 SQF Ports. Additionally, today, on Nasdaq GEMX, LLC no Market Makers have 1 SQF Port/SQF Purge Port, 1 Market Maker has 2-5 SQF Ports/SQF Purge Ports, 4 Market Makers have between 6-10 SQF Ports/SQF Purge Ports, and 8 Market Makers have more than 10 SQF Ports/SQF Purge Ports. Finally, on Nasdaq MRX LLC

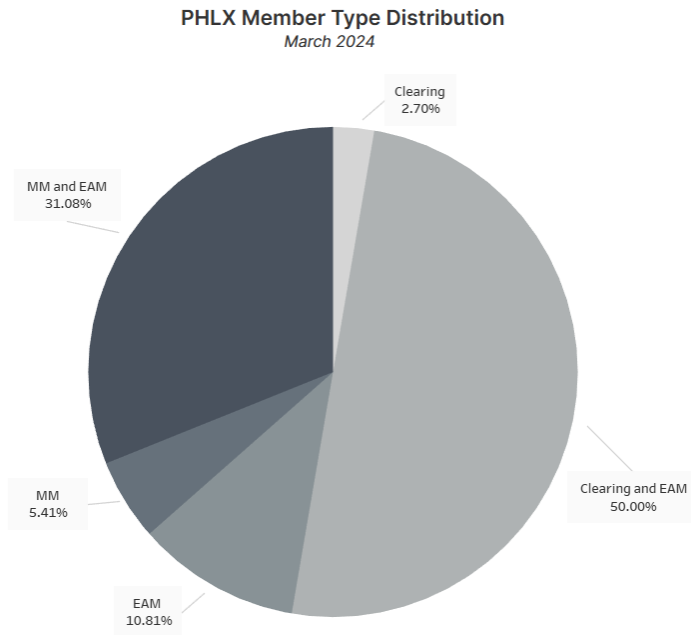

---

<sup>16</sup> See BOX’s Fee Schedule.

<sup>17</sup> MEI is a connection to MIAX systems that enables Market Makers to submit simple and complex electronic quotes to MIAX. MIAX caps its MEI Ports. For these Monthly MIAX MEI Fees levels, if the Market Maker’s total monthly executed volume during the relevant month is less than 0.060% of the total monthly executed volume reported by OCC in the market maker account type for MIAX-listed option classes for that month, then the fee will be \$14,500 instead of the fee otherwise applicable to such level. See MIAX’s Fee Schedule.

(“MRX”), 2 Market Makers have 1 SQF Ports/SQF Purge Ports, no Market Makers have 2-5 SQF Ports/SQF Purge Ports, 2 Market Makers have between 6-10 SQF Ports/SQF Purge Ports, and 6 Market Makers have more than 10 SQF Ports/SQF Purge Ports.

The proposed pricing change to increase the maximum SQF Port Fee from \$42,000 to \$50,000 per month is equitable and not unfairly discriminatory because the Exchange would uniformly not assess any Market Makers that exceeded the maximum SQF Port Fee any SQF Port Fees beyond the maximum amount. Market Makers are the only market participants that are assessed an SQF Port Fee because they are the only market participants that are permitted to quote on the Exchange. SQF Ports are only utilized in the Market Maker’s assigned options series. The following chart represents the classification of Phlx members and the percentage of Market Makers.

Unlike other market participants, Market Makers are subject to market making and

quoting obligations.<sup>18</sup> These liquidity providers are critical market participants in that they are the only market participants that provide liquidity to Phlx on a continuous basis. In addition, the Exchange notes that Lead Market Makers are required to submit quotes in the Opening Process to open an options series.<sup>19</sup> Market Makers are subject to a number of fees, unlike other market participants. Market Makers pay separate permit fees,<sup>20</sup> and Streaming Quote Trader Fees,<sup>21</sup> in addition to other fees paid by other market participants. Providing Market Makers a means to cap their cost related to quoting and enabling all Market Makers to acquire SQF Ports at no cost beyond a certain dollar amount enables these market participants to provide the necessary liquidity to Phlx at lower costs. Therefore, because Market Makers fulfill a unique role on the Exchange, are the only market participant required to submit quotes as part of their obligations to operate on the Exchange, and, in light of that role, they are eligible for certain incentives. The proposed SQF Port fee cap is designed to continue to incent Market Makers to quote on Phlx, thereby promoting liquidity, quote competition, and trading opportunities.

In 2022, NYSE Arca, Inc. (“NYSE Arca”) proposed to restructure fees relating to OTPs for Market Makers.<sup>22</sup> In that rule change,<sup>23</sup> NYSE Arca argued that,

Market Makers serve a unique and important function on the Exchange (and other options exchanges) given the quote-driven nature of options markets. Because options exchanges rely on actively quoting Market

---

<sup>18</sup> See Options 2, Sections 4 and 5.

<sup>19</sup> See Options 3, Section 8.

<sup>20</sup> See Options 7, Section 8, A.

<sup>21</sup> See Options 7, Section 8, B.

<sup>22</sup> See Securities Exchange Act Release No. 95412 (June 23, 2022), 87 FR 38786 (June 29, 2022) (SR-NYSEArca-2022-36). NYSE Arca proposed to increase both the monthly fee per Market Maker OTP and the number of issues covered by each additional OTP because, among other reasons, the number of issues traded on the Exchange has increased significantly in recent years.

<sup>23</sup> Id at 38788.

Makers to facilitate a robust marketplace that attracts order flow, options exchanges must attract and retain Market Makers, including by setting competitive Market Maker permit fees. Stated otherwise, changes to Market Maker permit fees can have a direct effect on the ability of an exchange to compete for order flow. The Exchange also believes that the number of options exchanges on which Market Makers can effect option transactions also ensures competition in the marketplace and constrains the ability of exchanges to charge supracompetitive fees for access to its market by Market Makers.

Further, NYSE ARCA noted that,<sup>24</sup>

The Exchange further believes that its ability to set Market Maker permit fees is constrained by competitive forces based on the fact that Market Makers can, and have, chosen to terminate their status as a Market Maker if they deem Market Maker permit fees to be unreasonable or excessive. Specifically, the Exchange notes that a BOX participant modified its access to BOX in connection with the implementation of a proposed change to BOX's Market Maker permit fees. The Exchange has also observed that another options exchange group experienced decreases in market share following its proposed modifications of its access fees (including Market Maker trading permit fees), suggesting that market participants (including Market Makers) are sensitive to changes in exchanges' access fees and may respond by shifting their order flow elsewhere if they deem the fees to be unreasonable or excessive.

There is no requirement, regulatory or otherwise, that any Market Maker connect to and access any (or all of) the available options exchanges. The Exchange also is not aware of any reason why a Market Maker could not cease being a permit holder in response to unreasonable price increases. The Exchange does not assess any termination fee for a Market Maker to drop its OTP, nor is the Exchange aware of any other costs that would be incurred by a Market Maker to do so.

The Exchange likewise believes that its ability to cap SQF Ports fees is constrained by competitive forces and that its proposed modifications to the SQF Port Fee cap is reasonably designed in consideration of the competitive environment in which the Exchange operates, by balancing the value of the enhanced benefits available to Market Makers due to the current level of activity on the Exchange with a fee structure that will

---

<sup>24</sup> Id. at 38790.

continue to incent Market Makers to support increased liquidity, quote competition, and trading opportunities on the Exchange, for the benefit of all market participants.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

Intermarket Competition

The proposal does not impose an undue burden on intermarket competition. The Exchange believes its proposal remains competitive with other options markets who also offer order entry protocols. The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. The chart below shows the February 2024 market share for multiply listed options by exchange. Of the 17 operating options exchanges, none currently has more than a 17.6% market share. Customers widely distribute their transactions across exchanges according to their business needs and the ability of each exchange to meet those needs through technology, liquidity and functionality.

Options Market Share by Exchange: February 2024

Options Exchanges- Parent Company

Source: OCC, Nadsaq Economic Research

Market share is the percentage of volume on a particular exchange relative to the total volume across all exchanges, and indicates the amount of order flow directed to that exchange. High levels of market share enhance the value of trading and ports.

In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges. Because competitors are free to modify their own fees in response, and because market participants may readily adjust their order routing practices, the Exchange believes that the degree to which fee changes in this market may impose any burden on competition is extremely limited.

Other exchanges amended certain costs attributed to Market Makers.<sup>25</sup> In 2022, MRX proposed a monthly cap for SQF Ports and SQF Purge Ports of 17,500.<sup>26</sup> MRX

<sup>25</sup> See Securities Exchange Act Release No. 95412 (June 23, 2022), 87 FR 38786 (June 29, 2022) (SR-NYSEArca-2022-36).

<sup>26</sup> See Securities Exchange Act No. 96824 (February 7, 2023), 88 FR 8975 (February 10, 2023) (SR-MRX-2023-05) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend MRX Options 7, Section 6).

noted in its rule change that, “Only one SQF quote protocol is required for an MRX Market Maker to submit quotes into MRX and to meet its regulatory requirements.”<sup>27</sup>

If the Commission were to apply a different standard of review this proposal than it applied to other exchange fee filings, where Market Maker fees were increased and port fee caps were established, it would create a burden on competition such that it would impair Phlx’s ability to compete among other options markets. Additionally, BOX assesses \$1,000 per month for all SAIL Ports for Market Making and \$500 per month per port up to 5 ports for order entry and \$150 per month for each additional port.<sup>28</sup> MIAX’s MEI Fee levels are based on a tiered fee structure based on the Market Maker’s total monthly executed volume during the relevant month.<sup>29</sup>

If the Commission were to apply a different standard of review this proposal than it applied to other exchange fee filings, where Market Maker fees were increased and port fee caps were established, it would create a burden on competition such that it would impair Phlx’s ability to compete among other options markets.

#### Intramarket Competition

The Exchange’s proposed pricing change to increase the maximum SQF Port Fee from \$42,000 to \$50,000 per month does not impose an undue burden on competition because the Exchange would uniformly not assess any Market Makers that exceeded the

<sup>28</sup> See BOX’s Fee Schedule.

<sup>29</sup> MEI is a connection to MIAX systems that enables Market Makers to submit simple and complex electronic quotes to MIAX. MIAX caps its MEI Ports. For these Monthly MIAX MEI Fees levels, if the Market Maker’s total monthly executed volume during the relevant month is less than 0.060% of the total monthly executed volume reported by OCC in the market maker account type for MIAX-listed option classes for that month, then the fee will be \$14,500 instead of the fee otherwise applicable to such level. See MIAX’s Fee Schedule.

maximum SQF Port Fee any SQF Port Fees beyond the maximum amount. Market Makers are the only market participants that are assessed an SQF Port Fee because they are the only market participants that are permitted to quote on the Exchange. Unlike other market participants, Market Makers are subject to market making and quoting obligations.<sup>30</sup> These liquidity providers are critical market participants in that they are the only market participants that provide liquidity to Phlx on a continuous basis. In addition, the Exchange notes that Lead Market Makers are required to submit quotes in the Opening Process to open an options series.<sup>31</sup> Market Makers are subject to a number of fees, unlike other market participants. Market Makers pay separate permit fees,<sup>32</sup> and Streaming Quote Trader Fees,<sup>33</sup> in addition to other fees paid by other market participants. Providing Market Makers a means to cap their cost related to quoting and enabling all Market Makers to acquire SQF Ports at no cost beyond a certain dollar amount enables these market participants to provide the necessary liquidity to Phlx at lower costs. Therefore, because Market Makers fulfill a unique role on the Exchange, are the only market participant required to submit quotes as part of their obligations to operate on the Exchange, and, in light of that role, they are eligible for certain incentives. The proposed SQF Fee cap is designed to continue to incent Market Makers to quote on Phlx, thereby promoting liquidity, quote competition, and trading opportunities.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

---

<sup>30</sup> See Options 2, Sections 4 and 5.

<sup>31</sup> See Options 3, Section 8.

<sup>32</sup> See Options 7, Section 8, A.

<sup>33</sup> See Options 7, Section 8, B.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.<sup>34</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments:

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include file number SR-Phlx-2024-10 on the subject line.

Paper Comments:

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

---

<sup>34</sup> 15 U.S.C. 78s(b)(3)(A)(ii).

All submissions should refer to file number SR-Phlx-2024-10. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-Phlx-2024-10 and should be submitted on or before [INSERT DATE 21 DAYS AFTER DATE OF PUBLICATION IN THE *FEDERAL REGISTER*].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>35</sup>

**B. Port Fees**

A port is a logical connection or session that enables a market participant to send inbound messages and/or receive outbound messages from the Exchange using various communication protocols. Port Fees are prorated for the first month of service under this section. Upon cancellation, market participants are required to pay for service for the remainder of the month, regardless of whether it is the first month of service.

(i) The following order and quote protocols are available on Phlx:

\* \* \* \* \*

**(2) SQF Port Fee** for ports that receive inbound quotes at any time within that month (“active port”) \$1,250 per port, per month up to a maximum of \$[42]50,000 per month

Member organizations will not be assessed an active SQF Port Fee for additional ports acquired for ten business days for the purpose of transitioning technology. An active port shall mean that the port was utilized to submit a quote to the System during a given month. The member organization is required to provide the Exchange with written notification of the transition and all additional ports, provided at no cost, will be removed at the end of the ten business days.
